BRITAIN ISSUES BLUNT WARNING

WILL BACK LEAGUE TO ENFORCE PEACE IS WORD TO WORLD

John Bull to Throw Full Weight Behind Covenant Says Spokesman — Italians Irritated by Warning

By JOSEPH E. SHARKEY
 Associated Press Foreign Staff
 GENEVA, Sept. 11.—(AP)—Great Britain threw its whole weight behind the League of Nations "covenant in its entirety" in a declaration of policy by Sir Samuel Hoag, British foreign minister, before the league assembly today.

At the same time, Sir Samuel warned the world that if the league fails to enforce a peaceful settlement of the Italo-Ethiopian dispute the "main bridge" binding England to the continent will have collapsed.

The bold pledge to back the covenant "in its entirety" was interpreted as an indication that Great Britain will not shrink from sanctions if these become necessary to quench the African blaze.

Italy Sees Threat
 The Italian delegates immediately interpreted the speech as a British "threat to quit the league unless the league obeys England."

Even the phrase "British blackmail" was heard in Italian delegation circles.

The delegates of small nations, however, generally hailed the British declaration.

PORTLAND POLICE MAY BE LINKED IN GAMBLING PAYOFF

PORTLAND, Ore., Sept. 11.—(UP)—Arrest today of Dominick Chiment, 39, brought to four the number of alleged members of the De Pinto gang accused of recent assaults in connection with a reputed city police payoff by gambling houses, jailed by county officers.

Deputy sheriffs sought Ray De Pinto and an unnamed man. They held Nick De Pinto, 36, his brother Mike, 32, and Gertrude Hart, 22, charging them with assault.

The De Pinto gang was accused of conducting a reign of terror among Chinese and white gamblers, beating several with blackjacks and threatening others with guns. The De Pinto operators of a card room, are well known to police for previous activities.

The Portland Journal said "at least one Portland police officer and several other persons, including an alleged go-between in police payoffs by gambling resorts, may be drawn into the investigation."

INCOME TAX TAKE OVER EXPECTATION

SALEM, Sept. 11.—(AP)—Receipts from personal income, corporation excise and intangibles taxes for the year 1935, based on incomes for 1934, will total in excess of \$2,500,000, as against an estimate of \$1,900,000 reported today.

The second half of these taxes, due October 1, will exceed \$750,000. Taxes are being received at the rate of \$20,000 daily. First installment payments were due April 1.

The tax commissioners said that while many of their records were destroyed in the capitol fire, all ledgers and other financial data, were saved. Duplicate returns have been made in many cases.

Officials said the material increase in tax returns indicated a gradual and healthy improvement in business conditions.

GREEK PRESIDENT RESIGNS OFFICE

ATHENS, Greece, Sept. 11.—(UP)—President Alexander Zaimis resigned early today to protest against restoration of the monarchy—made virtually certain by Premier Panagiotis Tsaldaris' declaration for return of King George II.

The president's gesture may widen a split in the ranks of the army, navy and air force. Officials labored to maintain solidarity in the face of another revolutionary outbreak similar to that which rocked the country in March.

After work stopped in the evening only four men remained at the camp, the fire broke out from a still undetermined source.

WORK FOR 47,384 ASKED IN OREGON RELIEF PROGRAM

Thirty Million Dollars to Be Provided for Year; Larger Projects to Start After Harvest Season, Plan

WASHINGTON, Sept. 11.—(AP)—The public works administration today announced rejection by the works progress administration of the following PWA applications: Eugene, Ore., \$54,000; school improvements; Klamath county, Ore., \$45,000 school building.

PORTLAND, Sept. 11.—(AP)—Oregon's thirty million dollar relief program designed to give employment to 47,384 men and women of all trades and professions for one year, had been forwarded to Washington, D. C., today by E. J. Griffith, works progress administrator for this state.

All applications must be in Washington before midnight Thursday.

The file forwarded yesterday by Griffith listed work to cost \$7,000,000. Projects to cost \$27,000,000 had been previously applied for.

