

BELCASTRO, SOOS MATCH THURSDAY INTERESTS FANS

Still simmering from the boiling melee last Thursday night at the Armory when five ring behemoths literally shook the rafters in a battle royal, the meat of the whole congregation of sneer and sneer artists was sorted out today and lined up by promoter Mack Lillard for this week's card.

Pete Belcastro, Italian drop-kicker who was felled like an ox during the wild scrap, will meet Johnny Soos, Indiana toughy who did the felling, in a grudge match at the head of the list. Belcastro vows vengeance on the chubby easterner, and has agreed to forfeit \$100 if he loses.

Awful Al Karasick of Ruess, who was the focal point of a gang-up scene in the battle royal, will tangle with Joe Hubka, whose bone-crunching Sonnenberg featured in the main event, in the other half of the main event. In this bout two of the most capable grapplers ever brought here will be seen in action.

Herb Berguson, a newcomer who is highly-touted, will meet Floyd Wolfgang of Medford in the 20-minute opener. The card will start at the usual time, 8:30 o'clock, and the promoter announced that ticket sales will start Tuesday at the same place. Anticipating a repetition of the rush of fans that swelled the Armory last week, Lillard urged the "rasin" fraternity to buy the pastebards early.

Although the card as a whole offers promise of juicy mat entertainment, interest is being shown mainly in the Belcastro-Soos tussle. Pete stated today that he has no fear of the swarthy easterner when he can tackle him alone, without the disadvantage of being tied up in a boy scout knot by another wrestler, as was the case in the battle royal.

Lillard has as yet been unable to locate a suitable opponent for Bob (Marine) Kennison of Gold Hill, although the leatherneck-grappier has repeatedly put in a bid for a match.

TIGERS FINISHING AHEAD IN CANTER

By Associated Press. Unlike the Giants, who are still having their troubles and plenty of them, although they escaped Detroit's grasp with St. Louis with their struggle with St. Louis with the greater portion of their slender lead untouched, Detroit's Tigers are having just a gentle canter toward the pennant so far as their series with the second-place New York Yankees is concerned.

The Tigers have won the first two games of the clash with their leading contenders, rolling back through to an easy 9 to 0 triumph behind Schoolboy Rowe yesterday after pitching out a 10-inning decision Saturday. That gave them an eight-game lead with just six weeks to go before the season closes. The Giants aren't that far ahead of the fourth-place Pittsburgh Pirates in their league.

JAPANESE SWIMMERS TRIUMPH OVER YANKS

TOKYO, Aug. 19.—(AP)—Winning three of tonight's four final events, the Japanese swimming team defeated an all-star United States squad in a three-day meet for world supremacy in the sport. The point score was Japan 26, United States 27.

The Japanese men demonstrated their superiority over the invading Americans by taking the final event, the 800-meter free-style relay, in 3:32.3. This time bettered the world record of 3:58.4, made by a Japanese team in Los Angeles, Calif., August 9, 1932.

PARIS PEACE PARLEY BREAKS UP WITH ALL HURLING ACCUSATIONS

PARIS, Aug. 19.—(AP)—Another diplomatic effort to prevent the impending war between Italy and Ethiopia today in an outburst of general accusations.

Baron Pompeo Aloisi of Italy, who had conveyed Premier Mussolini's "no" to French and British peace proposals, told Premier Laval "au revoir" and prepared to go back to Rome.

Anthony Eden, British minister for League of Nations affairs, told the French government head the same and prepared to return to London.

