

SIN IS COMPARED TO DREAD DISEASE BY WEATHERFORD

Speaking Sunday night from the Church of the Nazarene pulpit, Fred M. Weatherford, pastor-evangelist, used as his topic, "The Disease Most Dreaded by Humanity." He drew his text from Mark 1:40-45. His message in brief follows:

"The message I bring to you tonight is from the experience of the leper who came to Jesus for cleansing. I suppose leprosy is one of the most feared diseases among all human afflictions. It breaks out in a red spot, with a white scale, being an outward manifestation of an inward state. In its nature it is a type of sin, for sin is an outward manifestation of an inward state."

"The disease is very subtle; it is hereditary in its nature. It also spreads contamination by personal contact. That is also true of the sinner's influence. The influence of a bad man may yield the fruits of wickedness over a whole community."

"Leprosy is abominable and loathsome. During the time of Christ there was a law that required the leper to cry 'unclean' on being approached by a person. In consequence, leprosy gets worse in time, starting as a mere red spot, it eats its way in until the victim is finally overcome by death. It has baffled the skill of medical science for millenniums. Such patients have always eventuated in death. This is also true of the sinner. His pay check at the end of life's row is death—'The wages of sin is death, but the gift of God is eternal life.'"

"When we come in weakness, crying for His compassion, Christ instantly moves towards us."

"The unnamed leper is an illustration of what may be done by acting upon one's convictions and impulses in believing and trusting God without reservation. 'Christ is the only remedy known for sin. Thankfulness for such deliverance cannot always be controlled. That was true of the leper; it is also true of one delivered from sin.'"

GIRL SCOUTS GIVEN LIST OF EQUIPMENT FOR SUMMER CAMP

The correct answer for the "What shall I take to camp" question in the minds of all girls who are going to Girl Scout camp this season will be found in the following list of personal equipment endorsed by the national headquarters in New York:

Essentials in the list are: Coat and sweater, warm dressing gown and slippers, at least two pairs of washable middy shoes, bloomers or shorts of woolen green (if possible), Girl Scout ties, two pair of sleeping garments, low-heeled shoes, a pair of stockings (not silk), handkerchief, bathing suit and cap, at least 3 blankets or equivalent, pillow (cases and sheets if desired), two bath and face towels, two face cloths, laundry bag, mirror, comb and brush, tooth brush, soap, nail file, scissors and knife, note book and pencil, flashlight, one plate service of unbreakable dishes, for hiking, lightweight mattress or substitute.

All clothing and blankets should be plainly marked with owner's name. The wise camper knows how to get all these things in one duffel bag.

Those having extra transportation facilities are asked to communicate with local office.

Payment of camp fee in full must be completed a day or two before commencement.

There have been several girls who have registered for camp and have failed to leave an application blank. Will these girls please bring their application blanks to the office by Wednesday afternoon that records may be completed.

The camp committee have sent out an S.O.S. call for a girl bugler. Will anyone who can qualify or know of anyone who can please communicate with the Girl Scout office.
