DRESS REHEARSAL OF ITALIAN FORCE ON AUSTRIAN LINE

(Continued from Page One.)

The tactical problem presented left no doubt as to the practical idea behind the maneuvers. Dropping all pretense of fiction, this meant that the Italian army is to find a way to reach across the Austrian frontier if it is required to do so by any development in Austria while part of the Italian military force is fighting in Africa.

LONDON, Aug. 23.—(AP)—Great Britain's powerful imperial defense committee, working speedily upon cabinet instructions in view of the war clouds in East Africa, today began the reallocation of British fighting forces along the vital points likely to be affected by a war.

Airport Log

Les Bowman, factory representative for Waco planes, stopped at the municipal airport overnight enroute through Medford by air.

H. K. Coffey of the United Benefit Life Insurance Co. of Portland, was a visitor today at the municipal airport, arriving by air.

SAFEGWAY CHIEF WINS BY HAIR

When southern Oregon food shoppers visit the Safeway stores, they are greeted by handsome clerks who pleasantly peer at them from behind fast-growing whiskers. Manager J. F. Haws, manager of store No. 41, is the envy of his fellow workers, as day by day he assumes a closer resemblance to the famous "Blue Beard."

This unconventional shunning of barber shops is part of a unique publicity program to call the public attention to Safeway's "Pioneer Days" selling event which will take place in September. In the meantime, interested patrons are sending A. J. Anderson, manager of store No. 471, on East Main street and Mr. Haws fan letters with encouraging recipes for promoting rapid hair raising.

For the information of other local beau brummels who admire the Safeway employes' silken sideburns and chin whiskers, the store managers consented to disclose a few secrets. A diet of raw meat and doughnuts is guaranteed to aid in attaining a cave-man appearance in half a week. Another idea suggested by a prospector is to hide away in the hills for a month and lead the simple life, the mountain air and quiet atmosphere being conducive to burly beards.

Low Riggs, out of the game with an injured finger, earned his pay by doing considerable pinch-running for the Cincinnati Reds.

PUBLIC LINKS TO CONDUCT TOURNEY

The fall golf season will be officially ushered in September 1 and 2 at the Medford public golf course with a big blind bogey tournament. It was announced today by F. W. Chausse, owner of the course. A putting contest, a pitch-and-put contest and a match for driving distance will also be featured, with handsome prizes.

The Medford Public golf course, with only nine holes, is said to be one of the sportiest courses in the state, with the eighth hole, in which the golfer contends with a wire fence, a road, tall weeds in the rough, an irrigation canal water trap, and a rock ledge, is described by Chausse as one of the toughest holes he has ever designed, and he has designed several courses. Nature has aided him in making it tough, with a large rock placed in a strategic position. Chausse has put the green right behind this rock.

\$100,000 LEFT IN FUND FOR CAPITOL REBUILDING

SALM, Aug. 23.—(AP)—The state restoration fund will still have \$100,000 to apply on the construction of a new capitol building after most of the equipment destroyed in the capitol fire is replaced. Dan Fry, state purchasing agent, estimated today. Fry said the cost of the new equipment was not as great as had been expected. The fund originally exceeded \$183,000.

M'NARY IN HURRY TO RETURN HOME

PORTLAND, Ore., Aug. 23.—(AP)—A special Washington dispatch today to the Journal said Senator McNary probably will be the first of the Oregon delegation to return following congressional adjournment.

With adjournment predicted for this week end, Senator McNary is preparing to leave Sunday afternoon, traveling home by rail. Representative Most probably will follow him by not more than 24 hours. Representative Pierce and Mrs. Pierce, his secretary, plan to leave Sunday by automobile, going by way of the Yellowstone park.

Representative Ekwall will remain about a week to clear up office matters and Senator Steiwer has engagements that will detain him about two weeks.

Of course plans would be altered if congress doesn't adjourn when expected.

PERCY ROCKEFELLER'S WIDOW TAKEN BY DEATH

GREENWICH, Conn., Aug. 23.—(AP)—A three months illness had ended in death today for Mrs. Isabel Stillman Rockefeller, widow of Percy Rockefeller, and heir to his vast estate appraised at more than \$9,000,000. The 59 year old widow of a nephew of John D. Rockefeller, died late yesterday less than 11 months after the death of her husband, September 25, 1934.

Fall Dresses

The new fall dresses are exquisite. The colors of Indian rust, french violet, Devon green, brown and black are made in decidedly different styles than we have been having. High necks and especially stand-up collars at the back. Dolman sleeves, full sleeves and gathered into a long narrow cuff. Trimmings of stitchings, fagoting, appliques and open work braid in profusion for yokes and sections of the sleeves. Skirt lengths are somewhat shorter and the lines are graceful with a gentle swinging movement. This is accounted for by the clever placing of fullness, high center pleats stitched down some 12 inches, then allowed to swing free. The skirt with the front gore lends gracefulness and has a very slimming effect. Materials of velvets (so very good) satin faced acetate crepes and light woolsens.

These in sizes 14 to 44 at