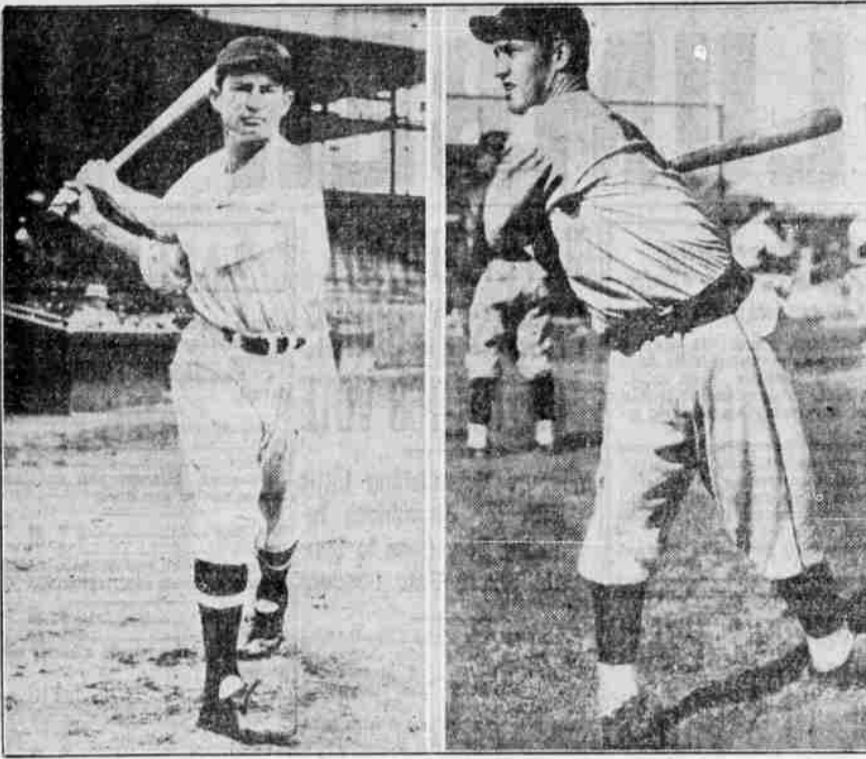

A high French official said privately that Europe "faces a crisis like that of 1914" and "France must resign herself to losing Italy's friendship."

A member of the Italian delegation blamed the breakdown of the conference on the lack of English good will and their unbinding position.

A British spokesman commented: "Nothing can be done at Geneva to prevent war." The same source said that Premier Laval had assured Eden that France was with England in this critical moment.

Said an Italian spokesman: "The English are not willing to see Italy have Ethiopia without sharing in it themselves, although I suppose we should not deny their spokesmen's claims that they are upholding League of Nations idealism."

ROGUES OVERWHELM GOLD HILL TOWNIES 34-2 IN 7 INNINGS

With Donovan, Cavell, Moffard and Beuman whacking out home runs, and every other man getting at least a three-bag hit, the Medford Rogues had yesterday run up a 34-2 lead over the Gold Hill Townies, in the first seven innings, and seeming that a sufficient margin to assure them of overcoming any last minute drives by the Townies, called the game at that point and went on home.

Wellon was switched to first for the game. George Smith took over the second sack duties. Dick Lewis was on short, and Arnie went to third, to make up the sweetest-running infield seen here in years, and what they did to the Gold Hill Townies, the few times they did get their bats on Beuman's whistlers, envied them to the real ball fans in the stands.

Bouchard, regular catcher, was unable to get down from Washington, where he is playing in a soft-ball championship series, and Nettler took over his duties with marked success. The next game will probably see the Rogues mixing with Weed, Yreks, or Dunsmuir.

SPORT SLANTS

When 11-year-old Mary Hoerger of Miami won the three-meter springboard dive championship at the Women's National A.A.U. swimming meet at Manhattan Beach (N. Y.) the spectators got a great thrill, but it was nothing compared to the one Mrs. Paul Hoerger, Mary's mother and coach, experienced when her tiny tot was declared the winner over a field of eleven that included Mrs. Dorothy Poynton Hill, 1932 Olympic diving champion. Mrs. Hoerger's heart "lied to stop beating" to use her own words, when Mary took off on her deciding optional dive, a two-and-a-half forward somersault.

Mary Hoerger started out to be a swimmer and was a breast stroke swimmer until she was seven years old. In less than a year she mastered the difficult art of springboard diving and the first competition she ever appeared in was the dramatic Olympic notation that the child was too young.

