ITALIANS OFFER HOPE FOR PEACE

Major League Baseball Player Slain During Fight in Airplane

NEGOTIATIONS TO DEPEND ON TONE LEAGUE'S REPORT

Delegation at Geneva Says Words 'No Compromise' Not Intended to Close Door to All Peace Efforts

(Copyright, 1935, by the Associated Press)
 GENEVA, Sept. 17.—(AP) The Italian delegation to the League of Nations informed the Associated Press tonight that if the league council's report on the Italo-Ethiopian situation is reasonable, it will be made the basis for negotiations by Italy.
 This was considered of the utmost importance in view of Saturday's Italian communique which declared Italy would not accept a compromise.
 An Italian spokesman said the words "no compromise" used in the Rome communique did not eliminate the possibilities of negotiations.
 "I might negotiate," he explained that if there were some points in a plan for the assistance of Ethiopia reported agreed upon by the league's special committee, which were found acceptable to Italy, there were no reasons negotiations should not be undertaken.
 Such negotiations, he suggested, might be entered into with certain members of the league and such as Premier Laval of France and Anthony Eden, the British minister for League of Nations affairs.
 The announcement given to the Associated Press by the Italians was understood to have been made also to various delegates to the League of Nations.
 The possibility of a conference among Baron Pompeo Aloisi of Italy, Laval and Eden elsewhere than in Geneva was not excluded by the assembled statesmen.
Basis for Optimism
 These suggestions were immediately received in informed quarters as constituting a basis for optimism.
 The Italo-Ethiopian committee of the League of Nations was reported

REVISION NEEDED IN PWA PROGRAMS

WASHINGTON, Sept. 17.—(AP)—Secretary Ickes said today extensive revision must be made in thousands of applications for public works projects if they are to qualify under the revised work program.
 He added at his press conference that more than half of the 10,000 applications on file fail to comply with a yardstick laid down by President Roosevelt.
 The president has said all contracts must be let by December 15, and projects finished in a year, that they must be in regions where work can be drawn from relief rolls and the average pay per worker must not exceed \$300 annually.
 Ickes said he did not believe the December 15 deadline was intended by the president to be retroactive, with reference to projects for which allotments already had been made.
 An abandoned road built in 1890 up the side of Old Grandfather mountain in North Carolina is being reworked. It provides a 15-minute climb.

SIDE GLANCES BY TRIBUNE REPORTERS

Bill Lydard and Orney Patton in close conference on new parking laws for their downtown lot.
 Harry Hinman dramatically setting out the details of the time he shot a wild boar with his 8mm Mannlicher rifle down in northern Cal.
 A drunk breaking into heart-rending tears after dropping his bottle of gin on the sidewalk, and watching the contents run into the gutter.
 Jean Chamberlain simulating the Nazi salute, walking up the avenue with her hand cocked over one eye to keep off the nasty old sun.
 George Wynn, comrade of the U. S. Navy, proudly displaying a new esker knot in a long piece of cord tied to his cigarette lighter, so he can get it out of his pocket without burning all day.
 J. H. Fletcher throwing sleepily to a barber chair, while the barber snipped enthusiastically at his tresses.

May Quit Oregon

DR. C. V. BOYER

BOYER CONSIDERED FOR PRESIDENT OF UNIVERSITY OF MONT.

EUGENE, Sept. 17.—(AP)—The University of Montana has under consideration for its president Dr. C. V. Boyer, now president of the University of Oregon. It was learned from authoritative sources today.
 Although no information was available here, the president's office admitted that Dr. Boyer left Portland last night bound for Missoula, Mont., where it is assumed he will confer with the Montana board of education and others.
 It was also learned today that a representative of the University of Montana was in Eugene earlier this summer, but it was not known whether or not the matter of the presidency was discussed at that time.
 It is reported here that the position at Montana pays more than the presidency at the University of Oregon and that the official there is provided with living quarters.
 Although in a sparsely settled state the University of Montana is highly regarded as an institution of higher learning, those familiar with the university here declare, its English department, a field of particular interest to Dr. Boyer, is particularly noted, it was said.

OVER 100,000 SEE CRATER THIS YEAR

CRATER LAKE NATIONAL PARK, Ore. (Sp.)—Over 100,000 people from every state in the union have visited Crater Lake so far this year, with the probability that the 1935 total will be in excess of 105,000 when the travel season officially ends September 30. The total will show a slight decrease over 1934, due to a later opening of the park this spring. July and August brought over 70,000 people, a substantial increase over the same two months last year.
 The Crater Lake lodge and other concessions will close September 30, following one of the most successful seasons in several years. After that date, visitors will no longer find accommodations available, but will have no difficulty in obtaining such service a short distance outside of the park.
 Park campgrounds will continue to remain open as long as weather permits, but with the peak of the season past, camping has lost its summertime popularity.

