Local and Personal

Back from Leave—Lieut. Harry May, Jr., has just returned from a leave of absence to San Francisco.

• • •

Applies for Enlistment—Melvin A. Reese left last night by train for San Francisco, to apply for enlistment in the United States army.

• • •

Capt. Wallace Plans Leave — Capt. Claire D. Wallace of Medford CCC district is planning to visit Portland on his leave of absence starting Sept. 1.

• • •

Expected to Return—Mrs. Roy D. Craft was expected to return by train today from Portland, where she has been visiting for the past week with her mother, Mrs. Anna Taylor.

• • •

Arrives for Visit Here—Mrs. Lulu M. Wetzel was expected to arrive today to be a guest here for a few days of her sister, Mrs. H. B. Lyon, before continuing south to California.

• • •

Leaves for Grants Pass—After attending to business matters here for a few days, Claude Gillette of Grants Pass left this morning for his home in that city.

• • •

To Bellingham—Mrs. J. H. Ueeny of this city left this morning by train enroute to Bellingham, Wash., to visit for a time at the home of Mr. and Mrs. S. O. Steinbach.

• • •

In Medford Today—Capt. Wanzer, commander of Camp Agness, Medford CCC district, accompanied by his wife, was in Medford today attending to business matters.

• • •

Here from Wenatchee—H. G. Axland of Wenatchee, Wash., arrived this morning on the Oregonian to attend to business matters here relative to the local Western Thrift store.

• • •

Takes Plane to New York—Capt. C. L. Brown of New York, who arrived by train, was a Medford business visitor today. He expected to take the United Aerlines plane enroute back to New York City.

• • •

Registered at Clift—Medford residents who are registered at The Clift in San Francisco this week include Mr. and Mrs. Albert Burch, according to word received here today. They left some time ago on a vacation trip south.

• • •

Returns from Salem—Mrs. Lois Young returned from Salem on the Shasta Monday evening. Following her school at Oregon State college, she underwent a major operation at Salem, from which she is rapidly recovering.

Clyde Smith Visits—Medford visitors today have included Clyde Smith, ERA foreman at Lake o' the Woods.

• • •

Visiting Bigelows—Mr. and Mrs. P. B. Bigelow have as visitors this month Mr. and Mrs. Edwin Biggs and Clifford Stanapfli of Los Angeles, who arrived yesterday to stay for two weeks.

• • •

To Leave Tonight—David Rosenbung, Jr., is expecting to leave this evening by train enroute to Seattle, where he will visit for a time with his grandparents, Mr. and Mrs. John R. Holmes.

• • •

Residents Resent Speeding—Residents on West Second street have complained lately to city police that motorists have been speeding on that thorofare, often at speeds in excess of 55 miles an hour.

• • •

Leaves for Portland—L. F. Lozier left Medford this morning for Portland to bring home Mrs. Lozier, who has been a patient in the Portland medical hospital for three weeks. She is now reported to be very much improved.

• • •

Patients at Osteopathic Clinic — Patients at the Osteopathic Clinic and Hospital yesterday and today, all having undergone tonsillectomies, have included LeRoy House of this city, Mrs. Charles Furnis, also of Medford, Mrs. Steve Nye of Phoenix, George Hueners of Jacksonville and Betty Phillips, of Brownsboro.

• • •

Take Inspection Trip—Capt. William C. Ryan, district welfare officer and Eugene C. Golden, educational coordinator, have just completed an inspection of the recreational and educational features of the CCC companies at Camp Wimer, Rand, Gasquet and Agness.

• • •

Group Back from Beach—Dr. Susie V. Standard of Phoenix, her mother, Mrs. Lydia Vincent and Miss Lottie Mae Watkins have just returned from a two weeks' vacation along the coast. They enjoyed the beach and surf at Crescent City, Port Orford, Gold Beach and Bandon, returning via the inland route.

• • •

CCC Members Leave—Having been discharged from the Medford CCC district, the following left last night by train for their homes: Jack Gibbons to New York; Henry Kyle, to Union Beach, New Jersey; Marlin M. Smith, of the surgeon's office of the Medford CCC district, to Fort Sheridan, Ill., accompanying John W. Sebinski, who will enter the state hospital at Fort Sheridan.

HEAT, HUMIDITY CONTINUE HOLD ON ROGUE AREA

Although the skies clouded up yesterday with all appearances of a refreshing shower, there were only a few drops of rain which failed to cool the atmosphere. After hanging stickily over the valley, thunder caps cleared away somewhat this morning, allowing Old Sol to beat down upon a community depressed by high temperature and great humidity.

The current hot spell has been unusually long without rain, and the weather bureau announced today that there are no immediate prospects of thunder showers in the valley, although there may be rainfall soon in the Siskiyous and other higher levels.

Yesterday at 5 p. m. the humidity reached 39, about 15 per cent higher than normal. The same conditions prevailed today and the clear skies promised to bring the temperature above yesterday's high of 91 degrees.

An electrical storm last night in the Siskiyous resulted in one small forest fire, which was reported under control today by officials of Rogue River national forest. Increased humidity, although the most disagreeable feature of the unusual weather conditions, is a boon to the forest service. It prevents the timber from becoming dried out despite high temperature, and at present the fire hazard in Rogue River national forest is not regarded as unusually serious.