Although she was only eight years old she knew 14 dives and finished in ninth place among 26 of the finest women divers in the country. It is interesting to recall that when Mrs. Hoerger sent Mary's entry in for the Olympic trials it was rejected with the notation that the child was too young.

She Needed a Lawyer! In as much as the rules do not contain any age limits, Mrs. Hoerger was finally able to have the child's entry accepted, but not until she had hired a lawyer to clear up the mix-up.

Last year Mary won the Seaboard Athletic association junior and senior low and high board diving championships, and was third in the National springboard championship which was won by Miss Katherine Basis, with Mrs. Hill second. Little Mary, despite the fact that she weighs only 75 pounds, executed more hazardous dives than any other competitor. In terms of aquatic technique, she executed higher point dives than any of the other girls.

Mary Hoerger has two sisters, Ruth, who is 13 and weighs 90 pounds, and Helen, 6. The eldest of the Hoerger girls was the first to take up diving in the valley. The Florida State diving championship at the age of 7. She is

both a diver and a swimmer and is the present holder of the 500-yard junior free-style championship of Florida.

"Baby" Is Phenomenon

Helen Hoerger, the baby of the swimming family, is a real phenomenon. She could swim 40 feet when she was 11 months old and could dive from a 30-foot tower at 4 years of age.

Her mother is of the opinion that Helen is further advanced than either of her sisters were at the corresponding stages of their careers.

Mrs. Hoerger does all the coaching of her three little girls and she has developed a special technique for instructing very young children. All the difficult dives are first practiced on a sand board, the children being held in a belt with swivel joints until they understand the tumbling movements necessary to the proper execution of the dives. Then when she first tries them in the water they are padded with extra sweat shirts and trunks in order to protect them in case of mishap.

DUCKS AND STARS DIVIDE IN DOUBLE SUNDAY PROGRAM

After a now-you-see-em-and-now-you-don't sort of week, during which the San Francisco Seals bounced out of first place, down to fourth and right back up to the top again, the Pacific Coast league resolved into pretty much of a three team race today.

Decisive series victories by the Seals, the Missions and Portland, sent those three clubs well out in the lead with the fourth place Seattle Indians four full games behind tied with Los Angeles. Portland, however is but half a game back of the Seals.

The San Francisco club, after losing first place by going two down to the Los Angeles Angels, grand-slamed the closing games of the series in a display of good pitching and smart baseball.

Sam Gibson, league-leading twirler, beat Mike Meola as the Seals won yesterday's game, 2 to 1. Timely hitting helped the San Franciscans win the second, 5 to 4.

Meanwhile, the Missions, after winning five straight from Oakland, weakened to drop both yesterday's contests, 4-5 and 1-7.

Seattle and Sacramento split, the Indians taking the first game, 5 to 1, and the Senators helping themselves to the second, 5 to 2. Portland and Hollywood likewise divided. The ducks won the top-sided opener, 17 to 3, but were shut out, 0 to 3 in the six inning tieup.

GUFFEY COAL BILL PASSES IN HOUSE ON 194-168 VOTE

(Continued from Page One.)

hour, trade practice and price fixing code for the soft coal industry.

It leaves a 15 per cent tax on the value of coal at the mine shaft, allowing a 90 per cent "drawback" on that tax to those producers who abide by the code.

Bought by President Roosevelt to better conditions in the coal industry, the possibility that it would pass congress has, at least twice, forestalled strikes in the soft coal fields.

It was bitterly opposed by many members, however, on the ground that it was unconstitutional.

FARM MORTGAGE BILL TO SENATE

WASHINGTON, Aug. 19.—(AP)—The senate today passed the Prater-Lemke farm mortgage bill without a roll call. It now goes to the house.

Backed by strong republicans as well as administration support, it won out despite the protest of Senator Bailey (D. N. C.), that it would injure farm credit.

The bill, designed to replace the law declared unconstitutional by the supreme court, would permit farmers to retain their homes under court jurisdiction for three years, by paying a "fair" rental, regardless of the size of the debt.
