

DOCTOR TOURIST SEES CAR HORROR; SUCCORS VICTIMS

Dr. M. L. Neilson of Petaluma, Cal., who with Mrs. Neilson is visiting in Medford at the home of Dr. Russell R. Sherwood, upon his arrival yesterday told of witnessing an auto tragedy in which one was killed and two seriously injured when a car plunged over a 200-foot cliff on the Redwood highway near Coaldge Grove, Cal.

Dr. and Mrs. Neilson, who encountered the accident while driving north to Medford Saturday, said the 18-year-old son of H. J. Hellfus of Alameda, Cal., was killed instantly. His father, who was driving, and Mrs. Hellfus were both seriously injured.

The plunge was caused when Hellfus lost control of the car as he was looking for a parcel on the car floor. Dr. Neilson said. Dr. Neilson descended the cliff to the edge of Red river, and treated the injured with morphine. Fourteen men worked for three hours removing the injured persons by means of a hoist. They were taken to a hospital at Willits, Cal.

ENRIGHT PLEADS FORMER JEOPARDY

T. J. Enright, Medford attorney charged in city court with reckless driving, this morning entered a plea of "previous jeopardy"—insisting that the action of the court in changing the charge from "City of Medford vs. Enright," to "State of Oregon vs. Enright," was without the bounds of the court.

Enright insisted that the charge of plaintiff, according to a ruling he accredited to Judge Norton, automatically meant an acquittal on the charge. City Judge Allen D. Curry has taken the case under advisement, and stated today that he will probably render an opinion in the matter by the end of the week.

Judge Curry stated today that the secretary of state has refused to issue a new drivers license to Enright until after March of next year.

ACTIVIAN'S JOIN FOR BOOSTER SIGN

The Medford Active club, meeting for their regular weekly dinner at the Hotel Medford last evening, voted to cooperate with the Kiwanis, Rotary and Lions clubs in considering a big sign, pointing out the scenic beauty of this district, to be erected near Dunsmuir in northern California.

It was brought out during the discussion that the city of Klamath Falls now has such a sign in that district, and a great deal of the tourist traffic is being directed over the Greensprings route rather than thru Medford. The Klamath-Ashland highway has shown a marked increase since the sign was erected. It was stated.

At a board of directors meeting immediately following the regular meeting, it was agreed to appoint a committee to confer with the chamber of commerce on the matter. This committee will report back next week.

Glen Patrick was appointed general chairman of the 1936 convention committee. He will appoint his own committees in the near future.

TWO PAY FINE FOR NO PUC LICENSE

Fred W. Dunn, bakery truck driver, was yesterday fined \$10 and costs of \$4.30 in justice court, on a charge of operating a truck without PUC plates. He paid the costs and the fine was revoked.

Evans Jones was given a fine of \$5 and costs of \$4.30 upon his plea of guilty to the charge of operating a vehicle with improper license. He was given 10 days in which to pay the costs, at which time the fine will be revoked. Meryl Milo Day, also charged with operation of a truck without PUC plates, was given a fine of \$10 and costs, and upon payment of the latter, the fine will be revoked. He was given until tomorrow to pay the costs.

Mr. and Mrs. Vernon Kaywood will be heard in the presentation of sacred concert in the Medford Church of the Nazarene, Thursday evening, August 1, at 7:45. It will be recalled that these two talented musicians assisted in the musical program last June in the special campaign with Dr. C. H. Babcock. Mr. Kaywood sings in two voices. They both play several kinds of musical instruments.

MRS. PETERSON TO HER LAST REWARD

Mary M. Peterson passed away at her home on Capitol hill Tuesday afternoon after an illness for the past two and a half years. Aged 62 years, 7 months, 7 days. Born at Fusti, Denmark, December 23, 1872. She came to Chicago, Ill. as a young girl of 14, residing with an uncle there. Mary Hanson was married to John Peterson January 3, 1890, residing there until 1910, when the family came to Medford. John Peterson has been with the Medford Water Department since 1911. Mrs. Peterson was a member of Woodlawn chapter, O. E. S. of Chicago. She was a woman of fine Christian character and leaves a host of friends, besides her husband, John Peterson. Funeral services will be held at the Perl Funeral Home Thursday at 2:00 P.M. Rev. D. E. Millard officiating. Interment in Siskiyou Memorial park.

PASS VOTES, 2 TO 1, AGAINST BONDS

GRANTS PASS, July 30.—(AP)—A vote of 328 to 168—nearly two to one—yesterday overwhelmingly defeated the \$117,000 bond election proposal of district No. 7 to construct a new \$200,000 junior high school building here.

The bond issue was proposed to complete application to the public works administration for a loan and grant of \$200,000 of which \$83,000 would have been a direct grant.

