

AUTOMOTIVE NEWS

TO HAWAII

Mr. H. B. Fairchild, General Sales Manager of the Standard Oil Company of California who sailed on the Lurline last week for Honolulu, to participate in Hawaii's Centennial Anniversary of Commercial Progress and to confer with D. L. Ross, Standard Oil District Sales Manager, of Honolulu.

Film Star and Daughter Enjoy Ford Exposition in San Diego

Nancy Carroll, free-lance motion picture star from Hollywood, points out to her daughter, Patricia, the significance of the various license plates on the 2,000,000th Ford V-8 on display in the Ford Exposition building patio, Balboa Park, San Diego. Miss Carroll was recently co-starred with Jack Benny in "Trans-Atlantic Merry Go Round" made by Reliance Pictures.

Perhaps the most frequently asked question about the 2,000,000th Ford V-8 which arrived at the Ford Exposition, San Diego, from Dearborn, Mich., is: "What is the significance of the 1936 license for Huntsville, Texas?"

Jim Rooney, driver of the famous car, explains the license by telling how it was attached to the car. "The Huntsville, Texas, 1936 license was presented to the 2,000,000th V-8 by Lee Simmons, director of the Texas Prison system, because Texas licenses are made by state prisoners. Mr. Simmons took us out to the home of Sam Houston which is one of the historic buildings in Huntsville and in the grounds of which probably no other automobile has even been.

"We drove around the site and had numerous pictures made of the V-8 and it was explained to us that the building would probably be used as the background for Texas plates next year when the Dallas Exposition will be in progress. Mr. Simmons then presented us with the first 1936 automobile license, which was hurriedly made without any number.

"The other Texas license on the 2,000,000th V-8 was made from two plates because the regular size plate was too small for the figure. "These 2,000,000 licenses were presented by the various states as the car progressed along its route between Dearborn and San Diego. Others are expected to be added as soon as the missing states can make and ship them."

The AUTO WAY.

By Cyril Sander

The Nash Motor company has just announced their 1936 LaFayette. We believe that this is the first '36 car to be announced and it has shown a trend to more streamlines and a good deal more comfort. This car has very attractive lines which are somewhat similar to the new Nash of the same year but the different hood. This is the first LaFayette to ever use an all steel body or hydraulic brakes. The body also has the all steel top which is rapidly becoming the rule. The roominess of the car is very unusual, considering that it is really a small car. For instance the seats are much wider than previously and the head and leg room has been materially increased. All of the sedan models are equipped with a large baggage compartment which is always convenient. These sedans may also be had with an outside trunk which gives additional luggage space and at the same time it contains the spare tire and wheel. There are really three entirely different body models, the coupe, the four door sedan and the two door sedan. However, the coupe comes either with or without a rumble seat and the sedans with or without the exterior trunk which makes more of a variety of models.

These new cars have an 83 horsepower engine and synchronized springing. The synchronized springing along with the mid-section seating and balanced weight contributes to a new and better ride than ever before. Some other features of the car are its 7-bearing crankshaft, rifle-bored connecting rods and aluminum pistons. The local dealer, Walter W. Abbey, has just received one of these cars and it is attracting wide attention along with the new 1936 Nash's.

PRAY CONTINUED HEAD STATE COPS

SALEM, July 20.—(AP)—Governor Martin has requested Charles P. Pray of Oswego, as superintendent of state police in Oregon for four more years. His present term expires on July 31.

Pray was originally appointed to the office early in the Meier administration, and organized the present state police department. He formerly was employed by the federal department of justice and is considered one of the outstanding police operatives in the west.

DEFER PROBE OF 'OREGON' EXPENSE

SALEM, July 20.—(AP)—The hearing before Governor Martin on the budget department criticisms of expenditures of the battleship Oregon commission, was continued until next Thursday. It was announced today. The hearing, requested by the commission, was first scheduled for today.

The budget department, in a recent statement, criticized the alleged extravagance of the commission in purchase of supplies and employment of too large a staff.

The Hawaiian alphabet has only 12 letters.

Goodrich Tires Featured Lewis Station's Sale

Of unusual interest to all motorists in Medford is the announcement just made by J. A. Anstey, manager of the budget department of the Lewis Super Service Station, of the store's blow-out protection sale. "Inaugurating as it does, the realty intense season of automobile use, this sale promises to be one of the biggest business booms we have ever conducted," Mr. Anstey declares. "We are offering our regular quality merchandise at substantial savings, and are in a position to place the motorist's car in first-class condition for summer driving."

Included in this sale are the nationally famous Goodrich Safety Silvertown tires with the Life-Saver Golden Ply; the Goodrich Electro-Pak battery, and other automobile storage accessories.

batteries in our line. A wide variety of automobile accessories are available and of course, the usual Goodrich service to condition cars for efficient, trouble-free service.

In connection with the sale, Mr. Anstey pointed out the valuable service which the Goodrich Silvertown original budget pay plan can offer customers. "Our 'no money down' appeal and 'easy terms' offered during this sale, makes it possible for everyone to prepare his or her car for summer driving and vacation trips, without spending any considerable sum of money at once."

"Any automobile owner can buy from one to five tires, batteries or other equipment and pay out of his income as he uses them. This plan fits every need and purse, and offers a common-sense plan for every motorist to use."

Many former featured players in the days of silent films are now scenarists or producers.