MOONEY SLEEPS AS CASE ARGUED

SAN FRANCISCO, Sept. 17.—(AP)—Tom Mooney slept peacefully in his county jail cell today while his attorneys heard the state supreme court deny a motion to clarify procedure in his hearings on a writ of habeas corpus before Referee A. E. Shaw.
 The grizzled, long-imprisoned labor leader, brought here in a police boat from San Quentin early today, spent but a few minutes in the superior court room where his fight for freedom will be enacted. Referee Shaw, at the behest of Mooney's New York attorney, Frank P. Walsh, adjourned the hearing until tomorrow to await the supreme court's ruling on procedure.

SOLON SUMMONS MAY BE ISSUED IN COMING WEEK

Governor Expects to Give Lawmakers Ten Days Notice—Hamilton Among Candidates for Speaker

SALEM, Sept. 17.—(AP)—The call for the extraordinary session of the state legislature may be issued next week, Governor Martin said here today when asked if he had set a definite time for the assembly. The executive, however, stated this was not a certainty as the call would depend upon word from Washington on the state's application for a loan and grant to purchase more land for a site of the new capitol building.
 The PWA's action on the \$750,000 application should be taking a definite turn within a week, Martin said, and just as soon as we have a specific proposal to present the legislature the call would be issued. It was expected the governor, when issuing the call, would give legislators not more than 10 days notice.
Speaker Contest Looms
 The first day of the session was expected to see some contests in the house, one on the speakership and the other on seating of several members from Multnomah county. No battles were expected in the organization of the senate, as Harry L. Corbett was assured re-election as president.
 Pressure was being brought upon the governor to name his choice for speaker of the house, as well as to state whom he wishes to sit in the house where there were contests. Close friends of the executive declared, however, the governor would not enter into the organization fight nor would he participate in the legislature's internal affairs.
 Administrative spokesmen stated further that the governor appreciated the limitation of the executive

BUTLER SARCASTIC IN PREDICTION OF F. D. R. RE-ELECTION

NEW ORLEANS, Sept. 17.—(AP)—Brigadier-General Smedley D. Butler, retired commander of the United States marine corps, predicted today in his address before the annual convention of the Veterans of Foreign Wars here that President Franklin D. Roosevelt would be re-elected.
 "No man with five billion dollars to spend can help being re-elected," he said. "Give me five billion dollars and I will elect a Chinaman president."
 General Butler urged the veterans to demand a thorough investigation of the destruction of a large number of veterans on relief work in the hurricane that swept the Florida keys, and praised the late Senator Huey P. Long as "one of our kind," and a friend of the common people.
 In another of his summations of affairs, General Butler predicted war in Europe. He said European nations had been "choosing sides" for years and that "before you know it you will be defending oil again."
 He scribbled the Italo-Ethiopian troubles to the "need of Italy for oil."

TWO WOUNDED LADS HAVE GOOD CHANCE

Rex Hayes, 16-year-old Portland boy, who shot himself in the abdomen yesterday while hunting with a .22 rifle in the Trail district, and Elmer Blaes, 11, who sustained a fractured skull when he fell from a 40-foot cliff on Little Butte creek, were brought here in a police boat from San Quentin early today, spent but a few minutes in the superior court room where his fight for freedom will be enacted. Referee Shaw, at the behest of Mooney's New York attorney, Frank P. Walsh, adjourned the hearing until tomorrow to await the supreme court's ruling on procedure.

Persistent Lover Mars Girl's Face To Avoid Rivalry

CLEVELAND, O., Sept. 17.—(AP)—Detectives arrested Joe Studney, 21, today and charged him with hurling acid which marred the facial features of a 24-year-old mother, endangering her sight.
 Detectives said Studney told them: "I wanted to disfigure her so that no one else would want her. Then I could marry her no matter what she looked like."
 The woman, Mrs. Helen Bonewick, was taken to a hospital where physicians attempted to save her sight.
 Mrs. Bonewick told the officers she informed Studney a week ago she did not want to see him again.
 Mrs. Bonewick's mother of a 4-year-old boy, is separated from her husband.

