CUBS TRIM CARDS TO CINCH FLAG

News Behind The News

By PAUL MALLON
Copyright, 1935, by Paul Mallon.
TOPEKA, Kan., Sept. 27.—The background of the London Republican presidential talk is the saga of a swing on the porch of a mid-Victorian house out here in a Kansas corn town.

The house is like the one which was the best in every small town twenty-five years ago. The windows are bench attached to the porch roof with chains is PAUL MALLON also a national rural institution, and so is its quiet perspective.

From it, these days, the Kansas governor looks out over a longer lawn than city dwellers can afford into the elm shade of a political campaign, but close national political clamor, but close to the soil which feeds it. He swings and does his gubernatorial business. He swings and talks to national political leaders who are beginning to drop in. He plugs in his porch telephone and talks to men through the state, and beyond, while swinging.

Friends bring around clippings from the newspapers and magazines suggesting that his economy record makes him a presidential figure. He rubs his eyes with a gesture implying incredulity, and keeps on swinging.

London's swing is well regulated and does not squeak. But if you cup your ear, it seems to say definitely that London is a not-very-dark-horse who has his chance on any night, and will not be taken off anytime soon, although pressure to get him running obviously is surging right up to the rail of the porch.

In other words, it suggests that the judicious London strategy is not to get involved in any factional party call should come. It will be answered, if the more active candidates become involved in factional animosities and kill each other off, you may be sure that London will remove his wraps.

Many sound political ideas believe the situation will work around that way.

They call London a "Kansas Coolidge", but he is like Coolidge in only one respect. He is the kind of fellow who always would be the last to buy a round of drinks. He looks young, but Coolidge did when first coming on the national scene. He is warmer, more friendly, less reticent in conversation, much more emotional, more human. Also he has a good face for political posters. In fact, he is the kind of personality which many a political publicity man would pray for in a campaign against a spending opposition.

This does not mean that London is provincially minded. Out here on the prairie, he gets yesterday's eastern papers by airplane each day, follows the European financial situation closely, has definite ideas about what will happen in France, Italy, Ethiopia.

The stories told of his state economy record are substantially true.

BOMBARD DIZZY FOR 15 HITS TO SCORE 6-2 WIN

Twentieth Straight Victory Chalked Up by Amazing Grimsmites — Lee Yields Cards But Six Safeties

SPORTSMAN'S PARK, ST. LOUIS, Sept. 27.—(AP)—The sensational Chicago Cubs came to the end of their glorious baseball road today by slugging the great Dizzy Dean into submission with 15 hits and clinching the National League pennant with their 20th straight victory, a six to two triumph over the St. Louis Cardinals.

The men of Grimm spotted the durable Dean with two runs in the first inning of the first game of the now useless double-header and then came back to smash his offerings to bits for an easy victory. Sensational fielding, notably by Bill Jurges, who batted twelve plays faithfully and brilliantly, saved Bill Lee from several bad situations. Lee came through with his 20th victory of the season with a six hit performance pitched on a cold and dreary day before 8,000 fans.

Every Cub, except Frank Demaree and Jurges, smashed Dizzy's offering for at least one hit.

Fred Lindstrom, Fred Hack and little Augie Galan led the blistering Cub attack by rapping Dizzy for ten of the Cubs' 15 hits.

Lindy smashed out a double and three singles; Hack polled a home run, double and a single and Galan a double and two singles.

THIEVES TAKE PURSE FROM PARKED AUTO

Mrs. Virgil Gillette of this city reported to city police last night that \$40 was taken from her purse when the Gillette car was broken into outside the wrestling matches at the Armory last night. The thief took the money, but left the purse in the car, she stated.

Several have been picked up on suspicion in the vicinity of late, but no evidence has been found to link the suspects with the looting of cars.

Fire Chief Elliott originally named as one of the defendants, was dismissed as such, by agreement between counsel at the start of the trial.

The trial was the second damage action to be tried this week. The first was the action of I. L. McReynolds against the Medford Domestic Electric Co. for \$7500 for injuries received by McReynolds while riding as a guest passenger in a laundry wagon. No award was given McReynolds.

