

SCOUT TRAVELERS SEE LAKE LOUISE, GEM OF ROCKIES

(By Irwin Dotey)
One of the most beautiful scenes that the Scouts of Crater Lake Council has witnessed so far was Lake Louise.

This beautiful lake is on top of the Canadian Rockies and is surrounded by rocky crags and peaks. At the west end of the lake is an immense glacier of solid ice. The water is deep green in color caused by the glacier melting and running into the lake.

The group arrived at the depot at Lake Louise at 9:20 p. m. Sunday. The Scouts of Portland, Weila Walls, and Crater Lake councils joined in a campfire in the waiting room of the depot. This might sound a little queer, a campfire inside a building, but it was true, for we held our meeting before an open fireplace.

Monday morning, every Scout was out of bed early and ready to start the trip to Lake Louise. The trip up to the lake, a distance of three miles, was made in Grey line stages.

As the stages arrived at the lake, they were immediately emptied of all scouts. Each scout was down at the lakeshore actually starting at the lake. It was as smooth as glass and the reflection of the surrounding mountains could be seen, especially the glacier on the peak at the west end of the lake.

The hotel at the lake is very large and the terrace in front is covered with poppies of many colors. This building is called the Chateau Lake Louise.

At 9:30 the boys went swimming in the large swimming pool near the hotel.

By hiking the three miles from Lake Louise to the train depot, each boy obtained a good appetite for lunch, and also got some excellent exercise as well.

The train left Lake Louise at 12:55 headed for Calgary, toward the coast. Many beautiful rivers and streams followed the railroad for miles and miles. A short distance from Banff was the "Three Sisters." These are three mountain peaks that look similar and they reach to an altitude of 9,500 feet.

As the train left the high Rocky mountains it came out into the rolling prairies that contain some wonderful cattle ranches.

Everything seemed peaceful on the train as the boys passed away the time by sleeping. One scout, Bud Mitchell, seemed to have sprouted a mustache, although to tell the truth he had a little charcoal on his upper lip, unknown to him. Larry Schade was curled up in a train car seat in a funny position reminding one of a pretzel.

The rolling prairies kept up and you could see for miles and miles. At Calgary the boys made a 20-minute stop.

One new appointment was made. It was John Harding as postmaster in charge of all mail.

HARRY STERLING LYNCH NATIVE SON OF VALLEY DIES AT TALENT HOME

Harry Sterling Lynch, 63, passed away at his home ranch on Wagner creek near Talent, Wednesday after a few days' critical illness.

The deceased was born July 16, 1872, in the same house where he has lived all his life.

His marriage to Miss Lella E. Anderson took place in Phoenix, May 14, 1909.

He is survived by his widow, Lella E. Lynch and three daughters, Mrs. Mildred Hayes and Mrs. Eleanor McGrey, Talent; Mrs. Vera Doran, of Oakland, California; one sister, Mrs. A. B. Chapman, Ashland, and two brothers, T. H. Lynch, Tonopah, Nevada and W. O. Lynch, of Milbrae, California.

Harry Sterling Lynch belongs to one of the pioneer families of the community. His father, George M. Lynch, came around the Horn in 1849, from Lynchville, Virginia. He made his home in California until 1869, when he came to this valley, occupying the same home place, in which the son was born and died.

Mr. Lynch is a member of the Masonic body of Ashland.

He had been ill for three years. His death was unexpected, having been seriously ill only since Monday of this week.

Funeral arrangements, in charge of the Stock-Litwiler funeral home in Ashland, have not been announced, awaiting word from out-of-state relatives.

A large circle of relatives, friends and neighbors will mourn the loss of Mr. Lynch, a good friend and a good neighbor.

REPUBLICAN INCREASE SEEN NEXT CONGRESS

WASHINGTON, Aug. 15.—(AP)—Rep. Chester C. Bolton of Ohio, chairman of the republican congressional campaign committee, forecast today that his party would pick up "at least 75 or 100 house seats" at the next election.

There is an even chance that we will get a majority," Bolton said. To do this the republicans would have to gain 112 seats.

Bolton said his committee is conducting a survey of public opinion. County chairmen and other leaders are being interrogated in this connection.

Dance every Saturday night at Bonney's Grill.

Fritz Schubert was one of the 14 children of a parish schoolmaster in a suburb of Vienna.

TOGGERY OPENING STORE-WIDE SALE AT 7 P. M. TODAY

Men of southern Oregon are anticipating the Toggery's sensational store-wide sale which will open tonight at 7 o'clock, launched for the purpose of disposing of \$25,000 worth of high grade apparel before the end of this big event. "Our 32nd anniversary and our faith in the future prosperity of Medford has prompted us to aim high in this sale campaign which will undoubtedly surpass all previous Toggery sales in volume and value," W. F. Isaacs stated.