NAP BY ROADWAY NETS DRUNK MAN TEN DOLLAR FINE

Albert Montague Akers, a CCC enrollee at the Union Creek camp, entered a plea of guilty to being drunk in a public place and was fined \$10 and costs by Justice of the Peace Coleman yesterday.
 Testimony showed that Akers, when first noted, was "drunk by the state police to go home, and a short time later was found asleep beside the old North Pacific highway.
 John Patrick O'Malley, also charged with being drunk in a public place, was fined \$10 and costs, and given until October 1 to pay.
 Mrs. Louis M. Williams, a recent arrival from Coos county, was fined \$5 and costs for leaving a campfire unattended in the forest. With a woman friend, she was on a huckleberry expedition in the Union Creek district. They went to the huckleberry patch, and a forest lookout noted the smoke, and reported it. A forest ranger swore to the warrant.
 The court purchased a gallon of huckleberries from the defendant, who applied it to her fine. She was given a week in which to procure the balance.
 William Earl Cox, charged with driving past a highway intersection without stopping, was fined \$1 and costs, and the fine remitted, upon payment of the costs. The defendant entered a plea of guilty to driving from the old North Pacific highway to the new section at the "Pine Cone" Junction without halting.
 Wilson H. O'Brien, charged with operating an auto without two white lights, was scheduled to be tried this afternoon. The complaint was filed by the state police.

JACKSON BRIDGE REPAIR PLANNED

As soon as the fruit season is over, or in about three weeks, the Jackson street bridge across Bear creek will be closed for repairs, it was announced today by City Superintendent Fred Scheffel. A crew of six men went to work there today on the sub-structure, building concrete forms that will be ready for pouring when the bridge is closed. Traffic will have to be diverted around the structure while the work is progressing, for at least a week, Scheffel said.
 The work was to have been put off until next year, but an inspection showed that unless the work is done now the bridge might become unsafe for travel in a few months. Large concrete pedestals will be replaced under the bridge.

BREATHING SPELL HINTS STRANGLE LATER—STEWER

Oregon Senator Says Nation Has Right to Demand Removal Un-American Death Clutch From Business

NEW YORK, Sept. 17.—(AP)—Senator Frederick Stewer, Oregon Republican, said today that President Roosevelt's promise of a "breathing spell" for business "implies the stranglehold will be tightened again."
 The President's promise, Senator Stewer told a Constitution day conference of Republican women, "concedes that America is being strangled by administration agencies," and "the nation has a right to demand that un-American death clutch be entirely removed so that its recovery may not longer be retarded."
 The Louisiana distastefulness of the late Senator Huey P. Long presented "a greater respect for constitutional authority than the new deal," Senator Stewer declared.
 "In subtle method and furtive approach the new deal excels," he said. "In candor, in consistent purpose and in fulfillment of promises it suffers by the comparison."
 Citing what he said were "inferences" from the communist international congress at Moscow last month, Senator Stewer warned that "America is not yet thoroughly aroused to the danger which confronts us."
 "A united front against fascism contemplates support of the Roosevelt new deal by communists in America," he said the congress implied, "and the undeniable fact remains that leading communists of the world see in the new deal a tendency toward communism."
 Senator Stewer said he did not assert the "succession of extraordinary laws forming the basis of the so-called new deal" were wholly lacking in merit, but some indicate a "willful disregard of constitutional restraints and a resolute purpose to exercise arbitrary power."
 "More sinister than unconstitutionality in the spirit, which the new dealers have exhibited in referring to the courts and their gay and indifferent attitude in seeking further unconstitutional laws," he asserted.

BRITISH WARSHIP MOVEMENT HELD PRECAUTIONARY

LONDON, Sept. 17.—(AP)—An authoritative British source tonight described the transfer of almost the entire British home fleet to Gibraltar and the Mediterranean as "precautionary."
 This disclosure came shortly after the cabinet ministers who virtually make up the imperial defense council had met in answer to the summons of Prime Minister Stanley Baldwin.
 They were in session one and one-half hours, and it was understood they considered general empire policies in view of the increasingly dangerous situation engendered by the Italo-Ethiopian crisis.
 The British public was in the dark concerning the movement of the great ships of the mightiest naval power. No news of the ships' transfers to strategic points appeared in the press.
 It was explained authoritatively that the situation now existing in the Mediterranean—where the Italian navy incidentally is holding maneuvers and through which thousands of fascist soldiers are being moved to east Africa—makes it mandatory for the British government to take precautionary steps.

CALL APPEGATE MEETING ON DAM

A general meeting will be held Wednesday at the Applegate Grange hall for the purpose of determining the height and storage capacity of a proposed dam at the old Pat Swayne ranch. Considerable interest in the project is being manifest in the Applegate district, and it is hoped there will be opportunity at this meeting to get the project in shape for favorable presentation to the government.
 A meeting was held Friday at the Grange hall, at which time members of the Jackson county planning committee were present to offer their support of the project. If efforts to build the dam through government aid are successful, an adequate water supply will be available for the entire Applegate valley at little cost to the farmers.

