TOURING STUDENTS LUNCHEON GUESTS, VISIT CRATER LAKE

Accompanied by a committee of 11 American students, the Japanese student tour, which is the first of its kind, arrived in Medford yesterday. The tour is an attempt to analyze the qualities of students of America and Japan, and to endeavor to promote international friendship by correcting mutual mistakes. Having asked Japan to return to America for this second conference, we regret that we did not originate the idea, and are extremely indebted to Japan for having done so. We hope that each year in the future the conferences will be held alternately in Japan and America. This year we are able only to touch the tour the length of the Pacific coast, but we hope in the future to escort the Japanese students as far east as Washington, D. C.
