NEW CASH BONUS BILL INTRODUCED

WASHINGTON, Aug. 7. — (AP) — A new cash bonus bill, designed for consideration at the next session of congress was introduced Tuesday by Senator Byrnes (D.-S.C.) and Steiwer (R.-Ore.)

It would provide not less than 96 per cent of the face value of the adjusted service certificates in cash.

Earlier democratic senate leaders had agreed to block efforts to attach a bonus payment amendment to the administration's tax bill. They decided the bonus issue should go over until January.

Participation of Steiwer in introduction of the bill was regarded by some observers as evidence that a number of republicans will cooperate with the democratic agreement.

The bill would move the maturity date of the certificates forward from 1945 to 1938 and pay them in cash with a slight discount.

It would be financed as other government obligations are, by the issuance of bonds.
