PRETTY ADMIRER OF 'GREAT LOVER' QUILTS MAD CHASE

Barrymore Speeds West On Train As Elaine Barrie Flies Back To New York—Radio Plea Fails.

KANSAS CITY, Sept. 21.—(AP)—Elaine Barrie, pretty 20-year-old admirer of John Barrymore, abandoned tonight her dash from New York—they quarreled there—in an effort to overtake the westbound 53-year-old screen lover who eluded her here.

Tired but smiling after her search, the dark-eyed girl made reservations to fly back east.

A wild dash through the outskirts of Kansas City by taxi from one train to another by the stubble-bearded Barrymore enabled him to continue toward California without meeting Miss Barrie.

"I love him dearly and I know he loves me, so it is bound to come out all right but when I do not know," Miss Barrie said, "I am not nearly across a bed in her hotel suite."

"Mr. Barrymore's manager or someone has plotted to keep me from seeing him. I am convinced he has no idea that I have been trying to reach him ever since we quarreled Thursday in my New York apartment and he was escorted away."

Their trails almost crossed here. Barrymore and two male companions left a train from Chicago in North Kansas City, dashed by taxicab to Holiday, Kas., and boarded the Santa Fe railroad's California Limited there, going into seclusion in a locked compartment.

Miss Barrie, believing he was somewhere in Kansas City, sped frantically by cab to a radio station and broadcast a personal appeal to Barrymore—she calls him "Caliban"—to get in contact with her immediately.

"John, dear, I know you need me now," she pleaded over a Kansas City broadcasting station.

"My messages to you have not been delivered."

Previously she had sped by plane from New York, overtaking Barrymore's train at Chicago. He dashed to a Chicago hotel without her seeing him. Thinking he took another train there later, she boarded it, got ahead of him and doubled back here after reaching Emporia, Kas.

"Ariel" is—or was before Barrymore walked out on his young protegee in New York—the film actor's pet name for Miss Barrie. Calliban and Ariel are in Shakespeare's "The Tempest."

ACTOR BAWLS OUT AUDIENCE, BALKS PANIC IN THEATER

CHICAGO, Sept. 21.—(AP)—Henry Hull, star of "Tobacco Road," averted an incipient panic at the Harris theatre today—caused by dense clouds of grease smoke from the Hotel Sherman fire—by "hawling out" the audience.

As the audience grew restless with the smell of smoke, Hull stopped his performance, walked to the footlights and, instead of delivering the usual speech of assurance, began a tirade.

"You're fine ones, you are, all you have to do is sit there and watch. Here we have to smell this smoke and try to give a performance at the same time. If there was any danger we'd be the first ones out of here. Now come back and sit down!"

The audience quieted. One man took the cue and called out, "He's right. Let's sit down."

"Now you've got me so excited I've forgotten where we were in the play," Hull said.

"You were telling the banker you were born on the land you'd die on the land," the unidentified spectator who had supplemented Hull's appeal to the audience reminded him.

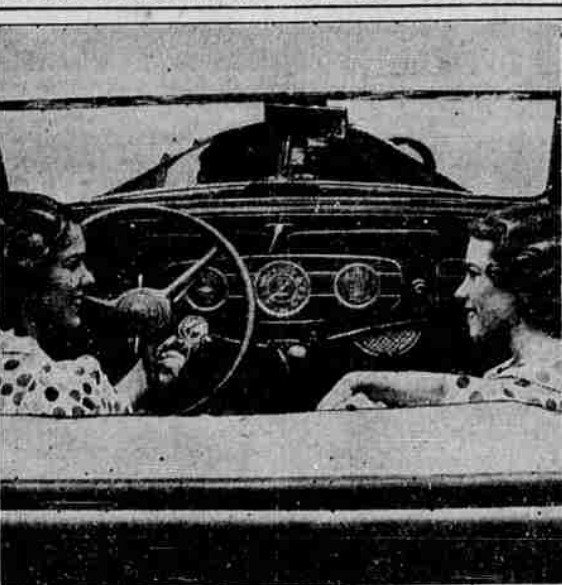

The show went on.

ST. LOUIS, MECCA OF LEGION HOST

ST. LOUIS, Sept. 21.—(UP)—The greatest show on earth, with a cast of something like 200,000 picked camp tonight for a four day engagement—the 17th annual convention of the American Legion—beginning Monday.

