

### FARM PROPERTIES VETERANS LISTED IN NEW BOOKLET

A booklet of 54 pages in which is listed the more than 410 farm properties held by the World War Veterans State Aid commission in Oregon outside of Multnomah county. It is off the press and is available to all interested parties, according to Jerrold Owen, secretary to the commission.

Detailed information is given about the individual state-owned farms and no doubt there are a number of the readers of The Medford Mail Tribune who are interested in the purchase of farms and homes. The brochures are free for the asking and can be obtained by contacting Carl Y. Tengwald of Medford who is the Jackson county representative of the commission, or by writing direct to the Salem office.

Compilers of the pamphlet have endeavored to condense the data as much as possible. Sale prices range from \$125 for a Baker county holding to \$10,000 for a farm in Harney county, but the average, according to Sergeant Earl R. Goodwin, assistant secretary of the commission, is approximately \$2515.

The commission also has listings of city located holdings which are available to the public and every effort is being made to return the state-owned property to the tax rolls by placing it in the hands of responsible parties. In making inquiry please designate the county or city desired. Attractive terms can be arranged.

### LIONS URGE HELP IN TOY CAMPAIGN

A plea was made today by Medford Lions club that in order to insure needy children of having an abundance of Christmas toys this year at the annual Lions' Christmas tree, the public must cooperate with the Lions' plan of refunding Alpine milk labels.

All who desire to aid the Lions club in this worthy cause are asked to place Alpine labels in the boxes that have been stationed for the express purpose in every large grocery store in the vicinity.

The labels are refunded and the money used to purchase new Christmas toys which will be distributed to every needy boy and girl who attends the Lions' celebration next Christmas.

The labels are not coming in as fast as they should be in Medford, according to the club, although many are being mailed in from northern California, 600 having been sent in one group. The labels may be mailed to Leland Knox, club secretary, or to Fire Chief Roy Elliott, instead of being deposited in the grocery store boxes, if so desired.

"G. W." Painting Requested PHILADELPHIA (UP)—Painted by Rembrandt Peale in 1796, an original portrait of George Washington has been left to the Historical Society of Pennsylvania in the will of Mrs. Clara Reeves Henry.
