Misses Sweeney, Janssen Return from Vacation Trip
Miss Edith Sweeney and Miss Henrietta Janssen, who have been vacationing through Yellowstone and other national parks and the northwest for the past six weeks, returned to Medford Thursday evening. During part of their trip they were accompanied by Dr. and Mrs. C. T. Sweeney, who returned about a week ago.

Doctor and Mrs. Sweeney visited at Banff and Lake Louise, and attended four medical conventions, one in Salt Lake City, one in Spokane and two in Helena, Mont. Dr. Sweeney said yesterday that his daughter enjoyed herself so much on her trip that she is feeling better than at any other time in two years, and added that his own jaunt was the "best I ever took."

REFORM OF STATE GOVERNMENT AIM OF PLANNER BODY

(Continued from Page One.)

The Bonnesville power project is already well in hand. There are many angles to this. Consideration must be given to operation of the powerhouse and sale of power, to the preservation of the unique beauty of the Columbia gorge and its recreational features; to navigation and use of the river for moving the products of the interior into world commerce.

"The burning of the state capitol building has given an impetus to plans initiated last January for an adequately planned state capitol center. The growth of the state and of its business had long ago overtaken the available space in the old building. At the last meeting it was decided to try to secure a loan from the federal government for 45 percent of the sum necessary to build an adequate capitol group which will cost about three and a half million dollars.

"The planning board does not attempt to localize its activities, and in fact, one of the most interesting trends observed has been the breakdown of sectionalism. In the joint meeting of the Washington and Oregon board in Vancouver on Saturday this was clearly brought out in all of the addresses and in plans submitted. The boards were interested in arriving at facts in every case and in welding the findings of its experts into non-partisan reports.

"It is of interest and importance to consider for a moment the whole set-up in regard to planning. At the top is the national resources board located at Washington, of which Frederic A. Delano is head. Next is the Pacific northwest regional planning commission, composed of the chairmen of the Oregon, Washington, Montana and Idaho boards, with Marshall Dana as chairman. Then come the state planning boards, and finally the city, county and district planning commissions. Also directly under the state planning board is the advisory research council, made up of the division of agriculture, land classification, forestry, mineral resources, water resources, power, fisheries, transportation, commerce, industry and economics, education, public welfare, wild life, recreation, and many other basic data, each with a chairman who is an authority in the branch of which he or she is the head."

REPUBLICAN MEET HITS REGALL USE AGAINST MARTIN

SALEM, July 29.—(AP)—The two-day session of the Oregon Republican clubs which opened with discord here Friday, closed in comparative harmony at the annual banquet Saturday night with the adoption of a list of resolutions and the election of Lowell Paget of Portland as president.

In relation to recalls the convention adopted a resolution unanimously declaring that "we regard the recall law as an extraordinary remedy to be used only when the official against whom it is directed is prima facie guilty of some misconduct in office which cannot be reached thru the avenue of proper legal proceedings. We deplore it as a perversion of the objects promoting its creation when it is used as a vehicle to punish honest men in office."

Other resolutions advocated "strict adherence to our long proven and thoroughly tested form of constitutional government"; sound currency based on gold and definitely stabilized by congress; opposition to cancellation of foreign debts; opposition to government by "any others than those lawfully constituted and directly answerable to the people"; wages consistent with American standards; old age pensions; opposition to the spoils system, and finally that adjusted service certificates of the veterans "be fully and immediately paid, but, however, free from any scheme of inflation or other specious monetary theory."

SHARE-WEALTH TAX BILL RATE TOLD

WASHINGTON, July 29.—(AP)—Proposed new tax rates, tapping incomes as low as \$50,000 and taking away three-quarters of that portion of an income over \$5,000,000, were made public today by the house ways and means committee.

The new schedule has been tentatively approved by committee Democrats, who previously had agreed not to levy additional taxes on incomes over \$150,000 and to apply the maximum 75 per cent rate only to income over \$10,000,000.

At present the tax on a \$50,000 income is \$9500. The proposed new schedule would make it \$9560.

Lieut. Robert Jarmin and Lieut. Stevens, flying a Douglas O-23 observation ship, were brief visitors Friday at the municipal airport, enroute from Crissy field, San Francisco, to Peasey field, Washington. Lieut. Jarmin was a roommate of Tom Culbertson, airport superintendent, at Oregon State college.