FILIPINOS ELECT QUEZON PRESIDENT

MANILA, Sept. 17.—(AP)—Election of Manuel Quezon as first president of the Philippine commonwealth government, to be inaugurated November 15, was indicated tonight on scattered returns from many provinces.
 His two opponents, General Emilio Aguinaldo and Bishop Gregorio Aglipay, refused however to concede their defeat.
 Violence marked the election. One man was killed and another lay dying in a fight in the town of Santa Barbara, province of Pangasinan. Two other men were unconfirmedly reported dead at San Jose, province of Antique.

CATERPILLAR TRACTOR NET PROFITS ADVANCE

NEW YORK, Sept. 17.—(AP)—Report of Caterpillar Tractor Co. for eight months ended August 31 shows net profit of \$3,862,039, equal to \$2.05 a share of capital stock. In the corresponding period of 1934 net profit was \$2,899,244, or \$1.52 a share.

Age Matter of Spirit

William Gibbs McAdoo (left) on his way back to California with his 26-year-old bride a few days, the former Doris L. Cross (above), told Columbus, Ohio, friends that "age is a matter of spirit." The McAdoos spent a short time in Columbus while waiting for their plane to be refueled.
 "Every year," the 72-year-old senator said, "I am getting younger, and there's nothing I can do about it."

PLAN NO INQUEST BAUGHMAN DEATH

No inquest will be held into the death of Everett Harding Baughman, 17, of Ashland, killed in an auto accident last Saturday night on the Pacific highway near Phoenix, District Attorney Geo. A. Codding announced today.
 Earl Nooley, 17, driver of the death car, and two girl companions, who were injured, are all recovering.
 If further developments warrant, Codding said, the matter will be referred to the next grand jury. The district attorney said there was no indication this would be done, as all the evidence showed the accident was "unavoidable."
 Nooley told the authorities the accident occurred when he moved into gravel at the side of the road to avoid an approaching auto, and his car was thrown into the ditch and overturned.

PILOTS SAY ACT WAS NECESSARY TO AVERT CRASH

Len Koenecke of Brooklyn Dodgers Beaten Over Head With Fire Extinguisher—2 Airmen Held

TORONTO, Sept. 17.—(AP)—William Joseph Mulqueeny and Irwin Davis, Detroit airmen, today were charged with manslaughter in the death of Leonard Koenecke, Brooklyn major league ball player, killed early this morning in a fight in an airplane above the Long Branch race track.
 In a statement to police Mulqueeny said he killed Koenecke by striking him with a fire-extinguisher when the ball player became unmanageable in the plane and endangered the safety of himself and Davis.
 "If he's dead, I killed him," Mulqueeny said at the new Toronto police station, according to police.
 Had To Do Something
 "I had to come to a decision," Constable Wethered of the suburban new Toronto police, quoted the pilot. "It was either a case of the three of us crashing or doing something to Koenecke."
 "I watched my chance, grabbed the fire extinguisher and walloped him over the head."
 Mulqueeny brought his ship down in a forced landing. The wheels of the plane were broken. When police arrived they found Koenecke dead, the pilot's assistant, Irwin Davis of

STUDENTS RETURN AS PICKING WANES

Enrollment in the Medford school system went up 219 students in the first week of school, it was announced by City School Superintendent E. H. Hedrick today. The year season now beginning to wane, more and more students will be returning to their classes in the next two or three weeks, Hedrick stated.
 The largest increase was shown at the senior high school where the enrollment rose from 450 to 667, an increase of 117. According to the best available estimates, there are still between 125 and 150 senior high students who are still out of school, Hedrick said.
 With 2433 now signed in the entire school system, the enrollment is as follows: Jackson, 317; Lincoln, 254; Roosevelt, 297; Washington, 377; junior high, 641, and senior high, 567.

KELLAHER PROBE FURTHER DELAYED

SALEM, Ore., Sept. 17.—(AP)—The new Marion county grand jury, which started its term yesterday, will conduct a probe into the alleged gambling situation in Salem and the county before bringing its investigation into bribery charges against Dan Kellaher, former state parole officer, District Attorney W. H. Trindle said last night.
 Kellaher was bound over to the grand jury when he waived preliminary charges in justice court of "agreeing to accept a bribe" in connection with an alleged agreement between himself and L. A. Banks, state penitentiary inmate, in which Banks was to pay the ex-parole officer \$50,000 for securing his parole from prison.
 Trindle said he had no way of knowing how long it would take the grand jury to conclude its gambling probe.

VIRGINIAN SELECTED GRAND SIRE OF I.O.O.F.

ATLANTIC CITY, N. J., Sept. 17.—(AP) Parke Deane, Richmond, Va., 160-day was elected grand sire of the Independent Order of Odd Fellows at the 111th annual convention. He succeeds United States Congressman William A. Pittenger, Durham, Minn.
 George Hirschman, Crown Point, Ind., was chosen deputy grand sire. New York was chosen for the 1936 convention city.
