CUBS TAKE SERIES OPENER 3 TO 0

News Behind The News
 Copyright, 1935, by Paul Mallon. SAN FRANCISCO, Oct. 2.—The undertone in California is not hard to hear. It is radicalism versus democracy, and it does not murmur; it shrieks. All the funny political noises you have heard from here (the red-led dock strike, the Sinclair epic, the Townend plea to support the aged in style) appear to be only the beginning.
 The din will be deafening when the forces of communism and fascism, now organizing quietly, come to the climax of their struggle. At least this is what both communists and conservatives will tell you behind their hands, and it seems to be true as far as the northern half of this golden empire is concerned.

 Players share \$74,176.32

 Paid attendance 47,391.00

NAVIN FIELD, DETROIT, Oct. 2.—(AP)—The claws of the scrappy Chicago Cubs drew first blood in the 1935 world series today as long Lonnie Warneke, in brilliant form, shut out the Detroit Tigers, 3 to 0. The Cub ace allowed only four hits as he equalled the world series record with eight assists in an all-Arkansas duel with Lyrwood (Schoolboy) Rowe.

While Warneke was allowing but four safeties, two of them doubles, and had to fight off occasional spells of wildness, allowing four bases on balls, Rowe rallied after a shaky start to fan eight and allow two hits in the last five innings. The Cubs nicked him for seven hits all told, but his control was perfect as he issued not a single pass.

Warneke equaled the record of eight assists in one world series game for a pitcher, set by Nick Atrock, of the Chicago White Sox, in the series of 1906. Long Lonnie, in addition to the rest of his brilliant achievements today, might have surpassed the record had he tossed out Mickey Cochran, Tigers manager and catcher, at first base in the fifth inning instead of outturning him to the bag for a putout.

New Deal Farm Program Termed "Idiotic, Tragic"

WASHINGTON, Oct. 2.—(AP)—The administration's farm program, coupled with western irrigation and power projects, was characterized as one of "idiotic" and "tragic" in a statement today by Representative Roy O. Woodruff, Republican of Bay City, Mich.
 Charging that completion of the Grand Coulee dam would bring thousands of new acres into cultivation and work a hardship on farmers in Michigan and the midwest, Woodruff said:
 "The fact that the people of the country are compelled to pay processing taxes in the amount of \$300,000,000 a year to reimburse the farmers for leaving a portion of their acres unproductive is conclusive evidence that the authorities in Washington believe that already we have more farm lands than we need."

U. S. MUST AVOID ENTANGLEMENT IN WAR ASSERTS F. R.

SAN DIEGO, Calif., Oct. 2.—(AP)—President Roosevelt in the face of foreign war threats today asserted a policy that this government must remain "unentangled and free" and urged adherence by other powers "to the ideal of the Americans I am a good neighbor."

Frankly stating the "potent danger" of foreign war, Mr. Roosevelt within sight of the collected United States fleet off shore here declared:
 "This country seeks no conquest. We have no imperial designs."
 Then he gave notice that the American people "intend and expect to remain at peace with all the world."

Out of Depression
 "We stand once more upon an economic plateau. We have, therefore, a right to look forward to the brighter future while, at the same time, we remember the mistakes of the past."

FALL FROM WILD HORSE IS FATAL FOR RANCHER
 ROSEBURG, Ore., Oct. 2.—(AP)—Nobel Wilder, 28, native of Myrtle Creek, died in a local hospital last night as a result of a fall from a horse which he was attempting to break. The accident occurred on his farm about one mile east of Myrtle Creek. Wilder suffered a skull fracture when he fell on his head after being thrown by the horse.

 BAKER, Oct. 2.—(AP)—A 40-acre fire burning in small second growth timber five miles south of Pleasant valley on the Burnt river slope was surrounded by trench this afternoon. Fifty men were sent to the scene of the blaze after the fire was reported to the Whitman forest headquarters here. The land covered by the fire was privately owned.

It seems a tragedy that there are running the country men who, with one hand spend hundreds of millions of dollars to take land out of production, and at the same time spend other hundreds of millions of dollars to bring their land into production.
 "This program just doesn't make sense, and the tragedy of it is that the taxpayers as a whole, and the farmers now tilling the soil in particular, must down through the years pay and pay for this idiotic idea."

Mr. Roosevelt has approved an increase in the cost of the (Grand Coulee) project to \$399,000,000, an amount nearly four times the cost of Muscle Shoals, more than twice the cost of Boulder dam, and an amount more than twice as large as would be needed to complete the St. Lawrence waterway to the ocean.

Selassie Protests Invasion Ethiopia; Il Duce Says Solemn Hour Is Near

LEAGUE INFORMED 50,000 SOLDIERS HAVE MARCHED IN
 ADDIS ABABA, Oct. 2.—(AP)—High authorities said tonight that Emperor Haile Selassie will proclaim his general mobilization of Ethiopian forces at 9 a. m. (1 a. m. eastern standard time) tomorrow.

ADDIS ABABA, Oct. 2.—(AP)—Emperor Haile Selassie today protested to the League of Nations against an alleged invasion of Ethiopia by Italian forces.
 The note of protest, prepared by his advisers—including Everett Colson, American—resulted from government reports through French sources that the Italians had penetrated from Eritrea into a triangular portion of Ethiopia at Mount Mussa Ali.

The Italians were said to have moved in about 50,000 native Eritrean troops and fleets of motor trucks, tanks, and airplanes.
 There are no Ethiopian troops in the area.