TROOP MOVEMENT, TRIBE REBELLION, ETHIOPIA FRONT

ADDIS ABABA, July 29.—(AP)—It was reported without confirmation, today that a number of native Somalis had rebelled in Italian Somaliland and had started for Ethiopia in the region of Galmu.

It was at Galmu, last December, that both Italians and Ethiopians were slain in a frontier incident.

Rumors were current that Ethiopian troops were headed for the frontier of Ethiopia, the Italian colony of the east, but the war office did not confirm this statement.

The movement of troops created a profound impression on the population of the capital. The people cheered the advance patriotically.

Troops under the command of Dedjazmach Hapshemsel, former cabinet minister, came in from the Lake Rudolf area.

Matrimonial preparations reached a high pitch as an Ethiopian army estimated at 10,500 arrived from Gannu province. They were equipped with new rifles, modern khaki uniforms, machine guns and artillery. They departed in high spirits for an unannounced destination.

Government officials in general denied any knowledge of a clash at Walait, as reported in the London press.

An imperial decree establishing an Ethiopian Red Cross was announced today.

MID-WEST TORRID; MERCURY NEAR 100 IN THREE STATES

KANSAS CITY, July 29.—(AP)—Temperatures rocketed to century levels again today in the midwest after a sweltering week-end that caused four heat deaths in Iowa, three in South Dakota and two in Missouri.

At 1 p.m. the mercury touched 100 degrees at Kansas City, It was 99 at Lincoln, Neb., and 94 at Oklahoma City at noon.

With no clouds to moderate the sun's glare, afternoon readings from 100 to 105 degrees were expected over the entire state of Kansas.

A northwest wind was expected to bring cooler weather to South Dakota after three days of blistering temperatures. Mitchell, S.D., experienced 100 degrees yesterday and 111 degrees Saturday.

Iowa sweltered again today, but the weather bureau hopefully predicted slightly cooler weather for tomorrow.

MEET the WIFE

MRS. HAROLD LLOYD

Mildred Davis retired from films when she became Harold Lloyd's leading lady in real life. . . . She presides as chaperone of one of the colony's most elaborate setates. . . . and keeps life there as simple and homelike as though it were a cottage by the wayside. . . . Blonde and blue-eyed, Mrs. Lloyd shares with the comedians a love of play, likes being with people and loves a joke. . . . even a practical joke. She has a robust sense of humor, a hearty manner, and is a gracious hostess, entirely unaffected and attractive. Like Harold, she is a devoted parent to their three children. . . . She dislikes sham and pretense, has friends in and out of pictures, people of no "importance" and people of wealth and social position. . . . She is one-half of Hollywood's Number One Happy Marriage.

VALLEY ARTISTS AIR STUDIO PLAN

The meeting of the Southern Oregon Art Exhibit association, which is to be held at the Jackson County Chamber of Commerce this evening, will deal with important factors of interest to local artists. The organization is making arrangements to have a studio where its members may practice, and free art classes will be conducted. Instructors have been obtained to teach in each field, such as pen and ink, pastel, oils, modernistic, batik and other mediums. All artists who displayed their work in the June exhibit form the membership.

COAST AIR BASE BILL BY SENATE

WASHINGTON, July 29.—(AP)—The senate today passed and sent to the White House the Wilcox bill authorizing establishment of six army air defense bases in the United States and Alaska.

The bill carried no appropriation, but the cost, to be provided for later, has been estimated at \$110,000,000.

The air bases would be used as permanent stations for peacetime training of the air force and for defense against invasion.

In selecting sites for them, the war department is directed by the bill to consider the Atlantic northeast, Atlantic southeast and Caribbean areas, the southeastern states, the Pacific northwest, Alaska, and the Rocky mountain area.

A good cigarette, too needs Balance

And that's why the tobaccos in Chesterfield are carefully balanced one against the other . . . not too much of one—not too little of another.

We take the right amounts of the right kinds of four types of tobacco—Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.

Chesterfield... the cigarette that's *MILDER*
Chesterfield... the cigarette that *TASTES BETTER*