Utmost precaution, however, is being taken against more lightning fires, which are expected if the humidity remains high.

SPEED PLANES TUNED FOR CONTINENT RACE

LOS ANGELES, Aug. 28.—(AP)—Ten noted aviators in planes some of which have a cruising speed estimated to be in excess of 300 miles an hour made their final preparations today for the race across the continent to start Friday morning and end at the national air races at Cleveland.

Cash prizes of $12,500 have been offered with $4500 to the flier who reaches Cleveland first, and an additional bonus to whoever goes on to New York in an effort to break the transcontinental record of Col. Roscoe Turner of Los Angeles, of ten hours and two minutes.

Air Weather Bureau Planned

MEDICINE HAT, Alta. (UP)—Establishment of an "upper air" weather observation station in the valley of the South Saskatchewan river, near here, is being considered by a group of United States interests, it is reported.

their advantage. The Kansan says little but he reads a lot. What he reads mostly is the mail bag. It is larger than that of most congressmen because Capper is a farm publisher as well as a farm legislator. He receives mail from the farm wives who do not write to anyone else.

He has noticed lately what he perceives to be a change in general farm sentiment toward the administration. The farmers, he says, are naturally frugal people. They have to be. A substantial number of them (perhaps a majority, he says) seem to have become interested during recent months in government expenditures. One thing which appeared to have awakened their interest, he believes, is

Thrilling Drama at Craterian

Reproducing a "face lifting" operation by make-up—

Building a state penitentiary—

Filming running fights between gangsters and secret service operatives at a speed of seventy miles an hour—

Driving an automobile through a flooded river—

These are just a few of the difficult details that went into the making of "Public Hero Number 1," drama of the fight of the secret service against organized crime, which comes tomorrow at the Craterian theater.

The story, based n actual scenes, reports and happenings in the government's war against organized crime, was filmed with every attention to authenticity. The prison break scene, in which Chester Morris and Joseph Calleia hold up warden and prison board and escape in a prison car, closely followed, in general detail, an actual escape that recently figured in newspaper headlines. The trailing of the disguised public enemy, a dramatic factor in the story, was likewise dramatized directly from official reports and newspaper accounts.

The cast is headed by Lionel Barrymore, in the principal character role as the physician-in-ordinary to the underworld. Morris, Calleia, Miss Arthur, Paul Kelly, Lewis Stone, Sam Baker, Paul Hurst and George E. Stone have prominent parts.

Dramatic Film On Rialto Bill

Two young and beautiful brides are packages of romantic dynamite whigh transform a peaceful Canadian farm estate into an abode of auspicion, jealousy, cross purposes and dangerous desires in "Jalna", film dramatization of the famous novel featuring a cast headed by Kay Johnson and Ian Hunter at the Rialto theater today and Thursday.

From Mazo de la Roche's novel, "Jalna" describes the harrowing experiences of two brides brought to the Whiteoak home as the wives of Eden and Piers. Their entrance soon causes a breach, husbands neglecting their wives to other men's attentions. Only tragedy can iron out the complicated situation to a satisfactory and happy denouement.

Thrilling Drama at Craterian (continued)

The holding companies act was passed and signed, but it is not yet a law. In fact, it may turn out soon to be a series of injunctions.

This good supposition is based on the fact that the utilities companies have been far more excited about the new appointment to the securities exchange commission than about the law itself. They think they know what the law means. They also suspect what the selection of James Ross (in Ferdinand Pecora's place) means. Mr. Ross is a bone dry public ownership man. He operated (in Seattle) the largest publicly owned electric light plant in the country. He despises the scent of private public utilities. That will make three anti-utility bloodhounds on the commission.

The answer is that the utilities groups are planning to contest the act in the courts before it becomes operative. They will resist registering and carry the case to the courts.

Note—The funny part of it is the new dealers who framed the legislation had only three utility holding companies in mind for erasure, but now have bigger ideas.

A real possibility or rescinding Russian recognition exists, despite all the state department had done to shush such an idea. The fact is the department would like to be forced into it. Officials are chagrined at the lack of Russian trade development after recognition. Also the attitude of the soviets about meeting the czarist debt is disheartening to our authorities. Britain once rescinded recognition of Russia.

Walnut Crop Heavy.

PORTLAND, Ore., Aug. 28.—(AP)—The Journal said today that indications point toward an Oregon walnut crop nearly twice as heavy as for any previous season.

QUINTS' HEALTH GOOD IN SIXTEENTH MONTH

CALLANDER, Ont., Aug. 28.—(AP) The Dionne quintuplets entered their 16th month of life today.

Dr. Allan Roy Dafoe reported that his tiny charges, born May 28, 1934, never were in better health.

They are gaining strength daily in their legs and are attempting to toddle about their play enclosures.

They find it no trick at all to stand upright and sometimes take a step or two before slipping to the floor. None has spoken yet.

Forest fires are burning each year in Washington 216,000 acres which is equal to a strip of land six miles wide and reaching from Seattle to the summit of the Cascade mountains. Think what this does to birds and game animals; to scenic assets; to present and future timber crops!

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
