

### POSTAL RETURNS INCREASE \$4490 IN LAST PERIOD

Figure released Saturday by Postmaster Frank DeSouza revealed that postal receipts at the Medford post office during the quarter year which ended June 30 showed an increase of \$4490 or approximately 25 per cent over the same three-month period a year ago. Business during the June quarter, Postmaster DeSouza announced, was the greatest in the past four years.

### BAKER FIRST AID CAR VISITS CITY FOR TEST MONDAY

The George L. Baker first aid car, which is making a tour of the state in the promotion of proper first aid through better public equipment, arrived in Medford yesterday piloted by Capt. Fred W. Roberts of the Portland fire department, who announced that a demonstration will be held at 2:00 p. m. Monday beside the Chamber of Commerce building.

Latest types of first aid equipment will be demonstrated, including the E. and J. Inhalator and Resuscitator for use in births, heart attacks, pneumonia, infantile paralysis and many other emergencies, besides a surgeon's kit for the convenience of the medical profession.

The tour is being made at the instigation of Governor Martin, whose wish, according to Capt. Roberts, is to make Oregon the leading state in first aid efficiency. The George L. Baker car, which answers approximately 350 runs a year at Portland, working directly with the medical profession, is touring the state at Governor Martin's request.

Capt. Roberts stated that most cities he has visited have adopted the equipment for 24-hour service to the public rendered free by the fire departments. At a meeting Saturday morning with representatives of the fire department, the American Legion and other service groups, Capt. Roberts outlined preliminary plans whereby it is hoped the service will be sponsored here.

The committee appointed by the governor, besides Capt. Roberts, comprises Jack Luhn of Portland, chairman; Dr. Raymond R. Straub, Portland; Secretary of State Earl Snell, Salem; John Hampshire, Grants Pass; and Senator Henry Hess of La-Grande, who represents eastern Oregon.

Attends Dental Convention—Dr. R. C. VanValzah left Saturday night by train for Long Beach, Cal., to attend the Pacific States dental convention, which convenes in that city Monday for four days.

Phone 542, We'll haul away your refuse. City Sanitary Service.

### TRANSIENT THIEF GETS JAIL TERM

Fred J. Dumont, 47, a transient arrested by city police Friday on a charge of stealing groceries from the Groceries No. 1, was yesterday given a 30 day jail sentence by Justice of the Peace Wm. B. Coleman when he pleaded guilty to the charge. He started to serve the sentence yesterday.

Luther Crosby of Chiloquin was fined \$5 and costs of \$4.50 on a charge of operating a motor vehicle without an operator's permit.

### 2326 VISITORS AT LAKE FOURTH

It was announced Saturday at the office of Crater Lake National park that visitors at the lake on the Fourth of July numbered 2326, one of the largest single day crowds in recent years.

Snowdrifts that furnished skiing near Watchman peak and made the scenery unique for so late in the season, and bright, warm weather attracted the vacationists, many of whom enjoyed boating and fishing on the lake.

### PICKET BLOCKADE BAY AREA GROWS

SAN FRANCISCO, July 6.—(AP)—Maritime union pickets extended their blockade to include six ships on the San Francisco waterfront today as a new dispute arose but later withdrew from all but two.

Later the pickets were withdrawn from all but the Point Clear, loaded with cargo diverted from British Columbia by a strike of dock workers there, and the McCormick line's steamer Charles L. Wheeler. The new dispute developed when union spokesmen charged the McCormick company had removed Captain Oscar Balo from command of the Charles L. Wheeler because he had marched in the "Bloody Thursday" parade here yesterday. McCormick officials denied this and said Captain Balo's removal was to make way for another captain who held a higher seniority rating.

### SUICIDE BITTER IN FINAL WORD

SEATTLE, Wash., July 6.—(AP)—Deputy coroner investigating the death of Mrs. Madge Pool, 45, asphyxiated in a hotel room today, said they found a note requesting that her husband be informed she "starved to death."

Deputy Coroner August Chilton said another note was addressed to C. C. Pool, San Ysidro, Cal., in which she indicated she intended to suicide by drowning. The notes, Chilton said, did not specifically identify her husband.

A gas jet had been turned on in her room, Chilton said.

### ALL SERA HANDS IN STATE UNDER W.P.A. PLAN SOON

PORTLAND, July 6.—(AP)—E. J. Griffith, chief of the Oregon works progress administration, has announced the selection of state assistants and at the same time confirmed reports that the new WPA set-up would materially lessen the burden of the Oregon relief administration.

All works projects now being supervised by the SERA, headed by Elmer Goudy, with an estimated 18,000 persons, will be taken over as the first step in the function of the new WPA office, Griffith said. He also revealed that employables on the state's relief rolls would be transferred to the state headquarters of the national re-employment service from which men and women will be chosen for works progress jobs. Unemployables will remain the state's problems, the administrator said.

The Portland branch, Griffith declared, is to begin work on relief problems late this month. Other state groups are not due to get underway until August.

WASHINGTON, July 6.—(AP)—Harry L. Hopkins' slashing of hours on relief jobs was described officially today as an attempt to carry on a higher proportion of more substantial projects.

On work relief projects under Hopkins, the maximum hours were cut from 180 a month to 140. The new plan has been announced as ranging from 80 to 94 a month depending on locality and kind of work, will remain the same.

