

# NO POLICE BLAME NAZI FLAG RIOT, WASHINGTON SAYS

WASHINGTON, Aug. 2.—(AP)—The diplomatic exchange of notes with the German government over the ripping of the Nazi flag from the liner Bremen at New York, was complete today with a state department reply that the incident "was in no sense due to neglect on the part of American authorities."

No apology had been demanded, and none was forthcoming in the answer given yesterday to Charge d'Affaires Rudolf Greenberg by Acting Secretary William Phillips.

The note did say, however, that "it is unfortunate that in spite of the sincere efforts of the police to prevent any disorder whatever, the German national emblem should, during the disturbance which took place, not have received that respect to which it is entitled."

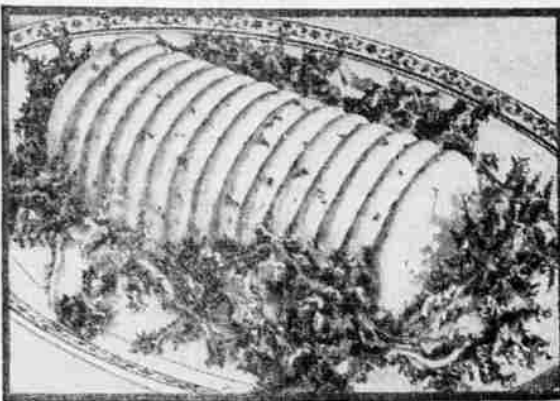

The German government had instructed Herr Leites to "make the most emphatic protest against this serious insult to the German national emblem" and expressed the expectation that everything would be done by the American authorities to punish the guilty.

Phillips' reply said the persons implicated in the disorder aboard the ship last Friday "have been apprehended and are being held for trial."

The note contained a police report of the occurrence, and said the police authorities at New York had taken "most extensive precautions in order to prevent any untoward incident."

While Berlin had "expressed the expectation" that the American authorities would act to punish the demonstrators, there was nothing in the note to indicate the federal government would intercede in the prosecution of the case in New York.

## A Sunday Night Supper Treat — Good to Look At, Good to Eat

In many homes, guests gather around the hospitable board for Sunday night supper. The meal must be light, in deference to the dinner eaten at midday—but not too light to satisfy hunger. Here are three suggestions for this purpose—each one of them as good to look at as it is good to eat.

**Jellied Tuna Fish Salad**  
 1 package lemon-flavored gelatin  
 1 pint warm water  
 2 hard-boiled eggs, chopped  
 1/2 cup chopped celery  
 1 teaspoon scraped onion  
 1/2 teaspoon salt  
 1/2 cup drained horse-radish  
 2 cups flaked tuna fish  
 Dissolve gelatin in warm water. Pour this layer into loaf pan. Sprinkle with part of pimiento and pepper. Chill until firm. Chill remaining gelatin until slightly thickened. Fold in remaining ingredients. Add to firm layer in mold. Chill until firm. Unmold. Serve in 1/2-inch slices on crisp lettuce. Garnish with mayonnaise. Serves 8.

**Hostess Salad**  
 1 package lemon-flavored gelatin  
 1 pint warm water  
 1 cucumber, cut in strips  
 2 hard-boiled eggs, coarsely cut  
 1 cup chopped celery

**1 1/2 cup chopped olives**  
 1/2 teaspoon chopped onion  
 1/2 teaspoon salt  
 1/2 cup chopped green pepper  
 Dash of cayenne

Dissolve gelatin in warm water. Chill until slightly thickened. Arrange pimiento strips in individual molds. Combine remaining ingredients, fold at once into slightly thickened gelatin. Turn into individual molds and chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise. Serves 6.

**Chicken Leaf**  
 1 package lemon-flavored gelatin  
 1 pint warm water  
 1 cup dried cooked chicken  
 1 cup chopped celery  
 1/2 cup chopped green pepper  
 2 tablespoons chopped pimiento  
 1/2 teaspoon salt  
 1/2 cup chopped stuffed olives  
 1 teaspoon scraped onion  
 Dash of cayenne

Dash of Worcestershire sauce

Dissolve gelatin in warm water. Chill until slightly thickened. Combine remaining ingredients and fold at once into slightly thickened gelatin. Turn into loaf pan. Chill until firm. Unmold on crisp water dress. Serve in slices. Or mold in ring mold and serve as salad garnish with mayonnaise. Serves 6.

