HARDER EXPLAINS NEW BANKING ACT TO ROTARY LUNCH

The much discussed 1935 banking act was explained to members of the Medford Rotary club and guests by Mr. E. Harder, president of the First National bank, as a feature of today's luncheon meeting in the basement banquet hall of the Hotel Medford. Mr. Harder reviewed the original act creating the Federal Reserve system and Federal Reserve banks, and discussed the banking act of 1933, which placed various restrictions on the operations of banks in this country, especially investment institutions. He outlined the creation of Federal Deposit Insurance corporation, a temporary act which has been extended by legislative actions through various periods up to the present time.

Mr. Harder discussed in detail the sections of the proposed act providing for deposit insurance and regulating boards. He presented the contrasting views of Governor Eccles, present head of the Federal Reserve board representing the administration, and Senator Glass, Democrat, author of the Federal Reserve act. The speaker told the Rotarians what the "Open Market Operations" involve, and pointed out that it was the administration's view that the control board should be appointed subject to change with each succeeding administration, and pointed out the opposing views of Senator Glass, whose opinion, the speaker declared, is upheld by the business and banking circles of the country.

Mr. Harder agreed that the present system should be vastly improved, citing the financial orgy of 1929, and gave his opinion of proper corrective measures. His talk was an interesting one and drew considerable light upon the controversial question now foremost before congress in Washington.

The next regular meeting of the Medford Rotary club will be held on Monday, August 5, at which time the club will act as hosts to a visiting delegation of 75 Japanese students, touring the United States under the sponsorship of the Tokyo Rotary club. The guests will be entertained at a banquet in the main dining room of the Hotel Medford and then taken to Crater Lake so that they may view southern Oregon's natural wonder. Upon the return trip, a buffet supper will be served at Prospect resort.

EUROPE MANDATE OVER ETHIOPIANS NEW PEACE MOVE

LONDON, July 30.—(AP)—The Exchange Telegraph Agency correspondent at Addis Ababa reported today that Emperor Haile Selassie had been given a proposal that Ethiopia be placed under an international European mandate of the League of Nations. The proposal, it was said, would grant special economic concessions to Italy. The emperor was quoted by the correspondent as saying: "I don't object to the principle of European influence, provided it is purely economic and not accompanied by political inspiration and control."

The proposal was said to provide for the preservation of Ethiopian integrity and the safeguarding of the country from foreign aggression.

Mae Clark Heads Roalto Cast

Low Ayres and Mae Clark head the cast of the thrilling and fast-moving story, "The Silk Hat Kid," playing today and Wednesday at the Roalto theatre. A new Low Ayres in a role that ideally fits his personality and ability is revealed in his portrayal of a fast-thinking, two-fisted body-guard, Paul Kelly, owner of a cafe located in the perilous slums of a big city, hires Ayres to protect him from chiseling racketeers. Ayres meets and falls in love with Mae Clark, Kelly's girl friend, and an intense rivalry results. Both men come to hate each other bitterly and gunplay appears to be the only way out. But at this point the film takes on such thrilling drama that it promises to keep theatre audiences highly entertained throughout.

BOY SCOUTS GET CRATER VALISES FOR JAUNT EAST

Thirty-five Boy Scouts, each one carrying a small suitcase with a cleverly painted replica of Crater lake, and the title, Crater Lake Council emblazoned on the sides, will leave Medford Thursday at 7:30 p. m. for the national jamboree in Washington, D. C. The little kits are the gift of the Medford Crater club, and the art work on the sides was done by Johnny King, commercial artist here.

In presenting the cases to the Scouts, the Craters believe that they have added much to the facility with which the local contingent may be identified in Washington, and in their trip across the country.

"Oregon, Yo-Ho" is the song with which the Medford delegation of Boy Scouts leaving soon for Washington, D. C. and the national jamboree, will announce themselves wherever they go. It was learned today. The song, the words and music of which were written by Dr. H. N. Butler, with arrangement by Sebastian Apollo, is a catchy one, and the Scouts are enthusiastic in their singing of it. Not only the Medford water and the beauties of Crater lake, but southern Oregon's climate, the size of Rogue river fish, and other local claims to greatness are brought out in the 10 verses, and the present plan is to allow each patrol to addenda as many verses as they see fit. There will be 35 Medford Scouts in the party, which will leave Thursday.

SALT LAKE CITY, July 30.—(AP)—George Conrad Naegle, 78, former president of the Latter Day Saints Swiss-German mission and for many years active in church affairs, was killed last night when struck by an auto driven by Clarence Carter, 21.

Karen Morley In Craterian Film

A static package that won't budge, and an ecstatic romance at breaking point, are the two conflicting forces that battle in "10 Raise" coming tomorrow only to the Craterian theatre. A wheel-to-the-grindstone book-keeper, suddenly sky-shot to the ether of romance, comes back to earth with a bang, when he counts the dollars in his paycheck. Too timid to tackle the boss, a Simon Legree of a slave-driver, the ledger-bound looks around for financial worlds to conquer beyond the ballistics of his office cubby-hole. Edward Everett Horton and Karen Morley are co-featured in this amusing business romance, which was adapted from an original story by Peter B. Kyne. "10 Raise" will also be shown tomorrow night only at the Holly theatre.

The vice-president said he could give any information that Hopson could, but when Black asked if the latter had any contact with newspaper publishers or writers, Burroughs agreed he could not answer. Senator Schwellenbach (D. Wash.) emphasized the \$25,000 payment to Hurley.

"He is the man who is so outraged about what the government is doing, isn't he?" Schwellenbach asked. "I don't know; I'm not Mr. Hurley's brother," O. E. Wasser, controller of the system, who was testifying, replied.

"If you got \$25,000 you could be outraged against legislation, couldn't you?" Schwellenbach asked. "You could put on a pretty good show, couldn't you?"
