

M'NARY DUBIOUS CONGRESS QUILTS BEFORE SEPTEMBER 1

WASHINGTON, July 20.—(AP)—Sluggish from almost seven months of near-record activity, congress was resigned today to a possible stay until Labor day.

Senator McNary, of Oregon, the Republican leader, saw little hope of an adjournment before September 1 unless those who would broaden the administration tax program to take in smaller incomes and taxes outside the Roosevelt plant refrain from long debate.

Democratic leaders, including senators Robinson of Arkansas, and Harrison of Mississippi, were more optimistic. Both believed congress could get away the middle of August if the house hurries along the tax bill.

Looking back over the record today, leaders found more than two dozen "major" bills on the statute books along with nearly 200 more public laws, 140 private and 36 public resolutions.

Contemplating the future, they saw only the AAA amendments, banking, second deficiency, taxes and gold-coin suit ban measures awaiting final action by either house. In senate-house conference committees were the utility holding company bill, Tennessee valley authority amendments, social security and rivers and harbors improvement.

13 PERISH WHEN DUTCH AIRLINER STRIKES FOREST

SAN BERNARDINO, Switzerland, July 20.—(AP)—Vainly seeking an emergency landing because of motor trouble, a Royal Dutch Airline passenger plane crashed into the trees three miles from here today, killing all 13 persons aboard.

Of the 13, nine were passengers. Two were identified as Gerard and Virginia Phillips, whose addresses and nationalities were not immediately learned. The others were Dutch, English, German and Swiss.

Mrs. Phillips was alive as police reached the scene of the crash but died as they freed her from the wreckage.

The ship was enroute from Frankfurt-on-Main to Milan. Apparently experiencing motor trouble, it sent out an SOS call shortly before the crash. It appeared through clouds of fog as the pilot attempted to land in the narrow valley at San Giacomo. There was no suitable field and the plane struck the trees.

MOSLEMS RIOT IN LAHORE STREETS

LAHORE, India, July 21.—(Sunday)—A day and night of rioting in Lahore left nine Moslems and one British trooper dead.

Early today all streets in the area were barricaded with barbed wire and heavy forces of troops and police stood guard.

Despite curfew regulations mobs remained in the streets beyond the bar their attitude was threatening. Most of the deaths occurred when British troops, of the Royal Scots guards, fired into 3000 Moslems charging toward the Shahjahan mosque in an effort to halt its demolition by Sikhs.

VALLEY ARTISTS ELECT OFFICERS; FRAME NEW PLAN

A meeting of the exhibitors in the recent non-jury art exhibit was held in the chamber of commerce last Thursday night for the purpose of formulating a permanent organization. It was announced by chamber of commerce officials yesterday.

A. H. Banwell, manager of the chamber of commerce was elected temporary chairman and it was unanimously decided by a vote of those present to form a permanent organization to be known as the Southern Oregon Art Association.

The election of officers resulted as follows: President, Jacques Matlaque; vice-president, Miss Alice English; secretary-treasurer, Johnnie King.

It was decided to hold an exhibit twice a year and the dates of the next exhibit were determined upon as December 2, 3, 4, 5, and 6. The place of the exhibit will be decided later.

Mr. Matlaque outlined the aims and purposes of the organization and stated that it was the intention of the Southern Oregon Art association to organize free classes for those who desire to study the various arts embraced by the organization.

The following committees were appointed by Mr. Matlaque: Classes: Johnnie King, chairman; Alice English, Minnie B. Heine, Marjorie Fleming and Gertrude Brazeele. Studio location: Max Siemes, chairman; Mrs. A. H. Marshall.

It is believed that the association will fill a long wanted need in this community and with the establishment of a permanent studio, much encouragement can be given to students and adults who wish to obtain instruction in art.

The next meeting of the association will be held on July 29 at which time it is expected that the location of a permanent studio will be announced and committees will then be appointed to take care of the classes and make arrangements for the winter art exhibit.

Anyone interested in joining the association is asked to get in touch with President Jacques Matlaque, or call at the office of the chamber of commerce.

SENATE WRANGLES OVER JOB PLUMS

WASHINGTON, July 20.—(AP)—Senatorial resentment was aroused today over reports the administration would insist on confirmation of four or five state works progress administrators in the face of opposition.

In some instances it was under-

stood the administration may even go to the extent of avoiding such tests by transferring the nominees to other salary rolls or reducing their pay.

Senator Murray (D. Mont.), who is opposing the nomination of Ray

Hart as administrator for his state on the ground that Hart has "done a lot of foolish things" and may be a candidate for governor on the Republican ticket, said any effort to dodge senate confirmation would be a "subterfuge and a wrong that should not be tolerated."

"The men ought to come squarely before the senate," he asserted, "for acceptance or rejection on their merits."
