Doll Tea Party Novel Display In Lamports Window

A doll tea party display in Lamport's window is attracting the attention of admiring little girls and boys this week who stop in groups to exclaim over the exceptionally lifelike toys just received in Medford for an advance showing.

Blondes, redheads and brunettes are assembled in the window, some seated around a table and others riding in Taylor-Tots or swinging. The new "Georgene" dolls are non-breakable, asbsolutely cleanable and very well-dressed. One model is a lively replica of Shirley Temple. Each Georgene face is hand painted to make it look like a real child.

MEDFORD NATIONAL VENTILATES VAULT

In order to guard against the hazard of suffocation in the bank vaults in case of an armed robbery in which the bank personnel and customers might be forced by robbers to enter the strong rooms, the Medford National bank is today installing an automatic ventilator in their valuts.

The new system, made by the O. B. McClintock Co. of Minnesota, is used by many of the larger banks throughout the country, and is considered invaluable in case of necessity. There have been many instances of suffocation in bank vaults when thieves force bank patrons into them, and close the doors. With the new ventilation system, the air is changed every 10 minutes, allowing ample air to sustain life.

There is also a communication attachment, allowing those inside the vault to see out. The ventilator is the first one in Medford.

Adventure Drama Craterian's Bill Tomorrow Program

For fifty years readers of fiction have been intrigued by an amazing story in which mortal man discovers the flare of eternal youth and stands upon the threshold of immortality only to turn back. The tale, conceived by one of the highly imaginative minds of literary history, is one of the strangest love stories ever written, one in which a man chooses between a mortal woman and an immortal queen who offers him endless youth. "She," based upon the H. Rider Haggard novel of the same name, will bring that story to the screen of the Craterian theater tomorrow in what is said to be one of the most gripping spectacle pictures ever filmed.

In the story to modern day scientists and a young girl set out over uncharted ice wastes to a region where, according to a legend handed down for 500 years, an ancestor of Leo Vinces, the younger man, had found a life-giving flame.

After hazardous and thrilling adventures, during which they are more than once snatched miraculously from death, the discover the lost kingdom of Kor. It is a place of great tropical beauty locked within towering mountains of ice, and inhabited by a forgotten race.

Helen Gahagen, noted star of the theater and opera, makes her screen debut as the beautiful immortal "She." Randolph Scott is the young explorer in search of the flame. Helen Mack is the mortal young woman who wages a fierce conflict with the deathless queen. Nigel Bruce appears as the other scientist. Gustav Von Seyffertitz, Sam Hinds, Noble Johnson, Lumaden Hare and Julius Adler play other imporatnt roles.

"Party Wire" on Rialto Program

Small town scandalmongers—both male and female—who devote their lives to listening in on party lines and spreading news about other people's business forms the theme of "Party Wire," co-starring Jean Arthur and Victor Jory playing at the Rialto theater today and Thursday.

Jory, a native son, returns to the village of Rockridge after a seven years' absence and discovers that the telephones are buzzing as viciously as ever. His romance with Miss Arthur, who has always adored him, is seriously complicated by jealous mothers who had hoped to ensnare them for their daughters. Charley Grapewin and Helen Lowell have prominent parts in the cast.

HIGHWAY COMMISSION POSTPONES MEETING

SALEM, Ore., Aug. 7.—(AP)—The The meeting of the state highway commission set for August 29, at which time it was expected the first of the contracts under the $9,200,000 federal and state highway program for the next 18 months was to have been let, was postponed today.

The meeting now will be held either September 5 or two weeks later, B. H. Baldock, state highway engineer, announced. WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
