CIRCUS PLEASES ON OPENING NIGHT AT FAIR GROUNDS
The Polack Bros. Circus under the "big top" at the Jackson county fair grounds playing under auspices of the Hillah Shrine Patrol, won its opening night audience Monday night to assure capacity crowds for the remainder of the six-day engagement in Medford.

The high quality performance came as a pleasant surprise to the spectators who were not expecting to see a full circus performance with outstanding features. They did, however, and many enjoyed it more. All genuine circus fans some time or other have wished they could see acts of the usual circus performance staged one at a time and at close range.

At the Polack Bros. Circus each

feature has its turn in the spotlight. Much of the aerial work is done directly over the spectators' heads.

Virtually all of the most dangerous acts are executed without a net.

To justify and adequately describe each act would require much space. There were two troupes, though, whose names were on all the spectators' tongues. These were the Felix Morales troupe and daredevil Frank De Riazkie, otherwise known as "Up-side Down De Riazkie," who is alone being capable of staging an entire performance by themselves. Morales, the famous Mexican circus star, was equally at home on the "bouncing table," tight wire, and slanting wire upon which he slides down on his head from a tower high in the "big top" to the ground.

For the children, Ray Wheeler and his dog revue is one of the features. There are also many clown alley numbers to entertain the little ones.

The Franklin Duo demonstrated a new brand of necking while perched on a rocking chair balanced on a trapeze.

Rue Enos, internationally known equilibrist and contortionist, has solved the problem of brushing his clothes in the hard-to-reach places. He could be well termed the human pretzel.

"Iron Jaw" Mott, the village strong boy blacksmith, calmly twisted an iron bar into the shape of a shamrock leaf, using his teeth for a vise.

In addition, there were beautiful acrobats, clowns, jugglers, acrobats, balancing experts, tumblers and other specialties that go to make up a fine circus program.

Everett Conway and his circus band supplied the music for the performance. Conway's drumming, forgetting the fact that he is the only one-armed drummer in the country today, was remarkable.

"Camels don't get your Wind"

FAMOUS SWIMMERS AGREE

Champion swimmers speak with authority when they discuss sound wind—healthy nerves—and Camels. Buster Crabbe, champion in the 400-meter free-style Olympic event, says: "I have smoked Camels for years. If you go in for sports at all, I'd advise Camels. You'll find, as I did, that Camels are so mild they never get your wind or cut your endurance."

What Buster Crabbe says is confirmed by Helene Madison; by Jane Fauntz, the Chicago girl who rose to Olympic fame; and by Stubby Kruger and Josephine McKim. So turn to Camels. Enjoy those costlier tobaccos in Camel's matchless blend. Smoke all you wish. Athletes say, "Camels don't disturb your nerves or wind."

So Mild! YOU CAN SMOKE ALL YOU WANT

IM FUSSY ABOUT MILDNESS. CAMELS ARE SO MILD THEY DON'T GET MY WIND. I LIKE THE 'LIFT' I GET WITH A CAMEL.

I FOLLOW THE CHAMPIONS' CHOICE AND SMOKE CAMELS. EVEN WHEN I SMOKE LOADS, CAMELS DON'T JANGLE MY NERVES OR IRRITATE MY THROAT.

I SMOKE CAMELS. MILD. THEY ARE MILD. DON'T UPSET MY 'CONDITION' AND CAMELS TASTE SO MUCH BETTER!

Novel Contest Winner

Clara Weatherwax, descendant of American pioneers of the 1800's and resident of Berkeley, Calif., has been named winner of a proletarian novel contest sponsored by the New Masses, radical publication for her book, "Marching, Marching." The story is laid in a Pacific Northwest lumber town. The prize is for \$750 in addition to royalties.

Club members from Oak Grove, Sams Valley, Table Rock, Central Point, Ashland, Medford, Talent, Griffin Creek, Willow Springs and Rocky Ann exhibited in the various projects and entered special contests. Willow Springs sewing club, led by Miss Lola Blackford, won honors for having a 100 per cent enrollment.

