

England Wins Tennis Doubles; Keeps Davis Cup

YANKEE VETERANS TOPPLED BY NEW BRITON NET PAIR

Van Ryn and Allison After Shaky Start, Rally, But Tuckey's Drives Too Hot

WIMBLEDON, Eng., July 29.—(AP)—England won the coveted Davis cup—emblematic of the world's tennis supremacy—for the third straight time today when the new doubles combination of George Patrick Hughes and C. R. D. Tuckey defeated the American pair of Wilmer Allison and Johnny Van Ryn, 6-2, 1-6, 6-8, 6-3, 6-3, in the challenge round doubles match. The victory gave England the necessary third win in the five-match series.

The Britons' victory was the final crushing blow to America's hopes of recapturing the cup lost to France in 1927. The first blow was delivered Saturday when H. W. (Bunny) Austin pulled out a five set victory over Allison in a singles match in which the veteran Texan was favored.

England then went two up at the celebrated Fred J. Perry conquered the young and formidable Don Budge of Oakland, Calif., in four sets, which saw the Pacific coast star force the world's amateur champion to play his best game at times.

The veteran team of Allison and Van Ryn, winners of the all-England doubles title in the past, was highly favored to take Hughes and Tuckey mainly because the Britons had never played together in cup competition.

Tuckey, the newcomer to international warfare, displayed a booming serve that proved a perfect complement to his partner's fine forecourt game and they raced through the first set as Van Ryn and Allison hit many easy shots into the net.

After that shaky display the Americans settled down and played brilliant tennis in the second and third sets, serving and volleying beautifully.

Trailing 0-2 and then 3-5, the Americans broke Hughes in the deuced ninth game of the third set and then Allison held his delivery in the tenth to square the match. The next two games were virtual dog fights which saw both sides hold service and then the Americans rose through their rivals' defense to win the set, sweeping the next two sides.

The first six games of the fourth set followed service and then the Britons ran through the next three games with loss of only three points to win the set. Almost every one of the Britons' shots in the fifth set was loaded with dynamite—the too-hot-to-handle kind—and the Americans had considerable difficulty in getting their racquets on them, much less making returns.

Two singles matches remain to complete the series. They will be played tomorrow with Budge opposing Austin and Perry going against Allison. As the result of England's victory today, however, these matches are reduced to an exhibition status for the only effect they'd have on the series will be determining the size of England's winning margin.

HAYDEN RESENTS CLAIM TULE FIRE KILLS WILD BIRDS

KLAMATH FALLS, Ore., July 29.—(AP)—B. E. Hayden, superintendent of the United States reclamation project here, vigorously denied charges that reclamation officials have been guilty of ruthless destruction of bird life.

He took exception to a statement by William L. Finley, Oregon naturalist, that reclamation employees burned off grass and tule cover when game birds were nesting on the Tule lake reserve.

"Anyone not conversant with the facts might, after reading the article, be led to believe that reclamation officials have for the past quarter of a century pursued a policy of ruthless destruction of bird life in connection with irrigation projects of the northwest," Hayden said.

"Nothing could be further from the facts. No one is more interested in the propagation and protection of wild life than myself. However, if the state of Oregon is to attain its proper development and hold its place of importance, it is essential that provision be made for maximum land reclamation where men as well as birds can live."

Hayden termed as "uncalled for and misleading" a statement that Dr. Elwood Mead, federal reclamation head, agreed to double the size of Tule lake sump "as a sort of compensation for previous damage done by the division." He said each year in February or March the service has burned off the tule growth in the sump in order to permit the flow of Lost river to spread rapidly.

SAD SAM TANGLES WITH LES WOLFE ON ARMORY CARD

Sad Sam Lethers, poker faced Texan, will tangle with popular Les Wolfe, another supple grappler from the Lone Star state, in the top bout of the double main event of Thursday night's wrestling card at the Armory.

Johnny Soos, dynamic tussler from Indiana, will meet Al Stecher, Canadian bad man, in the other half of the main event. In the 30 minute opening bout, Floyd Wolfgang of Medford will tangle with Curly Woods, recent holder of the Pacific coast middleweight championship, who started the wrestling game here.

Such was the top-notch card announced by Promoter Mack Lillard, who stated proudly that it promises to be the best all-around lineup of the year. A capacity house is expected and to seat the fans more conveniently, 100 new seats are being installed around the arena.

The Lethers-Wolfe match has been sought for some time, both by the fans and by the promoter, when two lumber-legged wrestlers such as these two Texans are stacked up together, thrills and action are bound to result. It promises to be a contest of leg-work, with the rolling scissors featured. Predictions as to the outcome are impossible, but many old-time wrestling fans believe the match will end in a draw after some of the most spectacular mat-work seen here in a long time.

Fireworks are promised in the other half when Stecher and Soos mix for another hour or two out of three falls. Soos, who has proved to local fans that he is one of the toughest ringmen ever brought to Medford, should put on a real smear and sneer performance when he gets together with the Canadian veteran.

A "natural" is the hope for the opening bout, as both Wolfgang and Woods are local boys who have climbed to the top in middleweight ranks.

