

ALLOT WORK FUND TO CHECK TAXES, LIQUOR EVASIONS

Speed Collections, and Provide White Collar Jobs, Objective of Three-Fold Drive.

WASHINGTON, Aug. 1.—(AP)—President Roosevelt today allotted \$5,112,125 of work relief funds to the treasury department for a three-fold drive to tighten up on tax collection.

The largest allotment was \$2,448,200 for a survey of delinquent taxes and "business" tax collections in 20 large cities.

White-collar jobs will be employed in the work. Officials said they hoped the studies would bring increased tax revenues.

Two other white-collar projects also received funds, the census bureau getting allotments of \$1,804,948 for an alphabetical index of the 1930 census, and \$293,000 to determine any improvement in retail trade during the past two years.

COINCIDENTALLY, Corrington Gill, assistant works process administrator, announced that a large number of other surveys also would be carried out to provide additional white-collar jobs.

POSTAL RECEIPTS FOR JULY BETTER

It was announced today at the Medford postoffice that postal receipts for the month of July totaled \$7,431.63, as compared to a total of \$7,117.71 for the same month a year ago, or an increase of \$313.92.

This increase is a continuation of an up-trend in postal receipts that has been noticeable during the entire spring and summer.

Although July was listed as the top normal month of the year so far, postal receipts during May ran into higher figures due to the chain letter rush.

The largest allotment was \$2,448,200 for a survey of delinquent taxes and "business" tax collections in 20 large cities.
