AAA ILLEGAL IS COURT DECISION

By PAUL MALLON

WASHINGTON, July 16.—The news you see on the brows of congressmen these days are not due entirely to the weather, but to a certain political heat wave.

The basic motive behind the investigation has not been a secret. The new deal congressional board of strategy decided more or less openly that the only way to save its original Wheeler-Rayburn bill, after the house defeat, was to dig up and broadcast the transgressions of the power people.

Anyone who has been watching congressmen closely the last few days could almost see a few of them wilt. The leading new dealers say that a dozen or more house members have already indicated a desire to change their votes, before the Turkish bath torture goes any further.

What is helping the new deal game along is the fact that the power lobby as usual, overplayed its hand in some instances. A typically idiotic incident is one which happened to Chairman Rayburn of the house committee in charge of the legislation.

Another slip-up occurred when workers of a utility plant in a Texas city were ordered to write letters against the bill. The company supplied the stationery and stamped envelopes. Most of the employees sucked bare sheets of paper into the envelopes and sent them to

CONGRESS INVADED FIELD OVER WHICH CONTROL LACKING

Opinion Handed Down in Appeal of Hoosac Mills From \$81,694 Processing and Floor Taxation

BOSTON, Mass., July 16.—(AP) The agricultural adjustment act, under which the administration seeks to control agricultural production, raise prices, and recompense farmers for crop reduction, today in large part was held unconstitutional by the U. S. circuit court of appeals.

The court not only ruled that the power under which nearly a billion dollars in processing taxes had been collected was unconstitutional, but also expressed the opinion that the congress has attempted to invade a field over which it has no control.

The authority of the administration for its entire program for controlling production of such diverse commodities as pork, cotton, tobacco and grain is thrown into question by the decision which will be appealed at once to the United States supreme court.

The circuit court's decision was based upon a test case brought by receivers of the Hoosac mills, which sought recovery of \$81,694.48.

The decision was subscribed to by Judges Scott Wilson and George F. Murray. Judge George H. Bingham, senior justice, dissented.

"It is clear," said the decision, that the main purpose of the act "is to control the production of such diverse commodities as pork, cotton, tobacco and grain is thrown into question by the decision which will be appealed at once to the United States supreme court.

AMITYVILLE, N. Y., July 16.—(AP)—Two untamed creatures of the jungle—a python and a lion—bowed to man today, but not until they had laid low two of their captors.

The python attacked Otto Lloyd yesterday as it was being taken from a cage in which it had been brought from the Malay jungle. It coiled its 20-foot body around Lloyd as fellow handlers fought to free him.

The lion broke through its handlers' grasp and lunged at Stuart Hoo, slashing his arms and shoulders before it was subdued.

WASHINGTON, July 16.—(AP)—In the face of the Cincinnati circuit court decision denying federal power to condemn land for housing projects, Secretary Ickes said today he was considering filing of condemnation suits against the site of a project in Minneapolis.

NEW DEAL SEEKS TO FEND BLOW OF COURT DECISION

Administration Plans Prompt Appeal of Process Tax Finding — House Tables Move for Adjournment

WASHINGTON, July 16.—(AP)—In congress and the offices of its best legal minds, the new deal sought today to ward off a blow aimed at the AAA by the circuit court of appeals at Boston.

The court held the processing taxes which help finance benefit payments to crop-reducing farmers were unconstitutional.

WASHINGTON, July 16.—(AP)—Senate and house conferees said today they had reached a complete agreement on the administration's social security bill, except for a senate amendment to exclude private pension plans, on which there was a deadlock which will call for a vote in the house.

WASHINGTON, July 16.—(AP)—The benevolent and protective order of Elks unanimously elected Judge James T. Hallahan of the New York supreme court grand exalted ruler of the order today. Los Angeles was awarded the 1936 Grand Lodge convention after Miami, Fla., withdrew its bid.

TACOMA, Wash., July 16.—(AP)—Fear that the Orting bank bandit and slayer of Chief Frank H. Chadwick and a patrolman Harry Stovren of Puyallup had slipped through the net of peace officers spread around the Puyallup valley last night and today had gone into hiding in Seattle or Tacoma, was expressed here today, after the entire morning failed to bring forth any additional clue as to his whereabouts.

WASHINGTON, July 16.—(AP)—The national resources board acting at the request of President Roosevelt, has authorized a three-fold investigation into the desirability of setting up a Columbia valley authority for development of the natural resources of the Columbia river basin.

PRIVATE PENSION PLAN DEADLOCKS SOCIAL SECURITY

Senate and House Conferees in Agreement Except for Single Point—Will Seek House Vote on Measure

WASHINGTON, July 16.—(AP)—Senate and house conferees said today they had reached a complete agreement on the administration's social security bill, except for a senate amendment to exclude private pension plans, on which there was a deadlock which will call for a vote in the house.

WASHINGTON, July 16.—(AP)—The house investigation of lobbying for and against the utility holding company bill again held attention. Rep. Maverick (D., Tex.) testified that Rep. Brewster (R., Me.) had assured him he favored the bill's provision to abolish some holding companies by 1942.

Salem Scientists Think Earwig Is Part Of Eclipse

SALEM, July 16.—(AP)—An adventurous earwig staged an eclipse of his own here last night as observers were viewing the moon's eclipse through a telescope at the B. L. Bradley home.

WASHINGTON, July 16.—(AP)—The first eclipse of the moon must have been tremendous news to the Neanderthal men who witnessed it. So must have been the robbing of the Faber general store in Central Point the first time thieves broke in. But subsequent eclipses of the moon have waned in news value, because they are expected and even anticipated. The same might be said to apply to the Faber store.
