SON OF OIL MAN CLAIMS BLONDE TOOK OWN LIFE

Henry H. Rogers, Jr., Held On Suspicion of Murder—Heavy Drinking at Farm Home Precedes Tragedy

WEST CHESTER, Pa., Sept. 12.—(AP)—Chief County Detective Francis Grubb said today that Henry H. Rogers, Jr., was held on a charge of suspicion of murder in the fatal shooting of Torch-singer Evelyn Hoey, would not be released on bail, although District Attorney William Parks had announced earlier Rogers would be permitted to post \$1000 bond.

Grubb made the announcement after a conference with Parks, which followed by about an hour the district attorney's statement that Rogers and James Kelly, motion picture cameraman, would be admitted to \$1000 bail each.

Downington, Pa., Sept. 12.—Evelyn Hoey, blonde torch singer of Broadway and Paris, was found shot to death early today at the farm home of 29-year-old Henry H. Rogers, Jr., son of the late Standard Oil multi-millionaire.

Rogers was brought here on a technical charge of suspicion of murder. Police said he had been drinking.

 NEW YORK, Sept. 12.—(UP)—Park Commissioner Robert Moses complained that General Hugh Johnson, relief czar here, sent him "10,000 Bowery bums" for work in Moses' department. Family Of Rogers Thanks Nation For Condolence Notes

LOS ANGELES, Sept. 12.—(AP)—The family of the late Will Rogers today thanked the nation for its messages of condolence over the death of the humorist and his flying companion, Wiley Post.

Unable to personally acknowledge the thousands of remembrances which the family asked the press to help them express their appreciation.

"We have received many kind letters and telegrams of sympathy from men and women in all walks of life," said Will Rogers, Jr., spokesman for the family.

"But we are powerless to acknowledge a lot of them because we have no means of determining the addresses."

"We wish all the senders who neglected to include their addresses to know that we deeply appreciate their sympathy."

2 SHOT, 30 HURT IN MINNEAPOLIS STRIKE DISORDER
 MINNEAPOLIS, Sept. 12.—(AP)—Guns blazing through a tear gas laden area left two persons dead today and 30 others injured seriously enough to require hospital treatment after the third consecutive night of workers in connection with an iron workers' strike.

A crowd estimated by the police at 4,000 milling men, women and children fled to cover late last night and early today after the authorities were obliged to use tear gas to restore order.

The four-city ornamental iron works was the scene of the disorders. A strike has been in progress there with strikers demanding among other things, recognition of their union as a bargaining agency and higher wages.

Pelting rocks that smashed windows suddenly converted into a scene of violence which shortly before had started out as peaceful picketing.

In subsequent gunfire and gas barrage, Eugene Casper, 18, was killed with a pistol bullet through his heart. Melvin Blomquist, 21, was the other fatality. He had just escorted a young woman home from a church social when he was felled.

Both died in hospitals.

POLITICAL FIGHT LOOMS AS LONG'S RITES PROGRESS

State Offices Closed While Thousands File Past Bier—Friends and Foes Draw Lines for Conflict

(Copyright, 1935, by The Associated Press)
 BATON ROUGE, La., Sept. 12.—High and low went today as thousands passed the bier of Senator Huey P. Long, Louisiana's assassinated "dictator," whose body lay in state in the magnificent capitol he built.

Even as tributes were paid the slain leader, Governor Eugene Talmadge of Georgia was injected into the political picture as a possible candidate to the senator as president of the "share-our-wealth" clubs.

By QUINCY EWING (Associated Press Staff Writer.)
 BATON ROUGE, La., Sept. 12.—(AP)—Leaders of the thousands who loved Huey Long proceeded today to bury the slain senator and then determine whether he had been assassinated as the result of a conspiracy.

The Rev. Gerald L. K. Smith, chosen to deliver the funeral oration, first called for a congressional investigation. He said last night that he believed disclosure of the facts behind the killing would "shake the nation."

Long's secretary, Earl Christenberry, expressed conviction that the senator's assassin, Dr. Carl Austin Weiss, was chosen by lot.

"I believe they drew straws and Weiss lost," he said.

Promote thorough probe. The district attorney promised a thorough investigation.

Every state office in Louisiana was closed today.

STEINER BEST BET FOR PRESIDENCY ON G. O. P. HORIZON
 SANTA FE, Sept. 12.—(AP)—Reed Holloman of Santa Fe, Republican leader in New Mexico, made public today a letter to Robert H. Lucas, former G. O. P. executive secretary, in which he said that Sen. Frederick Steiwer of Oregon is the best presidential timber so far advanced.

Holloman said he replied to Lucas' query reluctantly because the west was considered "more as an accidental stepchild of eastern parentage than an integral part of the nation."

"It would be impossible," Holloman wrote, "to consider such men as Dickinson or Nye. Dickinson has reached that age, mentally, when a man ceases to have visions of the future."