# WILD TROOPS AND ETHIOPIA WOMEN KEEN FOR STRIFE

ADDIS ABABA, Ethiopia, Aug. 2.—(AP)—Emperor Haile Selassie's advisers were authoritatively reported today considering martial law for Addis Ababa to control the thousands of wild troops pouring into the capital to enlist for possible action against Italy.

Wolmer Asagidach, daughter of Commander Dejazmach Hassen, called upon Ethiopia's women to take up arms for their country. Measures were taken to secure the capital's order in the event of hostilities. Two mayors and two police chiefs were named.

The government rushed armed guards onto the railway bridges around the city to defend the city from a possible Italian attack. A Bodecanian employee of the railway, an Italian subject, was killed.

Reports not immediately confirmed said the Italian legation had protested his death, though authorities did not know whether the stones had been intentionally placed or whether a landslide accounted for them.

Asagidach, putting into words recent agitation by women for the right to bear arms, sounded a stirring call for her sisters to rally to the defense of Ethiopia's independence.

"I will organize and lead my own army of women," said the daughter of the former cabinet minister who commands Emperor Haile Selassie's field army.

"The women must fight today just as our mothers and grandmothers

helped fight and conquer the same foes at Addis 40 years ago—and if the women will follow me, I will lead the soldiers of my father who include the heroes of Addis."

Clad in smart military garb, with a cartridge belt and revolver holster slung around her waist, Asagidach, of Ethiopia's highest nobility and great-granddaughter of Ras Tsehai, late regent during the illness of former Emperor Menelik, was interviewed at her home.

Only a day before she had appeared for funds at a rally of 800 Ethiopian ladies of the Red Cross society, joined by Miss Paula Leiler, American journalist, and Abbt Betch, favorite of capital society.

"Money is badly needed, but war-

# NEW YORK TUNNEL TO JERSEY SHORE IS 'HOLED THRU'

NEW YORK, Aug. 2.—(AP)—New York's new mid-town tunnel to the New Jersey shore, a cylinder of steel more than a mile long, was holed through early this afternoon.

In the damp coolness of the caisson off the 39th street pier, the "sand on wheels" came through with picks and shovels while two small armies of men, cheered themselves hoarse, as the hole widened enough to permit a man to get from the New Jersey side to the Manhattan side, marking another step in the conquest of man against nature.

Harry Spritling of Elmford, N. Y., a master mechanic and veteran and higger, squirmed his way through.

Some facts about the new tunnel are:

- Estimated cost \$37,500,000.
- Financed by bonds of the port of New York authority.
- Work began September 29, 1934.
- Average progress each day through dirt was 30 feet.
- Tunnel to be completed for use as another link between Manhattan and New Jersey about January 1, 1938.
- Jersey terminal is at Weehawken; Manhattan terminal is at 39th street and Tenth avenue.
- Tunnel is 22 feet beneath river bed.

## CANADIAN WHEAT IMPORT TALK IS PRICE EBB CAUSE

CHICAGO, Aug. 2.—(AP)—Despite unexpected firmness of the Liverpool wheat market, Chicago grain prices underwent early downturns today. Talk of Canadian wheat being offered for import into the United States had a bearish influence.

Opening unchanged to 1/2 lower, September 99-94 1/2. Chicago wheat values soon sagged all around. Corn started 1/2 off to 1/4 up. September 77 1/2, and then showed a general decline.

Maximum setbacks of 2 cents a bushel for wheat here were witnessed after issuance today of the majority of August unofficial crop reports.

They indicated a loss of 43,000,000 bushels of domestic winter wheat and 83,000,000 spring, as compared with the government July 1 forecast. Apparently, however, most traders believed that today's figures had been discounted before hand.

One leading crop expert pointed out, too, that the outcome of the race in the United States between wheat plants and the rust damage cannot be finally determined until the period of spring wheat growth is over in about ten days.

Corn and oats reflected material improvement of the corn crop as shown by today's monthly report. Provisions declined with grains.

had eliminated the local government's opportunity to take part in the program, since the city had no funds it could tap for needed supplies and overhead for lasting projects.

"The WPA and other agencies won't do us much good," commented Commissioner J. E. Bennett.
