

### PAINE EXTOLLED BY COL. KELLY IN ROTARY ADDRESS

An interesting talk on the life of Thomas Paine and his contributions to American independence was given at today's luncheon meeting of the Medford Rotary club at the Hotel Medford by Col. E. F. Kelly, Mr. Kelly's talk, which was a feature of the club's Independence Day program, covered the interesting life of a man who was a philosopher, journalist, astronomer and inventor, and who is credited in a substantial degree with the success of the American revolution.

"The Architect of the Nation," and the "Builder of This Nation" were some of the terms used by Colonel Kelly in describing Paine as an introduction to his address. He was an advocate of the abolition of slavery, and had his advice been heeded the Civil war would have been averted, Kelly said. Paine also championed women's rights, discovered the cause of yellow fever, invented the first iron bridge, first suggested steam for ships and invented a gun powder explosion engine.

Among the outstanding journalistic works of Thomas Paine were "Common Sense," which presented an argument in favor of the colony's separation from England, for independence and the establishment of a constitution.

During the Revolutionary war Paine served as a private soldier and spy, and his forceful pamphlets published during the latter part of the war known as "The Crisis," were compelling factors in bolstering the morale of the colonial troops and preparing the colonists for adoption of the constitution.

The interesting experiences of Thomas Paine following the war, when he served as a deputy in the French parliament, the writing of his famous "Rights of Man" and his subsequent book, "The Age of Reason," written in a French prison within the shadow of the guillotine, were discussed by the speaker. "In the latter book Paine turned the clock of time 150 years ahead," Col. Kelly said.

In concluding his interesting talk Col. Kelly told the Rotarians and guests of the declining years of Paine in this country under bitter criticism of his fellow patriots.

The conclusion of the interesting program, arranged under the direction of Lee Bishop, new program chairman for the club, covered side-lights on the signers of the Declaration of Independence, presented by Ed Shockley. Today's meeting was the first under the leadership of the Medford club's new president, W. A. Gates, and in appreciation of the administration of the past president, C. Glenn Smith, a gift was presented by the club with Harold Reichstein as spokesman.

### HIGH COURT RULES ON PRINTING BILL

SALEM, Ore., July 2.—(AP)—For the third and probably last time the Oregon supreme court today passed upon the unpaid printing bill resulting from the political campaign in the primaries of 1930 in support of A. W. Norblad for the Republican nomination for governor.

The court affirmed the judgment of \$2700 to the printing industry of Portland, but modified the decree relative to interest. The only interest to be charged against the Norblad for governor committee would be from the date of the judgment rather than from the date of the complaint, a reduction of interest on about three years.

In another opinion the court affirmed the Multnomah county circuit court in awarding damages for personal injuries sustained by Mabel Moulton in an alleged case of malpractice. The defendants were E. R. Huckleberry and Paul E. Shinniger. The opinion was written by Justice Henry J. Bean.

### BERRY IS CANDIDATE AS TOWNSEND LEADER

In an announcement of the forthcoming election of officers of the Medford Townsend club, which are scheduled to take place July 12, appearing yesterday in The Mail Tribune, a name of one of the candidates for president appeared as Mrs. W. T. Berry instead of Mr. Berry. He is opposed by L. H. Shurtliff for the office.

Florists have found too much moisture will cause lilies to wither and die.

### TENGWALD TELLS KIWANIS CLUB OF GUARDSMEN'S TRIP

Members of Medford Kiwanis club were presented a varied program yesterday at the regular weekly luncheon meeting, hearing two speakers and a musical presentation.

Capt. Carl Y. Tengwald reviewed the national guard's trip to Port Lewis, Wis., where the annual encampment recently came to a close, telling of the various interesting phases of work accomplished in a resume of the two weeks' stay.

The other speaker was Herman W. Sander of San Gabriel, Cal., who spoke on Kiwanis in California.

The musical program included two numbers played on the violin by Miss Dorothy Gore, "Sierra Morena" and "The Swan." Among the guests were Horace Livingston and James K. Hoey, both of Medford, and H. W. Lambert of San Gabriel, who brought out a point in a short talk of interest to the club members and one which may be carried out by the club, according to announcement today.