The \$30,000,000 represents \$27,315,808 in federal money for distribution in this state. The balance will be paid by sponsors of the work.

Already \$541,000 worth of projects have been approved, and official sanction of all on the list is expected soon.

Some small projects will be started this week but the larger jobs will not get under way until after the harvest season. This was arranged so as to aid those men who work temporary work in the harvest fields at a time their work was needed most urgently by farmers.

WASHINGTON, Sept. 11.—(AP)—Resignation of James A. Farley from the postmaster-generalship early in 1936 was forecast today by some of his friends who said they believe he would then devote his full energies to the chairmanship of the democratic national committee.

It was explained that the 1936 presidential campaign officially will start in January when the Roosevelt forces will commence efforts to round up delegates to the national convention.

The name most prominently mentioned as a successor to Farley at the post office department is that of Frank C. Walker, head of the national emergency council and of the division of applications of the works relief program.

Associates of the post say he has been offered the job but has not yet made up his mind to accept.

STOCKS WHIRL TO YEAR'S HIGHS IN BULL CAMPAIGN

NEW YORK, Sept. 11.—(AP)—The bull campaign in the stock market reached the proportions of a major drive today, but forward progress was resisted by persistent selling.

Several issues, including rails, communications and motors, rose 1 to 4 points to new 1935 highs, but the advance was shaded somewhat by late selling. The list showed a strong undertone in the closing dealings, however, and transfers approximated 2,400,000 shares, making it one of the biggest days of the year.

Business news included favorable midweek freight loadings, steel and electric power production reports, and a \$1.50 extra dividend by Air Reduction.

Trading in shares reached excited proportions. Appearance of some large blocks on the tape, and the churning appearance of much of the list, however, suggested distribution to some brokers. A block of 25,000 shares of Radio traded at 5 and another of 10,000 at 8 1/4, up 3/4. Bulls were given a whirl for a time, but they showed considerable resistance and lost part of their rise before the close.

HITLER RIDICULES FOURTEEN POINTS LISTED BY WILSON

Associated Press Foreign Staff
 NURNBERG, Germany, Sept. 11.—(AP)—Reichschancellor Hitler, in a proclamation read to the Nazi party convention, rapped President Wilson's famous 14 points today, and the delegates assembled from all Germany burst into a bedlam of applause.

"Where are the 14 points of Wilson and where is the world today?" asked Hitler. "The Reich (Germany) is no longer a football and no longer an object of foreign maneuvering, but now is in security—in security not by pacis but by the real power of the nation and by the firm will of its leadership."

(President Wilson early in 1918, offered to the world in general and to Germany in particular a program of 14 points which served as the basis for the final conclusion of peace ended the World War and for the eventual establishment of the League of Nations.)

Would Live in Peace
 "We nazis intend to live in peace and quiet with our neighbors. It is not necessary for us to prove our security by any demonstrations. It is sufficient that we ourselves know it."

PEAR HARVESTING CUTS ATTENDANCE AT CITY SCHOOLS

During the two opening days of registration in schools of the Medford district, a drop in the registrations, as compared to the same period last year is shown. It was announced today by Superintendent E. H. Hedrick. This situation is a perfectly natural one, and is to be expected because of the lateness of the fruit season this year, from two to three weeks behind normal, Hedrick stated.

Within two weeks, he said, registrations will be back to normal, as the students end their work in the harvesting of the crops. A loss for the entire system of 145, from 2379 last year to 2234 this year, has been shown. A large part of this loss was from the Junior and Senior high schools. With a last year initial enrollment of 804 dropping to 450 this year, the senior high school showed a loss of 54 students. At the junior high, registration slumped from 650 to 408, a loss of 77.

The Jackson school enrollment went up two, from 292 to 294, and the Lincoln school showed a gain of 11, the largest in the city. The Roosevelt enrollment went down from 303 to 285, while the Washington figures dropped from 361 to 352.
