

VALLEY SCHOOL OPENS MONDAY MORNING WITH MANY NEW ACTIVITIES

The Valley School will open Monday, Sept. 9, this year offering several extra-curricular activities in addition to the standard school sub-

jects heretofore included, supplemented by entirely new features of study introduced this year under an enlarged teaching staff of four. The school has been taken over and expanded by Miss Mary Foster, former instructor at the Crestview Kindergarten at Los Angeles. Although names of the new teachers have not yet been released, the staff will include a man-teacher for supervision of the playground, who will also introduce for the first time a course in manual training. Extra-curricular courses will include French, rhythmic dancing, art

and dramatics. The standard courses comply with the Oregon state course of study. Miss Foster will serve orange juice to the students this year as a health feature, and all possible classes will be held out-of-doors. Lunch period will be supervised out-of-doors, and each student will be provided a cot out-of-doors when the weather permits for rest periods. Lunches will be provided for students who do not bring them from home. Miss Foster has arranged to care for nursery children if parents wish to leave them at the school during the day.

With 30 enrolled so far, which is a larger attendance than last year, the continued growth of the school is assured.