2879 CARS PASS REDWOOD JCT. IN 12-HOUR PERIOD

Completion of data on the check-up made by the state police last week has been made, and shows that 2879 cars were checked during the 12-hour period from 8 a. m. until 8 p. m. The check was made near the junction of the Pacific and Redwood highways near Grants Pass.

Fifty-four arrests were made, and 47 provisional arrests were chalked up. Of the provisional arrests, the majority were for drivers not having operators' permits.

There were 495 warnings made on minor violations. Trucks checked totaled 147, and 109 loaded trucks were checked. Of that number, only two were found to be overloaded, a remarkable record, according to the police.

A detailed account shows that 691 passenger cars and 32 trucks went north on the Redwood highway during the day, and 915 cars and 81 trucks went south on the Pacific highway. South on the Pacific highway were 1,125 passenger cars and 34 trucks.

PORTLAND, July 31.—(T)—Scale for relief forest work in Oregon and Washington will be \$44 a month for common labor, \$50 for intermediates, \$63 for skilled and \$69 for professional. Regional Forester C. J. Buck revealed today.

Officials at Washington have approved the new uniform scale recommended by Buck to supersede the previous scale of varied wages in different counties.

Workers are to be chosen from regular rolls and work will be similar to that of the CCC, Buck said.

Oregon has been allotted \$601,267 for employment of 653 men, and Washington \$329,521 for 575 men.

JEWES WARNED NOT TO VISIT BERLIN

BERLIN, July 31.—(T)—The municipal press and propaganda office today warned Jews not to come to Berlin.

The warning read: "It has been directly noted that, despite difficult circumstances, there has been an excessive influx of strangers, especially Jewish elements, into Berlin.

"As this influx is entirely undesirable and contrary to the reich government's measures, the future arrivals of Jewish Jews, and also their families, will receive health care but no other public relief.

"Such persons will be sent to public asylums where they will receive the barest necessities and will be sent as soon as possible out of the city.

"The most urgent warning is therefore addressed to non-Aryans against coming to Berlin."

The Berlin decree is the sharpest among such recent warnings throughout the reich.

conversation with a man he had previously seen there. The stranger asked to be permitted to accompany Dr. Bauer on an auto trip to the city.

They had gone only a short distance when the stranger drew a revolver and said: "You had better do what I tell you, because I am desperate. I am wanted all over the country and if I'm caught it's the 'hot seat' for me."

The man then ordered Bauer to drive to Chicago.

En route they stopped for food and gasoline. The abductor kept the revolver concealed in a coat pocket but pressed against Dr. Bauer's side.

Arriving in Chicago, the stranger directed his unwilling chauffeur to drive to a lonely section west of the Oakland cemetery. There Dr. Bauer was commanded to stop.

The stranger tied him hand and foot with rolled rags and produced a penknife. As the man began the operation Dr. Bauer lost consciousness. He revived when the car rolled into the filling station.

Near death, Bauer nevertheless managed to describe his assailant and advance what he thought was the only reason he could assign for the attack—jealousy on the part of a former suitor for his wife's affections.

The police immediately issued orders for the arrest of the man named by Dr. Bauer. Descriptions were sent to all bus and railroad depots.

The assailant was described as about 27 years old.

WAGE SCALE FOR FOREST AID JOBS

WHEAT REDUCTION FOR 1936 ORDERED BY AAA CHIEFTAIN

(Continued from Page One.)

as the contracts are completed. He called attention to the pending AAA amendments which he said should make certain constitutionalities of the farm program.

In case of invalidation by the high court, he said, "the government would have both a moral and a legal obligation to compensate farmers fully for performance up to the date of such a decision."

"The government, in fairness and honesty, would pay, and legally would be bound to pay in full for their compliance up to that time, but not beyond that time," he added.

The AAA officials said, will seek to place from 50,000,000 to 53,000,000 acres of wheat land in the nation under contract in 1935, approximately 51,000,000 acres were placed under contract, and a 15 per cent acreage reduction was required for 1934. The contract covered 1935, when a 10 per cent reduction was required.

Under the new contracts, farmers can not plant more than 85 per cent of the base acreage (1930-32 average), nor less than 54 per cent of the base acreage for 1936. The contracts will provide for acreage adjustment to a maximum of 25 per cent in subsequent years.

It is expected that the contracts

also will provide specific plans to use the contracted land for soil-improving and erosion-preventing crops, while some may be returned permanently to grass or tree crops.

Two principal differences between the new contract and that signed in 1933 were reported as follows:
A more specific provision for adjustment payments based on actual average farm prices of wheat during the marketing year.
Maximum reduction from the total base acreage of 25 per cent instead of 20.
