

\$500 CASH PRIZES ADD INTEREST TO GOLD HILL'S FAIR

Entries to Be in On Friday, September 20—Big Parade to Open Exposition September 21 at 10 A. M.

For the first time in the history of the Northwest Jackson County fair, held annually at Gold Hill, there will be cash prizes for exhibits this year. It has been announced from that city. Previously, ribbons were the only awards made, but this year \$500 in cash is available, taken from the pari-mutuel races held this year for the first time.

Entry day for the fair is to be Friday, September 20. Entries will close at 2 p. m., followed by arranging and judging. There will be no livestock exhibits other than the 4-H club entries. Farm products are to be stressed, with fruits, vegetables, grains, flowers and cooking taking the main interest. Needlework will also be on exhibit, as will industrial displays by the Gold Hill Beaver Cement company and the J. M. Lively lime company. A miners' display is also expected to attract interest.

Although there will be no judging or prizes awarded in that division, there will be a curio and relic exhibit in the Gold Hill hotel, where a part of the fair is to be held. The main part of the fair will be in the main floor of the city hall, in the old school building in Gold Hill. Three Granges will vie for top honors with prize booths, for premiums of \$25, \$15 and \$10. The three competing will be the Sams Valley Grange, the Live Oak Grange and the Rogue River district, and the Gold Hill Grange.

The fair will open on Saturday, September 21, at 10 a. m., with a big parade, in which there will be many floats, lodge entries, Grange entries and individual marchers displaying their ideas of what composes a good costume. In this division, as well as in several others, handsome merchandise prizes will be awarded.

The fun part of the program will be furnished by various contests, including track races, regular foot races, a tire changing contest and a rolling pin heaving race. A pet parade for the kids and a contest for individual costumes is also arousing interest.

In the afternoon the Medford Rogues will meet the Gold Hill town team to satisfy any lust for athletic action left over from the races of the morning. At 6 p. m. and lasting until 8, there will be a free barbecue, followed by a big dance. The orchestra to play for the affair has not yet been announced.

PLAN NEW SCHOOL IN STERLING AREA

BIG APPLIGATE, Sept. 2—(Sp.) A log store building at the old town of Sterling is being repaired for use as a schoolhouse as a result of a controversy in the Sterling district, which was settled by a recent vote, over changing the location of the present schoolhouse.

The change was deemed necessary, owing to the fact that a large number of new families on the Sterling mine payroll have located in the upper end of the district, and their children, comprising the larger part of the attendance, are obliged to walk two miles to school. It is reported that some in the district opposed the change in view of the fact that the Sterling mine might not be a permanent institution. Twenty-one pupils are being taught by Mrs. George Brownlee in the present schoolhouse until repairing of the log building at the new site is completed.

Old Sterlingville was the location of the Sterling school until about 12 years ago, when the district lines were moved, and the present schoolhouse was built.

MAY ORGANIZE GRANGE IN BEAVER CREEK AREA

BIG APPLIGATE, Sept. 12—(Sp.) In the belief that there is sufficient demand for a Grange in the Beaver creek district to warrant a second organization of the kind, Mrs. George Brownlee, county Grange deputy, will meet with the farmers at the Beaver Creek schoolhouse, Friday, September 13, to discuss possibilities of organizing. A number of residents both at Beaver and Copper are members of the Appligate Grange, and would welcome an organization in their immediate community. An attempt is being made to organize the Little Appligate area, which would merge with the Beaver group in a central location, if sufficient interest is shown.

Will Decide Fate Hog-Corn Program

WASHINGTON, Sept. 12—(P)—The farm administration today called a hearing for September 26 at Washington, to determine whether a 1936 corn-hog program is necessary. AAA said no other hearings would be held on this problem. At the hearing, evidence will be received as to whether corn and hogs have reached the parity price, whether they are likely to be less than parity next year, and whether production control would help to obtain or maintain parity prices.

Amelia Domestic, Dons Apron And Plans New Home

BURBANK, Cal., Sept. 12—(P)—A kitchen apron has superseded the mechanic's overalls in Amelia Eckhart's life, and the charts she's studying now are blueprints of a new home, instead of weather maps.