The Toggery's entire stock of men's clothing has been drastically reduced during the past two days while the store was closed preparatory to the opening tonight. Everything must be sold as soon as possible in order to afford space for new fall and winter merchandise, according to Isaacs.

Such well-known lines of men's wear as Society Brand and Hyde Park which have gained for the Toggery a large following during their 32 years as Medford clothiers will be included in the quick-disposal sale. Suits, overcoats, hats, shoes, neckwear, shirts, sweaters, hose, pajamas and accessories will all be available at low prices.

W. G. Weise, who is known throughout the Pacific coast as a successful sales promoter, is personally conducting the Toggery's selling event. Mr. Weise was in charge of the Toggery's successful store-wide sale last August.

NATURALIST LECTURES IN CCC CAMPS OF AREA ON WORLD'S BIRD LIFE

CAMP WIMER, Aug. 15.—(Spl.)—The stalwart warriors of the bird world were dramatically described by Wimer CCC men Monday evening by ninth corps' best known lecturer, Alfred Cookman. Cookman's singular gift for spurring the imagination of his hearers made them sweep along with him from north to south pole with the exotic term, cover in the dark recesses of towers with barn owls, breathlessly emerge from a power disc with the sharp-tipped hawk, or teeter on the edge of awe inspiring, bleak arctic chasms with the ridiculous chicks of the more ridiculous puffin.

The flag of the Adventurers club, once carried by Adirama Byrd to the South Pole accompanied Cookman on his trip. For 8 years he has studied birds and small animals in the U. S., Canada, Mexico and Alaska. Various trips to the South Seas, along the Atlantic coast and to the Galapagos islands have added to his collections. At present he has some 14,000 specimens, animals, shark teeth and the like. He carries 200 specimens with him to illustrate his lectures.

Cookman has been lecturing in CCC camps for 18 months. During that time he has delivered 357 lectures on birds to 25,000 CCC men in 197 camps throughout ninth corps. He will tour Medford district the next month proceeding from Wimer to Hand, thence to the Umpqua and Steamboat.

TWO VETERINARIANS OF ASHLAND FINED FOR LICENSE LACK

J. E. Reedy and Marlon Centers of Ashland, were each fined \$100 and costs by Justice of the Peace William R. Coleman, on a charge of unlawfully practicing veterinary medicine without a license. Each agreed to make monthly payments of \$10 until the fine is paid.

Reedy gained considerable local notice when he appeared as a witness for the defense in the murder trial of Albert W. Reed here in 1932. At that time he was referred to in the evidence as "The Spider," and claimed to be a detective. Reedy corroborated the testimony of Reed that he was in the Ashland police station immediately following the killing. It developed at the justice court hearing that Reedy had acted as a veterinarian for the government during the World War.

Both Reedy and Centers claimed they were graduates of veterinary schools. Centers is well-known in the Ashland district and has treated animals in the south end of the county for several years. It was testified that recently he performed a successful operation, upon a dog belonging to a deputy sheriff.

Mrs. Marjorie Lockwood of the Talent district was fined \$5 and costs, for driving without an operator's license. The court remitted the fine upon payment of the \$4.50 costs. Mrs. Lockwood, it developed was just learning to drive an auto, and did not think it was necessary to procure a driver's license.

HIGHS OPPOSING PLEA DISMISSAL

Dismissal of the appeal of George A. High and Robert N. High, Ashland brothers under a four-year prison sentence for setting fire to the Balfour-Guthrie barn near Ashland for the alleged purpose of collecting \$15,000 insurance is sought by the district attorney's office in a supreme court motion. George High is at liberty on bonds. Robert High is confined in the county jail. The

pair were convicted by a circuit court jury last night.

The defendants, through Attorney George M. Roberts, filed a motion opposing the dismissal, "upon a technicality." Counsel declares that "in the stress of business" no brief was filed with the attorney-general, but the oversight has been

corrected. He holds that granting of the district attorney's motion would deprive the Highs of the right of appeal.

FORMER STATE SOLON SUFFERS STROKE, DIES
EUGENE, Ore., Aug. 15.—Former Representative Ben F. Keeney, 69,

suffered a sudden stroke and died while visiting at the home of a neighbor here late yesterday.

Noted Economist Killed
GRESSEN, Germany, Aug. 15.—(AP)—Sir Basil Phillott Blackett, British authority on gold and economic problems, was fatally injured today in an automobile-train crash ten miles from here.