The exhibit committee, Mrs. Ira Thomas, Oak Grove; Mrs. Ruth York Hood, Griffin Creek; Miss Katherine Lathrop, Central Point, assisted by Miss Laura Bailey of Medford had the exhibits arranged and ready for judging by 10:30 a. m.

A contest for club members, under the direction of Mrs. Mack, was held on judging cookies and angel food cakes. Alice Sawyer of Ashland scored highest with 185 out of a possible 200.

At noon a picnic luncheon was served in the city park with Mrs. L. E. Hamlin and Mrs. R. G. Hunsley of Table Rock in charge.

The afternoon program, arranged by Mrs. Dick Straub, Sams Valley, and Mrs. Larkin Grubb of Ashland, included 4-H club songs and interesting talks on summer school by Dorothy Thomas of Medford and Nancy Durham of Griffin Creek.

Four demonstration teams competed for honors of representing Jackson county at the state fair. Dorothy Thomas and Alice Sawyer of Ashland won first in the cookery demonstrations and preparation of a vegetable dinner. Mary Milestone and Olive Caulkins of Griffin Creek also gave an excellent demonstration on baked custards.

Etna Davis and Ruth Sage of Table Rock won first place in the canning demonstration on canning salad pears. Olive Davis and Roberta Hamlin of Table Rock demonstrated preparation of plum preserves.

Awards in projects were: First prize, \$4; second prize, \$3; third prize, \$2; fourth prize, \$1; fifth prize, \$1. Winners by projects were:

Boys Literall—Burn Up Road
CARTERVILLE, Ill.—(UP)—Small boys with matches, not motorcars, burned up a new road to the Carterville cemetery. Workmen laying an asphalt and naphtha preparation on the road saw their work going up in smoke while a group of boys admired their own handiwork.

NEW CHANCELLOR TAKES CHARGE OF HIGHER EDUCATION

Dr. Frederick Maurice Hunter Formally Introduced To Board—New Building Fund Plans Authorized.

PORTLAND, Sept. 3.—(AP)—Dr. Frederick Maurice Hunter stood today at the head of Oregon's system of higher learning.

The new chancellor, who succeeds Dr. W. J. Kerr, resigned, had a formal introduction yesterday to the members of the state board of higher education, and left during the afternoon for Eugene where he plans, at least tentatively, to live.

At the board meeting applications for federal loans and grants totaling \$530,000 for construction of three buildings were authorized.

Building Plans Approved
A physical education plant to cost \$35,000 will be built at University of Oregon; a \$100,000 administration building will be erected at Oregon normal school, Monmouth, and a girls' dormitory, to cost \$80,000, will be built on the campus of eastern Oregon normal school at La Grande.

Dr. Hunter, who served as chancellor of University of Denver until he resigned to take the Oregon position, spoke highly of the work of the Oregon board of higher education.

"I have examined carefully before coming here," he said, "the various reports and official documents showing what this board has done since the time of the federal survey of higher education in Oregon."

Progress Amazes
"It is amazing to me to note the progress you have made under such difficult conditions. The progress which has been made by this board and by Chancellor Kerr in a period of three years cannot be measured," said Willard L. Marks, chairman of the board, and left S. Finseth did not approve the expenditures on the University of Oregon and Eastern Oregon normal campuses. They agreed as to the need of the structures but argued it was unwise to pledge student building fees until 1964 for such construction.

"With these building fees pledged for the next 25 or 30 years," asked Finseth, "what are we going to do in case of an emergency? What if we lose some of our present buildings through fire or disaster?"

80-Year-Old Mill Runs
NEOSHO, Wis.—(UP)—For more than two years, Roman Klefer, 18, has been in charge of an 80-year-old mill here which grinds oats, wheat and other grains into dally and poultry feed for farmers. He claims to be the youngest mill operator in Wisconsin. The mill is operated by water power.

U. S. Forests Lure Tourists
OGDEN, Utah—(UP)—Heavy travel into the national forests is predicted by forest officials of Region 4, including Utah, western Wyoming, eastern Nevada and southern Idaho. Last year, there were more than 2,225,000 visitors in the 23 national forests in this district, which does not include national parks.
