

ENRIGHT SEEKING MODIFICATION OF COURT'S OPINION

A motion asking a modification of the opinion of Circuit Judge Carl E. Wimberly in the suit of Niedermeyer, Inc. against Earl H. Fehl and others, for the pro rating of \$572.43 Supreme Court award to the Fehl has been filed by Attorney T. J. Enright...

Technical legal points on behalf of Thomas are advanced in the motion. According to the District Attorney's office, Jackson County will recover its costs of trying Fehl in Klamath county, for vote-stealing, if the decree is upheld...

MUST BE BORN AGAIN TO SEE KINGDOM OF HEAVEN SAYS PASTOR

Fred M. Weatherford, pastor-evangelist of the local church of the Nazarenes, spoke Sunday night on the topic, "The Genesis of Supernatural Life," drawing his text from John 3:3...

The personality around which the text centers is Nicodemus, said the pastor. "He was a member of the Sanhedrin which is comparable to the United States senate; a ruler of high standing and wide influence. He could not understand the moral philosophy of Christ, when in reply to his inquiry...

It is wonderful is the transformation through the power of the Holy Spirit in the forgiveness of one's transgressions, that he becomes a marvel to himself, a living miracle of grace. The tragedy of our life is unbelief. We have fallen upon a time when men have set themselves to the school of a false philosophy...

Portland, Ore., Aug. 12.—(AP)—The Journal said generally steady trade was suggested in the cheese trade, but receipts were showing seasonal decrease. Trading in the butter market appeared about steady with no changes shown in the cube trade on the produce exchange.

General advance of 1c dozen in local egg prices for the week's opening was because supplies were scarce and California prices have been higher for some days past.

With a shortage of supplies, the market for leghorn broilers was firmer and generally higher in the live poultry trade. Purchases are reported up to 13-16c for the large to small respectively. In spots buyers are offering less for large leghorn hens.

POLICE CHIEF OF NO. SACRAMENTO SLAIN ON SUNDAY

Sacramento county for the first time since frontier days, transferred the prisoners from the county jail to the more inaccessible city jail and reinforced a guard of deputies.

The sheriff, rather than risk a chance of losing his prisoners as Siskiyou county officers did last week when a gang of citizens hanged C. L. Johnson for killing Chief of Police F. R. Daw, of Dunsmuir, said he was taking every precaution to preserve order.

RELIEF CANNERY TURNS OUT FOOD FOR WINTER USE

About fifteen families on county relief lists are canning their produce for winter consumption at the Medford Relief cannery, which opened in the armory basement recently in accordance with federal self-help plans. Under the present arrangement the state supplies the labor, and the government furnishes the sugar used in canning, while the families bring their own produce.

The cannery runs from Monday through Friday, and it is estimated that sixty thousand cans will be produced by this S. E. R. A. project, which will continue to operate for approximately three months or as long as produce is available.

Eligibility for this help is determined by the department of social service. Everyone on county relief lists is automatically eligible. The cannery takes care of Medford, Central Point, Eagle Point, Trail, Prospect, Jacksonville and Applegate. Other plants are located at Ashland and Rogue River.

CRATER RIM ROAD LOCATION DRAWS HOTEL'S PROTEST

from Kerr Notch and meeting the rim road about 200 yards from the hotel. "It was brought to our attention for the first time yesterday," the telegram said, "that the high line road now is to be discarded and that your approval is about to be sought for the designation of the low road. The high line road will be of immense value and attractiveness to all tourists and will be available much earlier in the season on account of its south exposure with consequent early melting of snow."

Situations In. Price commented today that "this situation is one of several unpleasant incidents which have arisen within the park in the past few years. . . . This latest move . . . will greatly inconvenience the public. In fairness it should be made clear that the present superintendent, only recently appointed, was not a party to these matters."

500,000 ITALIANS CALLED FOR DRILL IN NORTHERN AREA

been announced as designed for maneuvers in the Brenner Pass area. Gives Huge Man Power. Observers said there obviously was no thought of directing all the military efforts toward settlement of the Ethiopian dispute but that a mobilization of the sort outlined for the north would give it Duce a mobile power to send almost any number of additional regiments into East Africa to aid the 235,000 men already ordered there.

Italy will go to Paris, it was pointed out, in the same spirit that she went to Geneva—without expectations that anything will be accomplished to obviate the necessity of her exercising the military power she has marshaled in her East African colonies.

That treaty provides for the economic settlement of the Ethiopian problem by arbitration by the three great western powers. Italy contends, however, that she has never been able to enforce the terms of the treaty because of what is regarded here as lack of Ethiopian cooperation. That creates the feeling that the Paris conversations will be barren of any beneficial diplomatic settlements.

FINE RED SOX FOR STALLING IN GAME

CHICAGO, Aug. 12.—(AP)—Joe McCarthy, manager of the New York Yankees, and Joe Cronin, manager of the Boston Red Sox, today were fined \$100 each by William Hartridge, president of the American league, for allowing "stalling" tactics in the New York-Boston game at Boston August 9th. President Hartridge described the actions of the managers and players on both teams as a disgraceful exhibition. He gave McCarthy and Cronin five days to forward their personal checks to pay the fines.

MY MARRIAGE WAS A DISMAL FAILURE UNTIL

Read this wife's true "B.O." confession

"AFTER the first few months romance was gone. My husband became cool, indifferent. Did this always happen? No, for I had a friend married several years and still blissfully happy. "One day I went to visit her in her beautiful new home. As she was showing me over it, I noticed Lifebuoy in the bathroom. Just to tease, I asked if she was afraid of offending me."

"I would be," she said, "if I didn't use Lifebuoy. Before we were married, John and I made a pledge of mutual consideration in all things. And, of course, that includes taking no chances with 'B.O.' "I think that's a big part of our happiness together," she went on. "Oh, my dear, why don't you . . . It might make all the difference in the world. . . ."

"AND IT HAS! My husband and I are happy as newly-weds again—no, happier! We, too, now have a 'mutual consideration code'. And it includes Lifebuoy."

Improves Complexions. Deep-cleanses face pores; makes dull, lifeless complexion glow with healthy radiance. Yet tests on skins of hundreds of women show Lifebuoy is more than 20 per cent milder than many so-called "beauty soaps".