Officials said that with the hours each man will work reduced, the materials involved will go that much further in the job-supplying campaign. The officials acknowledged that the new change will slow up the program.

### HUSBAND SOUGHT AS WIFE SLAYER; ESCORT ESCAPES

SANTA ROSA, Calif., July 6.—(AP)—The killing of a 50-year-old woman, reportedly by her estranged husband, and the linking to the case of two other men had police on the jump here today while a posse searched for William Long, her alleged slayer.

The woman, Mrs. Mattie Yeager, was killed late last night while sitting in her car with C. T. Barker, a companion, in front of his house. Barker told Sheriff Harry L. Patterson Long committed the crime.

Patterson said Barker told him he and Mrs. Yeager had been visiting friends and that she drove him home. As they stopped in front of the house, Barker related to the sheriff, Long stepped from the shadows flashing a gun.

"First I was ordered out of the car," Barker went on, "and then Long told me to get back in. Suddenly Long opened fire, the first bullet hitting Mrs. Yeager instantly. I leaped out of the car and, by running through some nearby orchards, escaped from Long."

A gas jet had been turned on in her room, Chilton said.

### NABBED IN CHILD SLAYING

Detroit, Mich., police hurried to New York to take custody of Mr. and Mrs. Merton Ward Goodrich. They were wanted for the slaying of 11-year-old Lillian Gallaher in Detroit last fall. Top: Goodrich (right), in custody of a detective and at the right bottom Mrs. Goodrich smiles on her way to a cell. (Associated Press Photos)

### DOCTOR HONORED BY 1800 BABIES

BETHEL, O., July 6.—(AP)—Many of the 1,800 babies he brought into the world during 75 years of practice, thronged Main street today to celebrate Dr. William Eberle Thompson's 100th birthday.

It was his day, and the town made the most of it. For one day, at least, the still-active centenarian attended no patients. Instead he received honoree paid him by his fellow townsmen. The town weekly printed a special issue.

### CHINESE BANDITS MENACE PEIPING

PEIPING, China, July 6.—(AP)—Chinese reports that a concentration of bandits was roaming the countryside along the southern side of the great wall northeast of here caused some apprehension in Peiping today.

Authorities, however, discounted the reports saying patrols within the affected area had scattered the marauders and that conditions within the demilitarized zone about Peiping were peaceful.

### HOLMAN PLAN TO REBUILD CAPITOL SUBJECT TO VOTE

SALEM, Ore., July 6.—(AP)—Any plan for financing the state's share of the expense of constructing a new state capitol must be beyond legal question or else submitted to the people for ratification. Governor Martin said late today in commenting upon reports that State Treasurer Holman would present to the board of control a financing plan based upon an annual rental schedule utilizing available state funds.

"I will welcome any legal plan of financing the state's share of the cost of a new capitol building without necessitating the expense of a special election, but any such proposal must be legal beyond question," said Governor Martin.

"If there is any question of the constitutionality of creating such an obligation without a vote of the people I will refuse to do as much as to give it consideration. If it is necessary to incur an indebtedness of more than \$50,000, the constitutional limitation, in order to complete the building, I will insist that the question be submitted to a vote of the people as provided in the constitution."

### LOCALS

Here on Business—Patsy A. Richardson, an employee of Crater Lake national park, was in Medford Saturday attending to business.

Wells Expects Visitor—John Wells expected to receive as a house guest this week end Charles Hickox of Cleveland, Ohio, and a friend, who are motoring through Medford en route to San Francisco.

Attends Elks' convention—E. W. Winkle, exalted ruler of Medford Elks' lodge, left Friday night by train en route to Columbus, Ohio, where he will attend the Elks' grand lodge convention. Winkle planned to make the trip via Los Angeles, where he will visit a sister several days before continuing to Kansas, where he will also visit relatives. After attending the convention he will visit a lens manufacturing plant at Rochester, N. Y.

On Motor Trip South—Misses Geraldine Latham and Audrey Lofland and Messrs. Gerald Latham and Carol Wall planned to leave early this morning by motor for San Francisco, where Misses Latham and Lofland will be guests for a time of Miss Latham's uncle, A. G. Smith, former superintendent of schools in Medford, before continuing south to the San Diego fair. Messrs. Wall and Latham will remain in San Francisco a week, motoring back via the Redwood highway.

### LAY WIRE TRICK TO POWER LOBBY

WASHINGTON, July 6.—(AP)—Charge of wire tapping cracked more lightning today over the impending utility bill lobby investigation.

The charge that utility holding company lobbyists "tapped" telephone wires of members of congress came from Representative Rankin (D., Miss.) proponent of both the administration's "death sentence" for "unnecessary" holding companies and

the measure to broaden the power of the Tennessee Valley Authority. Floor fights in both the senate and house on the two measures will break next week. A group of pro-TVA representatives today went into a huddle to map vote strategy for the TVA bill.

Luncheon Planned—Mrs. C. C. Fabner will entertain the Phoenix Health Unit Tuesday, July 9, at a covered dish luncheon. Members will file a comfort and make other articles from which the ladies hope to replenish the fund that guarantees hot school lunches during the winter months.

Sten DeBarry of Drummond, Okla., 56-pound midsize son of the late "bearded lady," Madame Sidonia, recently celebrated his 50th birthday.