STANDARD GAS FILES REORGANIZATION PLEA

NEW YORK, Sept. 27.—(AP)—Dow, Jones & Co. says in a dispatch from Wilmington, Del., that Standard Gas & Electric Co. has filed a petition in federal court for reorganization under section 77-B of the bankruptcy act.

The company has obligations amounting to \$24,000,000 maturing on October 1. The organization, with principal offices in Chicago, has widespread properties in many sections of the country.

'AMERICAN TRAGEDY' CASE ON TRIAL

Newell P. Sherman, handcuffed to two deputies, is shown leaving the Worcester, Mass., jail to face a charge of murdering his wife, Alice, 22, who drowned in a lake near Worcester last July. The state charges Sherman, a choir-singer and scoutmaster, drowned his wife so he could woo another girl. (Associated Press Photo)

A circuit court jury, C. A. DeVoe foreman, in a verdict returned late yesterday afternoon, following short deliberation, denied Robert Robinson, 13, any damages in his suit against Ed Kanooze, city fire truck driver, for \$50,000. The verdict was found for the defendant.

The suit was based upon an accident on the night of August 3, 1934, when young Robinson, while standing in front of the Hotel Medford during a fire in the hostelry, was caught by the hose, while it was being unrolled, and sustained injuries to one of his legs, later necessitating amputation. He was standing talking to two girls when the accident occurred.

The plaintiff, through counsel, contended that Kanooze drove the hose wagon around the corner at a reckless rate of speed, and without due regard for the safety of people standing on the sidewalk and nearby.

The defendant contended that Kanooze was acting in the performance of his duties, and that young Robinson failed to exercise discretion in departing from a place of peril, and was "apparently oblivious" to warning shouts.

Fire Chief Elliott originally named as one of the defendants, was dismissed as such, by agreement between counsel at the start of the trial.

The trial was the second damage action to be tried this week. The first was the action of I. L. McReynolds against the Medford Domestic Electric Co. for \$7500 for injuries received by McReynolds while riding as a guest passenger in a laundry wagon. No award was given McReynolds.

HUNTER DISCOVERS NAKED DEAD MAN

ALBANY, Ore., Sept. 27.—(AP)—Sheriff Herbert Shelton and Walter Kropp, representing the coroner's office, left here today on a trip that will take them into uncharted and seldom-visited fastnesses of the Cascade mountains to investigate the reported discovery of the naked body of a man who is believed to have died three weeks or a month ago.

Raymond Flintlock of Salem reported finding the body while on a deer hunting trip Wednesday. He was to meet the sheriff and Kropp at the Dollar Logging company camp in the Upper Calapoosia river valley this afternoon, and endeavor to guide them to the place the body was found.

SALEM, Sept. 27.—(AP)—The state of Oregon will fight any effort of the trustee in bankruptcy of L. A. Banks to obtain the weapons used by Banks in the murder of Constable George Prescott at Medford for which the latter is serving a life sentence, Ralph Moody, deputy attorney general, declared today.

A petition was filed with the supreme court yesterday by J. F. Wortman, trustee, requesting the rifle and pistol now being held by the state be turned over to him for sale for the benefit of Banks' creditors.

Because Moody was busy with investigation of gambling in Marion county as special prosecutor, the court gave him until October 10 to answer the petition. Moody was the prosecutor in the Banks trial which was held at Eugene.

LOS ANGELES, Sept. 27.—(AP)—U. S. Senator William Gibbs McAdoo, painfully hurt but not seriously injured in a traffic accident, was "beating complete recovery" at Good Samaritan hospital today.

The 71-year-old Democratic leader received a fractured nose, a bruised chest and a fractured left wrist yesterday when his automobile crashed into the utility pole after he had asserted to avoid colliding with another machine that ran through a stop signal at Third street and New Hampshire avenue.

WASHINGTON, Sept. 27.—(AP)—A peace pact that spells the end of the nation's soft coal strike in all but four producing districts was reached early today. The miners will go back to work next Tuesday, after being out since Monday morning.

Union leaders and operators agreed in the early morning hours upon a new wage contract giving the miners increases in pay for virtually all types of work. The contract, replacing one which originally expired last April 1, will extend until April 1, 1937.