There was plenty of whoop-ia along the Hiatio, a plethora of riotous color, much good natured fraternizing of the men who collaborated in smothering the Hindenburg fire and aided in scattering the House of Hohenzollern.

MOTOROLA IS TWINS' CHOICE

Seeking the very finest in auto radio performance, the Adrian twins—Robby and Ruth—found just that in the new 1935 Motorola. They preferred it over others for its truer tone fidelity, its greater distance and selectivity, and the Magic Eliminator which eliminates engine noise without using spark plug suppressors, thus permitting full engine efficiency.

INTERVENTION BY PRESIDENT ONLY COAL AREA HOPE

WASHINGTON, Sept. 21.—(AP)—Last-minute intervention by President Roosevelt appeared tonight as the only hope of averting a soft coal strike Monday. Appalachian producers and the United Mine Workers were deadlocked in their negotiations toward a new wage and hour contract to succeed the agreement expiring tomorrow midnight.

The miners asked higher pay. The operators refused to budge an inch from their position that a renewal of the present scale was the best they could offer.

Enactment of the Guffey bill to set up a "Little NRA" for the bituminous industry apparently had not helped to reconcile opposing views, contrary to the expectations of the union and the administration. Already the law was under court attack.

Edward P. McGrady, assistant secretary of labor and the administration's number one labor troubleshooter, was understood to have suggested a compromise today, but found the union unwilling to accept it. McGrady kept Mr. Roosevelt in touch with the situation by telephone.

Even though the Guffey act was designed to assure the industry sufficient income to cover production costs—including wages—the producers contended that any increase in these production costs at this time would mean a heavy loss of business to competitive fuels.

The union, on the other hand, stressed rising living costs in the coal fields.

2 OREGON YOUTHS HELD AS BANDITS AFTER GUN DUEL

MEMPHIS, Tenn., Sept. 21.—(AP)—Trapped in the Wolf river bottoms and captured after a running gun battle with police, two youths who described themselves as Walter Turner, 19, and H. J. Powers, 19, and gave their home as Baker, Ore., were lodged at police headquarters tonight.

Will T. Griffin, inspector of detectives, said charges of highway robbery and carrying a pistol would be placed against the youths, whom he quoted as admitting they robbed the Best Lumber & Hardware Co. of \$120.85.

Patrolmen Harold Woodruff and Bill Mustek picked up the trail of the alleged bandit car a few minutes after the holdup and gave chase.

"As we closed in," Woodruff said, "going about 70 miles an hour, the bandits opened fire and started throwing rocks along the highway. Once, while I was shooting, my gun flew out of my hand, tearing the skin off my trigger finger. I don't know whether I was shot or not."

He said a boy was knocked from a bicycle by the speeding automobile. The two youths, Woodruff said, went down a "dead end" road and were trapped.

Griffin quote the youths as saying they stole the car in Portland, Ore.

NECKS WITH CUB BEAR AND GETS BROKEN NECK

SACRAMENTO, Sept. 21.—(AP)—Jay Pagan, 45-year-old World War veteran, is in the Sutter hospital here, suffering from a broken neck received while frolicking with a cub bear at the Bear Springs forest service camp near Rubicon River. Pagan was doing fine in his wrestling match with the cub until he permitted himself to be chased up a tree. In the ensuing tussle, he fell from the tree and broke his neck.

FIRST FAMILY IN QUIET WEEK-END

HYDE PARK, N. Y., Sept. 21.—(AP)—President Roosevelt began a week-

end vacation today before returning to the White House tomorrow night. Official callers were not on the list for the first time since his arrival here three weeks ago. He sought to indulge in a carefree holiday.

It was the eighty-first birthday of Mrs. Sarah Roosevelt, mother of the president, but the occasion was observed last Sunday at a family reunion when Elliott, second son of Mr. and Mrs. Roosevelt, also had a

birthday. The family did meet again today at luncheon with the smiling, gracious Mrs. James Roosevelt, Sr.

PORTLAND, Sept. 21.—(AP)—Stanley Myers, former district attorney of Multnomah county, underwent an appendicitis operation here last night. His condition today was reported good. Myers, a veteran of the World War, has been active in the American Legion.

WPA PROJECTS IN STATE APPROVED

WASHINGTON, Sept. 21.—(AP)—Announcement that President Roose-

velt had approved an additional \$31,270 allotment for WPA projects in seven Oregon counties was made today.

An additional \$15,038 is to be contributed by sponsors, according to E. J. Griffith, WPA administrator for Oregon.
