

HOQUIAM RIOTERS HURL STONES AT TROOPS ON GUARD

HOQUIAM, Wash., July 26.—(AP)—Steel helmeted National Guardsmen were held in readiness here today for fresh troubles after lumber strike sympathizers had stoned a company of them rushing to the aid of a squad surrounded by a mob of 500 persons.

The crowd, shouting loudly, laid down a barrage of rocks last night when the company arrived in trucks at a house where the squad was holding off a threatened attack.

One guardsman, riding in a truck, was struck on the back of the head by a rock and slightly injured. Maj. W. C. Hand, commanding the guards, ordered the charge and his men sprang from the trucks and charged with fixed bayonets into the throng.

The crowd surged backward, broke and scattered with the guardsmen pursuing for several blocks persons they believed to be leaders. One man was seized and escorted to the armory.

Trouble last night developed from the slight wounding of five persons by a blast of a shotgun fired from the house Wednesday night into a crowd of pickets.

Twelve men, working in lumber mills, were staying in the house after one riot and repeated demonstrations caused their removal from a hotel on Monday.

The demonstrators assembled at the house last night after the arrest of William T. Goucher, 27, Bremerton, on a second degree assault charge arising from the shooting. Victor C. Willet was taken into custody after the shots were fired. Both men were held at Montesano, Wash., for hearing.

SWIMMING CAPTAINS SELECTED FOR CCC CARNIVAL SATURDAY

Joseph J. Winkler of Camp Wimer will captain the Medford District swimming team in the water carnival to be staged Saturday evening at the Twin Plunges at Ashland. Dean night of Camp Cloterdale at Enterprise, Oregon, will captain the Vancouver Barracks team.

The captains were elected at meetings held by the swimmers from the two districts, Thursday evening, and were busy Friday holding try-outs to pick the teams.

The water carnival will climax a six-day life saving school held here under the supervision of the Medford C. C. District.

Ninety swimmers from the two districts have taken part in the school and will return to their camps to conduct similar schools among the enrollees.

Swimming races, diving events, and life-saving demonstrations will be staged at the water carnival, Saturday evening, beginning at 7:30 p.m. The public is invited to attend, free of charge, the events.

Kellogg's ALL-BRAN Corrects Constipation*

An enthusiastic and voluntary "testimonial" is being given by a mother who has been troubled all her life with constipation. About three months ago, we discovered ALL-BRAN. From that day to now we have not given her any form of laxative.

We have become "ALL-BRAN" users, and now it is a part of our daily diet.—Mr. and Mrs. L. F. Pope, 562 Maple Ave., Elmhurst, N. Y.

*Constipation due to insufficient "bulk" in meals.

ALL-BRAN provides gentle "bulk" to aid regular habits. It also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN is often more effective than the "bulk" in fruits and vegetables, as it does not break down within the body. Two tablespoonfuls daily are usually sufficient. If not corrected this way, see your doctor.

Isn't this food much pleasanter and safer than roting patent medicines? Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

MEET the WIFE

A slender, auburn-haired, dark-eyed young woman, whose friends know her as "Lyde," is Oklahoma's youngest "first lady." Mrs. E. W. Marland, wife of the state's "new deal" governor, leaves politics to her husband . . . buxom herself about the mansion . . . landscaping the lawn . . . beautifying the home. She is fond of outdoor life . . . rides horseback, swims and takes long hikes with her two Irish setters, Trotsky and Red. She likes dancing but not bridge . . . she does not smoke . . . has hunted bears in Colorado with her husband . . . sailed the seas in a private yacht. Born near Philadelphia, of humble parents, Lydie Roberts and her brother, George, were adopted by Mr. and Mrs. Marland in 1916. Two years after the first Mrs. Marland died, the adoption of Lydie was annulled and she and Marland were married.

OAKLAND REDUCES AUTOMOBILE TOLL BY RIGID PROGRAM

OAKLAND, Cal. (UP)—Oakland, city of 300,000 population, claims the best traffic record of any city of its size in the United States. During an entire month there was not one automobile death on its streets.

The safety record is the result of a crusade begun in 1923 by the East-bay Safety Council, which has resulted in a complete unanimity of law enforcing organizations and civic groups in the desire to halt the traffic death toll.

Police Chief Bodie A. Wallman credits the record to these activities:

1. Cooperation of individual policemen in carrying out orders that all "beat men," whether in traffic or not, issue tags to violators. The traffic force is moved from point to point as accident records require.
 2. Strong support of the courts. In 1933, court fines averaged \$3,300 a month; so far in 1935 the average has been \$9,400.
 3. A varied and continuous safety educational program, including traffic schools for minors, where youthful violators are "sentenced" to learn the law and their own responsibility.
 4. "Unofficial" citations by a corps of employment relief workers stationed at busy points to watch violations. Run-of-the-mill violators are sent caution letters; others are brought to court for lectures.
 5. Nobody has a tag "squared."
- To date, in 1935, there have been 25 deaths, last year, for the same period there were 35.
- "Regardless of how offending drivers may feel about it, the records prove there can be lives saved by intelligent planning and rigid law enforcement," commented J. C. McPherson, president of the safety council. "Whatever embarrassment or inconvenience the program may have caused, the results more than justify the effort."

Van Valzah Family Walk Eight Miles In Mountain Storm

BIG APPEL GATE, July 25.—(Sp.)—Medford people who came in direct contact with the down-pour of rain Sunday were Dr. and Mrs. R. C. Van Valzah and family, who upon departing from their summer home on Carbury creek, took the mountain route through the head of Palmer creek to Star gulch for the purpose of viewing the scenery.

Their trip culminated in an 8-mile walk at night through the mountains and canyons in the midst of a drenching rain, having abandoned their car in a slash of red clay in the vicinity of Palmer peak. They arrived at Star Ranger station at one o'clock Monday morning, and returned to Medford in a taxi.

U. S. SHOULD KEEP OUT OF EUROPE'S QUARRELS IS F. R. PEACE POLICY

WASHINGTON, July 26.—(AP)—President Roosevelt included the Ethiopian situation today in a statement of American peace policies which he said included keeping out of difficulties that do not concern this country.

The President also said at his press conference it was time for settlement of the strike in the Camden ship yards and he hoped for some action within a few days.

He added the bill creating additional judges for Southern California will be signed shortly.

Again he emphasized that federal expenditures must be confined to federal activities and added the government cannot rebuild houses or put top soil on private property.

He said the government could clean up the debris and provide means to prevent future floods.

CLEVELAND After 1940 Games

NEVADA TO RESTOCK GAME BIRD RANGES

RENO, Nev. (UP)—A program for the largest stocking of game birds ever undertaken in Nevada has been completed.

Two thousand birds will be purchased to restock the state's ranges following the close of the season in November. The program is designed to allay fears of hunters that the state's supply of wild fowl is being seriously depleted.

Three varieties of sage fowl will be purchased by the commission: Chinese pheasants, valley quail and chukar partridges.
