

SCOUTS DINE AT DEMPSEY'S CLUB WHILE IN GOTHAM

The following interesting letter was received from one of the Boy Scouts in the Medford troop making the tour through the east:

New York City, Aug. 18, 1935.

Dear Family:

The hardest thing on this trip is to find time to write. We start at 6:30 a. m., and it is usually two or three before we are asleep in bed. That isn't so good. We are busy all the time, and seeing things we could never see alone.

Yesterday evening we were at Luna park, "Coney Island." The Boy Scouts gave us free admission tickets and the Luna park concession gave us 90 cents worth of rides for 40 cents—right good.

Today we see Radio City and the double-header baseball game. That will be a full day.

We stayed at the Cateract Hotel. It is rather old, 147 years, but it is still very classy indeed. We had a grand time there during our short visit. The falls are even more beautiful under the searchlights.

Tomorrow night we are having dinner at Jack Dempsey's club, and old Jack is going to be there in person. I surely wish we were going to be here on the 22nd. There is going to be seven six-round bouts in Madison Square Garden. Dempsey's club is just across the street from the Garden.

I find many changes in New York City since Dad and I were here in 1930, so many new buildings and new parks, and everywhere you go you see the words "Strikes—A. F. of L." You really do not know what to think. Everyone says it is the communists that are behind the movement.

James West, chief scout executive, met us at the train, and gave us (free) jamboree neckerchiefs. We are the only outfit he met.

Our next stop will be at Washington, where we will stay four or five days.

DICK.

In Shrine Circus

One of the outstanding acts appearing with Polack Bros. Circus, which comes to Medford for a week's engagement appearing at the Jackson county fair grounds under a big top starting Monday, September 2, is Frank Deritzle, known in the circus world as Up-Side Down Deritzle, who features at the end of his act a head stand on a revolving globe on a revolving trapeze, said to be one of the most difficult feats performed on a trapeze.

Deritzle's one of the 26 acts in the circus which makes up a two and one-half hour program of almost every kind of act seen in any of the larger circuses.

Polack Bros. Circus is appearing here under auspices of the Hillah Temple Shrine Patrol to raise money for their trip to the national Shrine convention in Seattle next year.

There are hundreds of orphan, crippled and underprivileged children in Medford and vicinity and special arrangements are being made whereby two children will be admitted to the circus on one regular adult ticket and already several have bought tickets and turned them over to the committee which will handle the care of these children.

The large tent in which the circus will appear seats 3000 and there will be good seats for all who attend.

During the engagement there will be one matinee which will be held on Saturday with the regular performance of one show each night.

TIGARD, Ore., Aug. 22.—(AP)—A grass and brush fire which menaced 50 pounds of dynamite was brought under control near here last night after spreading over about an acre. The blaze was held before reaching the Washington county quarry from which the dynamite was removed.

Ye Poet's Corner

Two Heroes

Over that vast bleak Arctic island far from friends and kin and home. A brave and famous pilot. And a movie idol roam.

Days they've spent in idly flying. Gazing on God's wonderland. On the Matanuska Valley. Over mountains wild and grand.

But that is not their chief objective. That is not why they left all— Civilization, friends and loved ones. In their answer to the fliers' call.

Adventure draws to new dangers: How they plan, conspire with glee. They will hunt "Siberian tigers" When they hop the Arctic Sea.

North, they head their pontooned air-planes.

To Point Barrow, where their flight will proceed from there to Russia. After resting through the night.

"Man proposes, God disposes." Old the adage, and true: For the brave men, fog endangering. Down into a lagoon flew.

After questioning the natives. Who directed them aright: Once again the dauntless heroes. Headed north, attempted flight.

This attempt was short and fatal. Breathless horror, a nose dive! Down in icy lagoon waters. Crashed the fliers, never to rise.

Thus the life of two men ended. Famed Will Rogers and Wiley Post: But the memory long will linger. How their lives were lived and lost.

Only heartaches for their families— Only memories of those gone. But the future generations Will learn of them in story and song.

HOP PICKING STARTED IN APPLAGATE YARDS

BIG APPLAGATE, Aug. 22.—(Sp.)—Hop picking in the Applagate district began Monday and now is in full swing, with 200 pickers employed at the B. M. Clute yards and 75 at the John Herriott ranch.

The Herriott crop will be harvested in a short time, and the pickers will move to the Clute yards to complete picking of the early clusters. Additional hands will be employed for the later varieties. The pickers, occupying the 12 electrically equipped cabins on the grounds have created a sizeable colony.

WARDS HAVE STUDIED THE

Back to School PROBLEM

here are the clothes they need

We've done our homework before school starts, and we have the right answers. We know how to spell longer wear in Junior's clothes. We can read Big Sister's longing for smart styles. We don't forget the battles between kiddies' clothes and the tub. We can map the territory Small Brother's shoes cover in a day. That's why we make children's shoes with sharkskin tips. Ask high school girls the styles they like. Test fabrics for sun and suds. And besides you'll shop far and wide without finding such low prices for such splendid qualities.
