

### ARTHUR J. RULAND, REDMEN'S CHIEF, SPEAKS TONIGHT

Arthur J. Ruland, Great Incohone, or national executive head of the Improved Order of Red Men, will address a special gathering of the organization to be held here today.

Mr. Ruland, whose home is in Binghamton, New York, is conducting a nationwide tour in the interest of Americanism. He has already visited the tribes and great councils of the order in Hawaii, California, Montana, Washington, and Oregon.

The more than a million members of the Improved Order of Red Men have pledged themselves to the Americanization campaign. They are fighting for the passage of legislation now pending in congress, designed to compel aliens in this country to become citizens after they have been here a reasonable length of time. Those who refuse to offer of citizenship would be deported.

While in Medford, Mr. Ruland will have his headquarters in the Medford Hotel. He will deliver an address on "The New Freedom."

Yesterday at Portland Mr. Ruland declared: "The time has come when we must make America safe for Americans. We must not overlook the old truth that there is a vast difference between liberty and license. We must fight to preserve American customs and liberties from the communists and other borers from within."

Referring to the growing menace of communism, Mr. Ruland said: "The best estimate of the numerical strength of the communist party in the United States is some six millions. This bears a striking proportion to the number of unassimilated aliens in our land, from whose numbers its ranks are largely recruited."

"The Improved Order of Red Men have pledged themselves to urge the passage of legislation now pending in congress, designed to compel aliens living in this country to either become citizens or get out."

The Improved Order of Red Men is the oldest patriotic-fraternal order in the United States. It was formed at Baltimore, Maryland, shortly after the close of the Revolutionary war, by the union of three patriotic groups—the Sons of Liberty, the St. Tamms society, and the Order of Red Men.

Among the distinguished Americans who are members of the order is President Franklin D. Roosevelt.

### COMMUNISTS SOW UNREST IN ITALY

MOSCOW, Aug. 16—(AP)—A movement by communists to cripple Italian military operations in east Africa through the organized resistance of workers in Italy was described today at the comintern by Italy's delegate, M. Battista.

He said communist agents were busily "revealing the imperialistic character" of the military plans to the Italian people and enrolling the workers in a campaign of opposition. He admitted the task was difficult because of Mussolini's rigid control of the international situation.

He predicted, however, that if war were carried out against Ethiopia, Il Duce would have to cope with a serious wave of discontent among his own people.

### CRESCENT CITY JAUNT PLANNED BY CHAMBER

An invitation has been received by the Jackson County Chamber of Commerce here from the Grants Pass and Crescent City chambers, asking that as many from here as possible attend the dedication at Crescent City Sunday of an \$800,000 sector of the Redwood highway just out of the coast town.

Governor Frank Merriam of California will be the principal speaker, while other luminaries from the two interested cities will speak. A large delegation from this city will undoubtedly take advantage of the invitation and journey to the coast city, chamber officials said.

### ALASKA FREIGHTER RECALLS PROFITS

SEATTLE, Aug. 16—(AP)—"General freight, \$1 a pound; squaws 1 cent a pound."

That was Alaska's first packhorse freight rate schedule. J. D. Barnes recalled here today at the opening of the seventh international sourdoughs' stampede, Barnes, here from Fresno, Calif., to attend the Alaska-Yukon reunion, took the first packhorses into Alaska, landing four at Juneau in 1896.

"I got \$1 a pound for packing flour and such," he said, "but I only got 1 cent a pound for packing squaws home after week-end celebrations in the Silver Bow Basin."

"Of course I made money, even at a penny a pound, for those squaws run about 200 pounds and over, and I'd pack 'em, two to the horse, with their backs together, to sort of balance the horse."

TABLE ROCK, Aug. 16—(Spl.)—Ralph Wilson has discontinued operations of his meat market.

B. C. Collins is prospecting for gold in the Applegate district. Housewives of this section are busy with canning operations. Garbage is being dumped along the road in the vicinity of Bybee bridge contrary to the law governing public highways.

This matter should be taken up by our local Community club and the proper authorities advised.

Water and air are now on tap for motorists at the Table Rock store.

Fear picking will begin next Monday at the Modoc orchard and two days later at the Redskin.

J. L. Nealon got a load of hogs into the Portland market the first of the week for a 12c high.

The P. R. Myers family is on a week's vacation along the coast.

Miss Edith Sage is employed in the office of the Rogue River Co. of Medford.