Sad Sam Lethers is spending a few days with his family fishing at Diamond Lake. Wolfe, accompanied by Wolfgang, made a trip yesterday to Crater Lake.

300 HOMELESS IN WAKE OF TORRENT IN OHIO VALLEY

LOGAN, O., July 29.—(AP)—Raging flood waters, the worst here in 22 years, cut a path of destruction thru the Hocking River valley today.

Three hundred persons were homeless at Lancaster, 18 miles north of here, where the surging waters swept away five houses and resulted in the death of one man and injuries to at least a half dozen other persons.

Streams, swollen by a terrific rain-storm yesterday, continued to pour into the Hocking river, which washed through lowlands carrying livestock and small buildings on its crest.

Families evacuated homes in low districts here and throughout the area southward as warnings went out. With the water rising at Lancaster at the rate of three-quarters of a foot an hour early today, residents in this area feared a flood even worse than in 1913, the most severe in history.

At Rock Bridge, seven miles north, water flowed into houses and the river stage already was up to the 1913 peak.

Lancaster was hit first by the flood. A wall of water five feet high descended on the city a few hours after 3 1/2 inches of rain fell throughout south central Ohio. Streams already were swollen from 10 days of intermittent hard rains.

Ina Pearl Lucas is home again after several days' visit with Mr. and Mrs. Sam Pollard of Talent.

The Beagle district got two or three nice showers during the electric storms. It was a help to gardens and pastures but too late to benefit the corn. Lightning struck a tree on Bald mountain and set a fire that burned two or three days.

Mr. and Mrs. John Nelson were Medford visitors Saturday.

Beagle is advertising a rodeo, August 4, at the Brown ranch. They are going to have wild horse riding and steer riding and roping. There will be no admission charged for the rodeo.

MEDFORD GOLFERS LOSE TO EUREKA

Nineteen golfers from Medford returned last night from Eureka, Cal., after what they described as a successful inter-city golf tourney at the Eureka club Saturday and Sunday, despite the fact that they lost the contest, 27 to 19.

One member of the party attributed the defeat to an "unfortunate incident," which occurred along the Klamath river en route to the sea-coast city. He related that Attorney Roberts, a member of the party, was arrested for speeding and fined \$10, which he paid, "due to the fact that he was in California and could not defend himself properly." In this way the Medford golfers started the tournament ten down, a margin which they failed to overcome.

The Eureka team met the Medford delegation most hospitably, according to those who made the trip, and besides some good golf, a fine party for the visitors had been prepared. The event was a return inter-city affair, the Eureka golfers having come to Medford several years ago.

Those who made the trip were: A. F. Mansfield, Leland Clark, Gene Childers, George Snider, C. J. Sermon, Lee Watson, "Doc" Boomer, Dave Wilson, B. B. Hammond, Howard Scheffel, George Roberts, Ralph Barwell, Arthur Endrie, H. B. Keilom, Harold Bunce, Eddie Simmons, Don Clark, Capt. L. G. DeVaney and President Harry McMahon.

LANGERUD MAKES NEW HOOD RECORD

PORTLAND, Ore., July 29.—(AP)—Someone stole his skis, but Ole Langerud went right ahead anyway and set a new record Sunday for the Portland-to-top of Mt. Hood-and-return trip.

He negotiated the 184-mile round trip in five hours and 58 minutes elapsed time, cutting two hours and six minutes from the previous mark established last year.

Langerud roared out of Portland on a motorcycle which he jockeyed for 80 miles to timberline at a 6000-foot level. Then he jumped from his cycle and climbed by foot to the summit of the 11,233-foot peak.

Someone had stolen the skis he had cached for his return trip, so he came down on foot. During the descent he encountered a blizzard and was covered with ice from head to foot when he mounted his motorcycle for the return dash to Portland.

LAW AND DRUNKEN BULL RUN CASEY

BUTTE, Mont., July 29.—The strange sight of a bull playfully chasing a man and several cows doing what might be called a bovine filing was reported here Sunday by federal agents.

The mountainside burlesque was enacted, the agents related, after the animals imbibed unwisely of "evidence" that had been poured out by a harried still operator. It flowed down the mountainside where the cows and bull were grazing.

The man who was chased by the bull escaped both the animal and the officers, they said.

Besides reporting the seizure of a 450-gallon distillery, 4,800 gallons of whiskey mash, 14 huge vats and other equipment, the agents said they arrested a man who gave the name of Tony Casey.

GRID BROADCAST VOTE NEARS END

Radio football fans are getting their chance to arrange football broadcasts to their complete liking, according to Carol Hays, local representative of Associated Oil company.

A vote is being taken from fans throughout the West. The ballots provide for selection of favorite football teams, announcers and radio stations. Mr. Hays said, and there is space, too, for any constructive remarks to be made.

Ballots are being distributed by Associated Dealers at every Associated service station and garage on the Pacific coast. The poll ends July 31st, and it is expected that a half million votes will be in by then.

All of the old-timers participated in a parade and then some of the younger veterans staged a short ball game for the entertainment of their older colleagues and several thousand fans.