CAMPAIGN BLUES EXPECTED FROM PRESIDENT'S TRIP

Politicians Look for Pronouncements With Bearing 1936 Race—Nebraska Talk Slated for Saturday

By FRANCIS M. STEPHENSON
Associated Press Staff Writer

EN ROUTE TO THE PACIFIC COAST, Sept. 27.—(AP)—The Roosevelt vacation special sped across the middle west today, bearing the chief executive to four speaking engagements, a visit to the California-International exposition at San Diego, and then a 20-day fishing cruise back through the Panama canal.

During the trip, the politically wise look for pronouncements with a bearing on the 1936 campaign. Also, the president is ready for a series of brief chats with political leaders as the big special, carrying an unusually large party of officials and aides, flashes onward.

Politicians Invited Aboard Governor Ruby Laffoon, A. B. Chandler of Kentucky, Democratic nominee in this year's gubernatorial election in that state, and his defeated Democratic opponent, Thomas S. Rhea, were invited to board the train as it skirted Kentucky, Paul McNutt, Democratic governor of Indiana, was another on the list of callers.

Heading across Ohio, Indiana and Illinois today, President Roosevelt (Continued on Page Five)

BILLINGS RELATES ALLEGED FRAMING

SAN FRANCISCO, Sept. 27.—(AP)—Accusations that police aided witnesses who later appeared against him in identifying him as he was held in a jail cell after the preparation of a charge of bombing in 1916 were made today by Warren K. Billings at the habers corpus hearing of Thomas J. Mooney.

The statements followed Billings' charges that the transcript of his statement to police "had been edited" to eliminate a dramatic plea on behalf of Estelle Smith, who testified against him, that he make a complete statement. Likewise the short, sandy-haired watchmaker of Polson prison, said he had accused District Attorney Charles M. Pickett and other officials of attempting "to frame him." This statement did not appear in the transcript, Billings said, but denials by Pickett and his assistant, Edward Chuna, did.

BANKS RIFLE SALE OPPOSED BY STATE

SALEM, Sept. 27.—(AP)—The state of Oregon will fight any effort of the trustee in bankruptcy of L. A. Banks to obtain the weapons used by Banks in the murder of Constable George Prescott at Medford for which the latter is serving a life sentence, Ralph Moody, deputy attorney general, declared today.

A petition was filed with the supreme court yesterday by J. F. Wortman, trustee, requesting the rifle and pistol now being held by the state be turned over to him for sale for the benefit of Banks' creditors.

Because Moody was busy with investigation of gambling in Marion county as special prosecutor, the court gave him until October 10 to answer the petition. Moody was the prosecutor in the Banks trial which was held at Eugene.

M'ADOO'S NOSE BROKEN IN AUTOMOBILE SMASH

LOS ANGELES, Sept. 27.—(AP)—U. S. Senator William Gibbs McAdoo, painfully hurt but not seriously injured in a traffic accident, was "beating complete recovery" at Good Samaritan hospital today.

The 71-year-old Democratic leader received a fractured nose, a bruised chest and a fractured left wrist yesterday when his automobile crashed into the utility pole after he had asserted to avoid colliding with another machine that ran through a stop signal at Third street and New Hampshire avenue.

WASHINGTON, Sept. 27.—(AP)—A peace pact that spells the end of the nation's soft coal strike in all but four producing districts was reached early today. The miners will go back to work next Tuesday, after being out since Monday morning.

Union leaders and operators agreed in the early morning hours upon a new wage contract giving the miners increases in pay for virtually all types of work. The contract, replacing one which originally expired last April 1, will extend until April 1, 1937.

ITALY WILL WAIT COUPLE WEEKS TO OPEN HOSTILITIES

Fears That End of Rainy Season Would See Immediate Action Allied for Time; Ethiopians Rejoice

By the Associated Press

GENEVA, Sept. 27.—(AP)—Baron Pompeo Aloisi, spokesman of the Italian delegation to the League of Nations, today protested the league's plan merely to adjourn the assembly instead of closing it.

