FORESTS IN COOS, DOUGLAS CLOSED

SALEM, July 6.—(AP)—The governor, by proclamation, Monday will close 350,000 acres of forest land in western Douglas and eastern Coos counties and 50,000 acres in southern Coos, Lynn, and Crockett counties, announced today.

Permits will be required for entry in the closed portions. The general rain this week lessened the fire hazard somewhat, he said, but danger still existed.

CANADA SURPLUS NETS WHEAT DROP

CHICAGO, July 6.—(AP)—Wheat, rye, and oats all tumbled today to a fresh bottom price level for the season.

Indications of decided enlargement of arrivals of newly harvested domestic winter wheat southwest next week together with persistent uncertainty regarding what disposition will be made of Canada's big wheat surplus, were chiefly responsible. At today's low point, wheat showed a setback of more than 20 cents a bushel as compared with Monday's high.

Wheat-closed nervous, 2 1/2-2 3/4, under yesterday's finish. Sept. 79 1/2-4, corn 1 1/2-1 3/4, off, and provisions unchanged to 15 cents higher.

SILVERTON NAMED FOR NEXT STATE MEET OF EAGLES

GRANTS PASS, July 6.—(AP)—Silverton was chosen 1935-1936 state convention city for the Fraternal Order of Eagles as business sessions here reached their final day.

Action of the legislature in taking three quarters of a million dollars from the state industrial accident commission fund to construct a state office building at Salem was soundly condemned and return of the funds for direct allocation to labor demanded in one of the resolutions adopted late Friday.

"I was also resolved to demand 'that a more just and equitable amount of money be paid to the injured men of the state of Oregon, and that this amount be increased in proportion to the increased cost of living since 1913,' when the compensation law was adopted.

Other resolutions: (1) opposed "the so-called system of company doctors or contract doctors," and urged "that compulsory state compensation be adopted." (2) Urged support of the junior college school district bill passed by the 1935 legislature and vetoed by the governor. (3) Committed air by local Aeries for enabling crippled children to go to the Shrine hospital in Portland.

BOY SCOUTS ENJOY THREE-DAY HIKES TO NEARBY PEAKS

The Boy Scouts of Camp McLoughlin started on their three-day hike Monday morning amid a hurried hunt for camping equipment. There were three hikes available for the scouts. The first and most difficult was the Lake Harriet trip. Next was the Mount McLoughlin hike and the third to Four Mile Lake. Only second year campers are permitted to go on the Lake Harriet hike. On these various hikes, the scouts carry their bedding, personal equipment and a portion of the food. This was the first over-night hike taken by several of the scouts.

Sea Scout Bob Haines led the Harriet Lake hike group, composed of Scouts Bob Nixon, Bob Walker, Jack Hamilton, Donald Younger, and Alfred Dodson. After a hard day's hike, the scouts reached Harriet Lake and were greeted by a large bunch of mosquitoes. Tuesday was spent in hiking to the surrounding peaks. They returned Wednesday, tired and very glad to be back in camp.

The Mount McLoughlin party was composed of Scouts Bob Deaver, Herbert Pruitt, Alvin Wimer, Don Wimer, Mickey Miller, George Coddin, Richard Nelson, Jerry Vactor, Douglas Pickett, Stanley Jones, Verne Strayer, Kenneth Lewman, Willis Pratt, Dean Ford, Walter Krewe, with A. O. Soderberg, R. W. McConnell and Irwin Doty as leaders. Monday the group hiked to Preye lake, where they made permanent camp. Early Tuesday morning the party started for the summit of the mountain, which was reached at one o'clock. The view was a general one, each hiking party having a representative giving a general talk on their particular hike. It was generally agreed that the hikes were a success.

Wednesday evening was spent with a general campfire, each hiking party having a representative giving a general talk on their particular hike. It was generally agreed that the hikes were a success.

Wall St. Report

NEW YORK, July 6.—(AP)—Stocks slid along on a fairly even keel today for slight gains in somewhat faster trading in the New York stock exchange.

Motor shares gave little heed to the sharp decline in production for the week. Cram's estimated output at 50,380 units against 48,537 in the preceding week and 30,481 a year ago. The decline was explained by curtailed operations owing to the holiday, and the shut-down of seven plants for inventory.

In forms of the Associated Press average of 60 stocks, the market edged ahead .1 of a point to 45.0. The hourly pace of trading was somewhat brisker than Friday. Volume totalled 315,870 shares for the two hour session.

THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

On April 6, 1830 the Church of Jesus Christ of Latter-Day Saints commonly known to the world as "Mormons," was organized at the home of Peter Whitmer in Fayette, Seneca county, New York under the presidency of Joseph Smith the Prophet. The doctrine of Joseph Smith the Prophet would be driven to the Rocky mountains, and would there build up a fine civilization. The prophecy has been fulfilled. From that time until the present the church headquarters have been located in Salt Lake City, Utah.

The doctrines of "Mormonism" are based on the four standard works of the church namely, The Holy Bible, The Book of Mormon, The Doctrine and Covenants, and the Pearl of Great Price. The Holy Bible taken as a whole teaches the Fatherhood of God and the divine plan of salvation for the human race. The Book of Mormon is a translation of the same as the books of the Bible, and embodies the revelations of God to Joseph Smith and to other prophets of God in this dispensation. The Pearl of Great Price embodies the visions of Moses as revealed to Joseph Smith the Prophet. It also comprises the Book of Abraham which is a translation of some ancient records from the cactombs of Egypt, to which are added the writings of Joseph Smith

concerning his first vision and revelation.

Thru the endeavors of local members a small Sunday school was organized in 1925 in Medford under the direction of the North Western States Mission. It has continued to grow until at the present time there exists a regularly organized branch including two auxiliaries, a Relief society and a Sunday school.

The aims of the Relief society, as outlined originally, were to manifest benevolence, irrespective of creed or nationality; to care for the poor, the sick and unfortunate; to minister where death reigns; to assist in correcting the morals and strengthening the virtues of community life; to foster love for religious education, culture and refinement. The organization

of the Relief society is both national and international in its scope.

Today it is a member organization of the National Conference of Social Work and the National Council of Women. Under the direction of Mrs. Frank Metcalf a thriving relief society organization functions as a factor of this large organization. Exhibitions of the skill and efficiency of this organization have been evidenced during the past year in social functions and religious obligations.

The Sunday school includes classes that embrace all the church membership and to it has been assigned the special obligation of teaching the gospel to the adults as well as to the children. During the past year it has been under the direction of Jess H. Elgan.

The branch organization has been under the general supervision of Mr. Frank Metcalf as branch president. Medford is also the headquarters for missionary work in southern Oregon as a division of the Northwestern States Mission. This district is presided over by Elder John L. Margets, Sr., Ore. District.

These missionaries at the call of the church, are voluntarily devoting two years or more, at their own expense and without pay, to promulgate eternal truth. Up to date over 60,000 have been sent into the world by this church, constituting the greatest voluntary missionary system in the world.

These representative Medford business and professional people listed below, through their financial cooperation, are making this entire series of articles possible. Their friendship indicates a desire to assist in stimulating greater church activity.