SUBSTITUTE AAA SEEN BY MARTIN AT NEXT SESSION

SALEM, Oct. 2.—(AP)—Governor Martin today expressed his belief that the legislature should enact an agricultural adjustment law which would conform to the state constitution and still embody the main principle of the act which the supreme court yesterday declared unconstitutional.

The original foreclosure sale was made last July by the sheriff, upon two mortgages held by the California Joint bank, for \$31,323.74, and for \$31,108.45 with added interest, taxes, and costs, brings the total amount to approximately \$80,000.

Under the terms of the decree the Gore's are allowed possession of the property, pending re-sale under the terms set forth in the decree.
 The property is one of the pioneer landmarks of Jackson county and has been in the possession of the Gore family for years.

ORDER SWEEPING PROBE IN KLAMATH GAMBLING

KLAMATH FALLS, Oct. 2.—(AP)—With a ringing condemnation of county officials, Judge Edward Ashurst of the circuit court today charged the Klamath grand jury to make a complete investigation of gambling in this section.
 The judge said the county court's plan to license slot machines was an "insult to the intelligence of the people of the community."
 Speaking for an hour and three minutes, the judge ordered the jury to make a thorough inquiry, subpoenaing city and county authorities, police chiefs, constables, operators of establishments housing slot machines and gambling activities and any other persons who might throw light on the situation.

BANK IS DENIED POSSESSION OF W. H. GORE FARM

In a decree handed down yesterday, by Circuit Judge H. D. Norton in the suit of the California Joint Stock and Land bank of San Francisco against William H. Gore and wife, the bank is denied possession of the Gore farm on the Jacksonville highway, under the original foreclosure sale by the sheriff on July 16 last, is held not entitled to a deficiency judgment, and a re-sale of the property is directed at a price not to permit a deficiency judgment.
 Attorneys and abstractors said that the decree is the first of its kind to be entered in Jackson county within this memory.

The decree is based upon decisions of the Oregon state supreme court within the past eight months wherein deficiency judgments were denied mortgages.
 The findings of Judge Norton provide that the "property not be re-sold except with the proviso and understanding and at a price and amount equal to or in excess of an 'unset price'."

Under the terms of the decree the Gore's are allowed possession of the property, pending re-sale under the terms set forth in the decree.
 The property is one of the pioneer landmarks of Jackson county and has been in the possession of the Gore family for years.

 2. Senator Thomas (D., Okla.) disclosed that he is going to confer with Rep. Charles D. Coughlin this week in an effort to sign the Detroit treaty and his followers in support of President Roosevelt in 1936.

ITALIAN POPULACE IS MOBILIZED FOR DICTATOR'S SPEECH

ROME, Oct. 2.—(AP)—Benito Mussolini, undeterred by hints of League of Nations action, told the world today that Italy would forge steadily toward its goal in Africa.
 Addressing mass assemblies of his citizens throughout Italy, and all the other nations of the world through a radio broadcast, he declared:
 "There is attempted to commit against them (the Italian people) the blackest of injustices, that of withholding from them a little soil under the sun."
 He declared Italy "had been patient 40 years" with Ethiopia and "that is enough."
 Then he lashed out at the League of Nations where, he said, "instead of recognizing the just rights of Italy, they dare talk sanctions."
 He declared he did not believe the French and British people actually wanted to bring sanctions against Italy, but he warned:
 "To sanctions of an economic character, we shall respond with the spirit of discipline, with sobriety, and with sacrifice. To measures of military order, we shall respond with measures of a military order. To acts of war, we shall respond with acts of war."
 He declared that the Allies had given Italy only "the crumbs of the sumptuous colonial booty for the others" at the end of the World War.
 Finally he shouted: "Fascist Italy arises!"

Official observers present predicted that an Italian offensive in Ethiopia would begin anywhere between Oct. 8 and 10 provided the present rain ceases.

ROME, Oct. 2.—(AP)—Premier Mussolini today told his millions of fervent followers that "a solemn hour is about to break in history."
 He made this declaration to the multitudes of Italians assembled in all their cities and villages—rank upon rank—around loud speakers which conveyed their leader's words to the expectant throngs.
 Virtually the entire population of Italy had gathered in a general mobilization at the call of Mussolini, to hear their leader's words.

Although the call had been expected for some time, it was flashed out today only three hours before Mussolini began speaking.
 "Black shirt men and women of Italy," said Mussolini, "I speak to 20,000,000 men and women."
 Then Il Duce declared:
 "Not only our army marches toward its goal, but 44,000,000 Italians are marching with the army."

WHERE CHEST DOLLARS GO
 In order to show the actual application of Community Chest funds in relieving distress, the Jackson County Public Health association has prepared a series of brief case histories for publication prior to the chest drive, October 9-11. For obvious reasons, names are withheld.

Now I can see everything, everything you write on the blackboard," a little boy, west of Medford, exclaims to his teacher practically every day. And other children in the room wonder why he should marvel at seeing things on the blackboard. The reason is that for several years this particular little boy was unable to see anything clearly. He was in the third grade and had been required to repeat two grades because he couldn't get the work, although he always seemed to be intelligent.

One day the county nurse, a friend to all children, invited him to the clinic of Dr. Harry Dixon, sponsored by the Jackson County Public Health association. He was found to have defective vision. Glasses were supplied and now he is at the head of the class. Hundreds of similar cases are discovered each year by the county nurses on their rounds of the schools. Two of these nurses receive their salaries from the Jackson County Public Health association, which to continue its truly humanitarian and progressive program is included in the Community Chest drive.