He made his protest at a meeting of the assembly's steering committee. League officials announced that despite the protest the committee voted to recommend that the assembly undertake a simple adjournment—meaning that it can be called together again at a moment's notice.

By the Associated Press

GENEVA, Sept. 27.—(AP)—Baron Pompeo Aloisi, spokesman of the Italian delegation to the League of Nations, today protested the league's plan merely to adjourn the assembly instead of closing it.

WILLIAM BRADY OF STAGE FAMILY FOUND CREMATED

COLT'S NECK, N. J., Sept. 27.—(AP)—The charred body of a man found in the fire swept ruins of a summer bungalow was believed identified today as that of William A. Brady, Jr., 35, son of a theatrical "first family."

Charles Tate, county detective chief, said circumstances removed any doubt of the identity, even though the body was burned beyond recognition.

The three-room cottage, which burned yesterday afternoon, was owned by Miss Etile Chisholm, associated with Brady in a summer stock company. He had obtained her permission to spend the night there.

In the ruins detectives found a scorched revolver, its chambers filled with shells which the heat had exploded. Tate said the gun was not cooked and had not been fired.

A bottle lay in the twisted bed-springs, but it was so melted by the heat that Tate could not tell what it had contained.

S. P. FREIGHT RATES SUSPENDED FOR QUIZ

SALEM, Sept. 27.—(AP)—A temporary suspension of Southern Pacific tariff rates between Portland and Grants Pass was ordered today by the public utilities commissioner. The rates, filed recently, would materially reduce the charges on mixed shipments of groceries.

Truck operators charged the rate was discriminatory and would result in unfair competition. The suspension was made pending a hearing for which the date has not yet been set.

Lewis' Condition Seen Improving

MOSCOW, Sept. 27.—(AP)—The condition of Senator J. Hamilton Lewis of Illinois, seriously ill with pneumonia, took a more encouraging turn today.

Dr. A. Runnitch, physician for the United States embassy, said the pneumonia had spread somewhat in the left lung, but that the right lung was much improved.

Head Of Stanford Warns Freshmen Against 4 "B's"

STANFORD UNIVERSITY, Cal., Sept. 26.—(AP)—Dr. Ray Lyman Wilbur, president of Stanford University, today admonished an incoming freshman class to avoid the pitfalls of "boozers, bumblers, brawlers and busters" in assuring the neophytes of a future life abundant with opportunity.

"Beware of the four B's—the boozers, who break up university property, the bums, the boozers and the brawlers," he said.

Criticizing the view that today's youth is a "lost" generation, Dr. Wilbur said, "If anyone wants you to cry about the sad days ahead for you just pass him by. No group of young people in the world ever had such a chance as you have to be effective and to get results through sound training and knowing your business, whatever it may come to be."

VANDYKE ELECTED PIONEER'S LEADER AT ANNUAL PICNIC

At a meeting of 150 old pioneers of southern Oregon in Ashland's Lithia park yesterday, B. F. Van Dyke of near Phoenix was elected president for the coming year. Miss Claire Hanley was named vice-president. The other two officers, Mrs. Mamie Nelson of Jacksonville as secretary and Mrs. Ella Garrett of Ashland as treasurer, are permanent. Mrs. Garrett being ill in an Ashland hospital, a message of cheer was forwarded from the assembled members.

The morning was given over to speeches, including the main address of the day, delivered by James Chinnock of Grants Pass, on "Early Day Pioneers." Prof. I. E. Vining of Ashland delivered an eulogy on the late William Hanley, known personally by most of the old southern Oregon pioneers.

Mayor T. S. Wiley of Ashland gave the welcoming address. A big dinner was served in the pioneers' own cabin home near Lithia park, where the business session was held.

The musical program included Miss Paula Carter, a great-granddaughter of the late Eli K. Anderson, well-known pioneer of southern Oregon. At the age of 5, the little lady is one of the best-known piano prodigies in the country, and delighted her audience with three pieces, with three encores demanded before they could let her finish. Mrs. Arthur Peters of Ashland sang a solo, and the Ashland male quartet sang several numbers.

It was decided that Jacksonville was to be the next meeting place of the organization.