"He would be an ideal leader of any radical movement, but if that is desired, why remove from power the incumbent of the White House?"

"Ex-President Hoover is out of the question... the anti-Hoover feeling is still strong..."

"Patrick Hurley is the Legionnaire in connection with the Legationnaire march... and enormous fee as counsel for the power interests, so we might as well forget him."

"Vandenberg is a polished and cultured gentleman, but does not appear to be the ordinary man, who, after all, furnishes the votes..."

As soon as the plans and application have been checked, the expenses will be submitted to WPA headquarters for action, Delzell said.

Work on the football field has now been halted temporarily, with government labor relief now slack. The field is ready for seeding, actual work being planned for the latter part of the month.

COLLECTIVE AID FOR ETHIOPIANS L-N SUGGESTION

League Sub-Committee Offers Plan to Avert War—Hint Italy to Act Regardless of French Attitude

LONDON, Sept. 12.—(AP)—Great Britain is rushing additional troops to reinforce its garrisons at Malta, strategic post in the Mediterranean, a high source disclosed today.

GENEVA, Sept. 12.—(AP)—New suggestions, said to concern a concrete form of collective assistance for Ethiopia, were made today by the Italian-Ethiopian sub-committee of the League of Nations.

This committee, composed of Great Britain, France, Poland and Turkey, was instructed by the League council to attempt to find a solution of the dispute between Italy and Ethiopia.

ROME, Sept. 12.—(AP)—Well-informed sources said today that Italy will go ahead with her Ethiopian campaign, no matter what attitude France may adopt.

Although much anxiety was expressed on the eve of the projected speech by Premier Laval of France in the League of Nations, those sources said Italy was determined not to waver from a war regarded as inevitable.

It was stated Italy would not waver, even though France returned to the basis of cooperation with Great Britain outlined last February 3 at London—when British and French met "to promote the peace of the world by closer European cooperation in a spirit of most friendly confidence, and to remove those tendencies which, if unchecked, are calculated to lead to a race in armaments and an increase in the dangers of war."

Their indifference toward League of Nations dealings with the crisis of Ethiopia, and the British and French becoming edged with irritation, Italian officials dispatched a new mass of troops for east Africa today.

Woman Vice President Candidate Is Proposed
 CHICAGO, Sept. 12.—(AP)—Mrs. George R. Simmons, Missouri farmer's wife who rocketed into the political spotlight with a "grass roots" speech in June, was proposed for the vice-presidency today as the Republicans' best hope of beating the new deal in 1936.

Her name was advanced by another woman, a Jean O'Haver Shasere, the ordinary woman who used the "out of the ordinary something" to carry the Republican party will need to carry it, Mrs. Shasere predicted in an interview.

In addition to the "women's vote" down to the last woman," Mrs. Shasere said Mrs. Simmons could command the ballots of the farmer and his wife because she is one of them.

MEXICO CITY, Sept. 12.—(AP)—A second national deputy died today of wounds received in a shooting affray in the chamber of deputies last night.

The second to die was Luis Mendez. Two other deputies are suffering from wounds.

The gun battle resulted in charges that minority members plotted difficulties for the administration.

Tovar said minority members had been meeting secretly for some time, planning to use violent means to divide the legislative body.

ROOSEVELT BACKS HOPKINS PROGRAM FOR WORK RELIEF

WPA Chieftain Has Apparent Edge Following Conference With President—Speed Held Main Object

HYDE PARK, N. Y., Sept. 12.—(AP)—President Roosevelt remapped his gigantic works relief program today to meet declared recovery conditions at a conference with his principal lieutenants.

All chiefs, including the two opponents—Secretary Ickes, public works administrator, and Harry L. Hopkins, work progress administrator—were called about the Roosevelt conference table.

The president was ready to state that the prime necessity just now is making jobs quickly through the four billion dollar fund with the constant idea of turning over workers to private industry as business picks up.

Hopkins Has Edge
 Therefore, it looked today like Hopkins, advocate of temporary work, had the edge over Secretary Ickes, champion of permanent public works.

Mr. Roosevelt has told newspapermen he prefers to see permanent public improvements but nevertheless

GERMANY WILL LOSE TARIFF REDUCTIONS GIVEN BY AMERICA

(Copyright, 1935, by Associated Press.)
 WASHINGTON, Sept. 12.—Germany on October 15 will lose all tariff reductions granted by the United States in reciprocal trade pacts, official sources made known today, because of asserted persistent and flagrant discriminations against American imports there.

The termination of tariff benefits, attributed to the state department, was interpreted as instituting a new policy in American foreign trade.

Secretary Hull, it was learned authoritatively, has notified Dr. Hans Luther, the German ambassador, that after October 15 all German imports into the United States must pay the highest prevailing rates.

By the action, this country establishes for the first time in many years a two-normal tariff schedule, one with normal rates for countries which grant equality of treatment for American goods, and another higher schedule for countries which discriminate against American goods.