"She's gone domestic — for a couple of minutes, anyway," her husband, George Palmer Putnam, said today. The celebrated flur and her husband recently purchased a new home in the Toluna Lake district, where many of the movie stars live. "But it's too small; we're going to enlarge it," Putnam said.

And why is it too small? "Well, it just is," he replied, with the faintest suggestion of a stammer.

KNITTING SHOW AT MANN'S ON FRIDAY

Knitting needles will cease clicking in Medford and vicinity tomorrow afternoon at 3 o'clock, while their owners attend a style show of hand-knitted garments at Mann's Department store on the main floor. Representing the Bear Brand Farm company, Miss Blanche Rorer of San Francisco will personally supervise this extensive showing of attractive hand-knitted apparel. Living models will display intriguing dresses and suits which reflect a number of decidedly new trends such as the new Renaissance influence, draped effects and the always popular tailored styles. For the benefit of southern Oregon knitters, Mann's store sponsors classes Wednesdays, Thursdays and Fridays, from 1:30 to 5:30, and on Saturdays from 8:30 to 5:30.

WOULD PLACE TAX ON SEATTLE VICE

SEATTLE, Wash., Sept. 12—(UP)—Taxes on vice as part of a new revenue program were proposed to the city council last night by former Councilman V. C. Webster.

He included a long list of vice and nuisances to increase municipal funds. Among proposals was a charge of \$10 per month, against inmates of vice houses for health examinations, and a plan to arrest and fine proprietors of gambling establishments monthly. Webster said he did not favor legalizing vice, but that as long as Seattle apparently could not get rid of it the general fund should profit. The city council efficiency committee has completed a lengthy survey on vice conditions.

TEN GALLON HATS GIVEN P. E. O. LEADERS AT MEET

YELLOWSTONE PARK, Sept. 12—(AP)—Ten gallon hats, typical tokens of the west, were presented today to supreme officers of the P. E. O. as the national convention of the order went into its second day. As the sessions resumed, past supreme presidents were introduced to the assembly in an impressive ceremony.

Free lecture on Divine Healing, 216 N. Front St., Thurs. night, 8 o'clock, by Rev. M. T. Larkin.

CHAMPION RIDERS FROM FAR POINTS COMING TO RODEO

When the American Legion sponsored Cowan Rodeo opens at the Jackson county fairgrounds, September 21, champion riders, bulldoggers and trick rope artists from all points of Canada will vie for honors. It has been announced here, upon receipt of the applications of many cowboys.

The "Canadian Kid," who apparently has no other title, will be here. He claims to be the champion bulldogger, trick rider and steer rider of Canada. With him will be Floyd Peters, a champion steer roper and calf roper, also of Canada, hailing from Calgary, in the heart of the Canadian cattle country. Both young men have placed high in rodeos throughout the country.

Another Canadian, Smokey Snider of Lethbridge, is a Canadian champion in the bareback riding division. He has won honors in Port Worth, New York, Chicago, Vancouver and Los Angeles.

Pete Knight, who has gained repeated laurels for being able to sit the back of a plunging "killer" horse is also registered for the Medford rodeo. Harry Knight, another Canuck, will also compete, and a third Knight—Nick—of Idaho, will try to keep some of the wreaths in the American division.

The Red Deer Kid, also Canadian, has paired with the others in the bucking department and among them they have won at Chetopa, Pendleton, Yakima, Visalia, Livermore and Salinas, as well as in eastern and southern competition. All will be in Medford for the contest.

SALMON CANNERIES EXPECT HEAVY RUN

ASTORIA, Ore., Sept. 12—(AP)—Canneries were prepared for an exceptionally heavy run of salmon at receiving stations today as boats came into the river after the first night of fishing in the fall commercial season.

Hundreds of fishermen went out last night after having reached an agreement with packers on the controversial price question. For several days there have been reports of a very large run of salmon.

F. W. Bellitt, Medford's Taxidermist and furrier, will open shop 40 So. Central, Sept. 16th.