Committee responsible for the success of the meeting included Mrs. O. Winter of Ashland as chairman of the decoration committee, with Mesdames P. D. Wagner, Emil Peil, George W. Dunn and Mabel Lawther serving with her. Members of the kitchen committee included Mrs. A. E. Kinney and Anna Myer, with Mrs. M. M. Tucker as chairman of the table committee.

Joan and Franchot Silent On Romance

HOLLYWOOD, Sept. 27.—(AP)—Declining to comment on reports that they contemplated marriage, Joan Crawford and Franchot Tombs of the films left early today for New York on the Santa Fe Chief. Both have signed contracts for radio engagements starting in October.

WHERE CHEST DOLLARS GO

In order to show the actual application of Community Chest funds in relieving distress, the local Red Cross chapter has prepared a series of brief case histories for publication prior to the chest drive, October 9-11. For obvious reasons, names are withheld.

An ex-service man, ill, unable to work, with wife and four children, and the children were in poor health. He put in a previous claim for aid, but it was disallowed. The case was then called to the attention of the Red Cross by neighbors and it was recognized. To secure complete information so that the pension might be secured, it was necessary to check with many Red Cross chapters. Chapters in four different states were contacted. The entire relief of the family—food, clothing, medical care, house, fuel—was handled by the Red Cross for 18 months. As a result of this care and interest, the man is quite well and now self-supporting.

COUNTY ENGINEER GETS WPA FUND FOR ROAD WORK

Federal Grant of \$8280 to Be Used in Checking Bridges, Copying Maps and Systematizing Notes

WASHINGTON, Sept. 27.—(AP)—The works progress administration today announced presidential approval of a \$254,000 allocation for an additional WPA work projects in Oregon.

Sponsors of the projects will contribute an additional \$128,165 for materials and other expenses.

Largest of the projects in the program prepared by E. J. Griffith, Oregon WPA administrator, was a \$161,208 road improvement program for the city of Portland. The city pledged an additional contribution of \$60,001 for the improvement of 18 miles of improved streets.

Approved projects include: JACKSON COUNTY — MEDFORD: Road improvement program. Federal funds, \$9,280; sponsor's contribution, \$3,002.

Josephine County — Grants Pass: Renovate school building. Federal funds, \$852; sponsor's contribution, \$1,300.

Douglas County — Ten Mile: Construction of Federal funds, \$637; sponsor's contribution, \$203.

The WPA allotment of \$8,280, plus the sponsor's contribution of \$3,062, will be used to check and number all county bridges, to make copies of all maps and notes regarding old roads, and to bring the office records generally up to date. It was explained by County Engineer Paul B. Rynning.

When the funds become available and a slack in employment has developed, about a dozen additional employees will be added to the county engineer's staff. Mr. Rynning said. Employment for a year will be provided for the additional employees, he stated.

HOLMAN FOR USING REGULAR TAX LEVY TO BUILD CAPITOL

PORTLAND, Sept. 27.—(AP)—A suggestion that the regular millage levy be diverted for a period of years toward construction of a new state-house, and that payments on the state deficit be permitted "to ride" was made here yesterday by Rufus C. Holman, state treasurer, in a talk before the Progressive Business Men's club.

Holman suggested a millage tax to raise \$600,000 be levied next year; that a similar tax be imposed in 1937, and that \$625,000 be raised in 1938. This, he said, would raise the \$3,600,000 believed necessary for a new statehouse.

The millage tax he proposed would replace the regular levy. Holman said he believes it might be preferable to extend the tax program over a 10-year period, rather than three years.

Dawes Prosperity View Target for Economists

CHICAGO, Sept. 27.—(AP)—Economists accepted Charles G. Dawes' invitation and began snipping today at the method he used in making his second prediction of economic recovery within a year.

The former vice president, who saw his prediction of last December that a sharp upward trend would take place in the durable goods industries fulfilled, last night said that "mass confidence once regained is not subject to frequent oscillations."

Addressing a group of Illinois business leaders, Gen. Dawes demonstrated that charts and graphs the course of previous depressions in 1873 and 1893. He said there were striking parallels between them and the recent depression and prophesied that economic recovery was definitely underway.

He invited "professional economists" to shoot at his conclusions.