WILL ROGERS MOST SOUGHT SPEAKER, WORTH \$205 HOUR

HOLLYWOOD, July 20.—(AP)—It may be "good publicity" for them in instances, but if film stars charged for the time they give in addressing civic and other organizations their bills would total several hundred thousand dollars a year.

Will Rogers is the most coveted favorite, and one of the most generous in this respect. Figuring four pictures a year at \$25,000 each and about \$100,000 from his syndicated writings, he has an income of about \$600,000 annually.

This would make his time worth a little better than \$205 an hour. So when he accepts an invitation to speak before a convention he is giving it an expensive present.

Another star generous of his time is Francis Lederer, who will address nearly any worthy organization on his pet subjects of world peace and humanity interests generally.

It is estimated he thus gives between \$25,000 and \$30,000 a year.

since he supports an office staff exclusively for this purpose.

Joe E. Brown frequently appears at public functions, his chief interest being in charity and sports.

Eddie Cantor will work himself to a frazzle for charity functions.

UNOCCUPIED RESIDENCE VISITED BY BURGLARS

Someone made a "clean-up" at the vacant furnished house of Mrs. E.

W. Jacqua, 113 Cottage street some time during the week. When Mrs. Jacqua went to the house on a tour of inspection Friday, she found that a General Electric vacuum cleaner had been stolen.

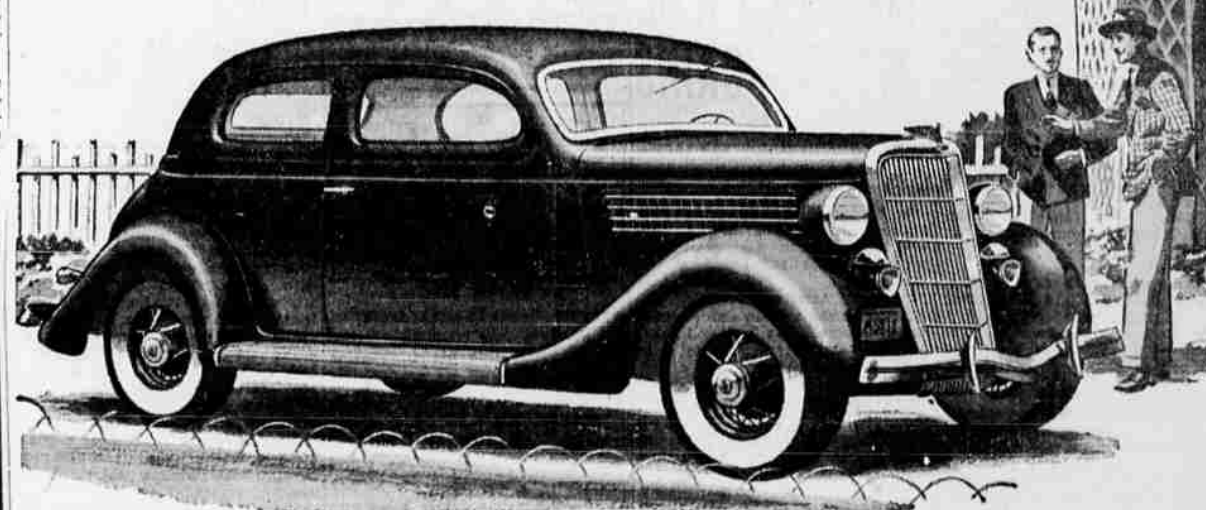

Besides the cleaner, a large glass three-piece casserole baking dish was taken. Whether anything else was missing, Mrs. Jacqua could not immediately tell the police, who were investigating the case yesterday.

Douglas Solon Passes
ROSEBURG, Ore., July 20.—(AP)—Robert L. Gile, Douglas county representative in the state legislature in 1926-27, died at his home here today, aged 60.

Nobility Passes
LONDON, July 20.—(AP)—Lady Sempill, wife of the ninth earl of Sempill, died here today. She was formerly Eileen Marion Lavery, only daughter of Sir John Lavery, famous painter.

SALEM, July 20.—(AP)—The state insurance department, under Commissioner Hugh Earl, operated during the first six months of 1935 at a cost of only 2.52 per cent of its receipts, the commissioner announced late yesterday. Receipts totaled \$690,648 and disbursements \$17,431.

"I DIDN'T REALIZE THE FORD V-8 HAD SO MANY FINE-CAR FEATURES"

"IF I HAD KNOWN A FORD V-8 WAS LIKE THIS, I WOULD HAVE BOUGHT ONE MONTHS AGO"

"It was a big surprise to me—this Ford V-8. I'd seen it on the road and heard some mighty fine things about it. But there was still a little doubt in my mind. I just couldn't believe a low-price car could be as good as that.

"Forget about price," a friend of mine said. "Things move fast in the automobile business and the Ford has stepped way out ahead. Look it over carefully and you'll see that it's different from every other low-price car. It's a new kind of car for Ford and for the whole automobile industry."

"So I decided to do the job right. I went over the Ford from bumper to bumper—studied every feature—took it out on the road and put it through

every test I knew. Took my wife along, too, to get her views. And say—if you think I'm enthusiastic—you ought to talk to her! In every way, the Ford V-8 is far beyond our expectations."

Many other motorists—men and women—have said the same thing about the Ford V-8—"it is far beyond our expectations."

We'd like to have you drive it and see for yourself. Many distinctive features put the Ford V-8 in a class by itself in performance, comfort, safety, beauty and satisfaction.