Mr. Lambert urged support of the club in having warnings posted along the highway regarding salmoung of dogs, for the benefit of visiting tourists. He said that on a recent visit his valuable dog was poisoned because he had not been informed of the danger of salmoung, of which he pointed out many tourists are undoubtedly unaware.

### CENTRAL POINT YOUTH IS NAVY HONOR MAN

Word was received today at the local naval recruiting station that Arthur W. Limbeck, of Central Point, who was enlisted last May 17 at Portland, was selected weekly honor man from his company last week for excellent ability, aptitude and influence on his shipmates.

Limbeck is attached to Co. 35-P at the U. S. naval training station at San Diego for three months' preliminary training before being assigned to a ship.

### ENDURERS SLEEP AFTER 27 DAYS SPENT IN CLOUDS

MEDFORD, Miss., July 2.—(AP)—Back to earth after more than 27 days aloft, Fred and Al Key today slept off the effects of a record endurance flight which they said succinctly wasn't "any fun."

The brothers, who brought their plane, the Old Miss, to a safe landing at 7:06 p. m. (eastern standard time) yesterday, broke all existing marks for sustained flying. Their record is 27 days, 5 hours and 34 minutes.

Thousands of spectators cheered as the brothers circled the field and made a perfect landing despite a flat tire. The fliers were almost mobbed by the crowd before police and National Guardsmen led them through the mass.

"It's been a hard old fight," said "It's been a hard old fight," said Fred Key, "but it's been O.K. I guess."

"We're mighty happy, of course, we broke the record," Al Key declared. "We're awfully tired and I'm telling you it wasn't any fun, but we're both happy now."

They said their sense of equilibrium was not greatly affected but their sense of feeling was.

"You get to where you feel numb after that constant whirling around in the air," Al said. The brothers hurried to bed in a hotel here.

They said they intended to sleep for "two or three days."

The official endurance record of 352 hours, 41 minutes and 30 seconds, set in 1930 at Chicago by John and Kenneth Hunter, was broken by the Keys last Thursday at 3:18 1/2 p. m.

Fighting storms and mechanical trouble, the Keys remained aloft and one minute past noon yesterday smashed the unofficial record of 647 hours, 26 minutes and 30 seconds established in 1930 by Dale Jackson and Forest O'Brien at St. Louis.

Al Key said the decision to land was reached after the brace wires on the stabilizer were stretched, "allowing it to flutter quite a bit, bringing great danger of its breaking off."

"This would cause an uncontrollable spin," he said.

E. E. Kelly of Medford has been asked by Governor Martin to represent him at the "Capitol ball" to be given by Glen Morrison, post of the American Legion at Cave City, July 13. Proceeds of the affair are to go into a fund which will be used in construction of a new state house for Oregon. Mr. Kelly said today he would comply with the request.

The letter received by Kelly from the governor says: "Dear Judge Kelly: I am asking you to serve as my official representative at the Capitol ball to be given by the Glen Morrison post No. 70, department of Oregon, at Cave City, on Saturday, July 13, the proceeds to be given to the new capitol building fund."

"I sincerely trust that it will be possible for you to accept this engagement as I know you will be a splendid representative for me."

"With kindest personal regards, I am cordially and sincerely yours, CHARLES H. MARTIN, Governor."

BOYS CONFESS TAKING RABBITS FOR BANQUET

The mystery of the 14 missing rabbits, stolen some time Saturday night or Sunday was solved today by city police when three small boys, the oldest one 11 years of age, were nabbed and confessed to the crime. The trio admitted having taken the rabbits, summoning their friends and retiring to a house in the southwest part of town, where a princely repast of rabbit was enjoyed by all.

Although only three were involved in the actual theft, many more were in on the "party," police said. While disposition will be made on the cases had not yet been decided this afternoon.

The first dwelling house in Birmingham, Ala., was built in 1835 and is still standing.

# July CLEARANCE SALE

Every Year Dozens of Smartly Dressed Women Wait for Mann's Annual July Apparel Sale. Here it is again! The Sale that Brings You this Season's Newest Ready-to-Wear on Sale for

## HALF PRICE
