

### PARENT TEACHERS WILL STAGE DRIVE FOR MEMBERSHIPS

The week of October 7th to 12th inclusive, has been named by the Parent-Teacher association in Medford as membership drive week.

"Since the National Congress of Parents and Teachers is composed of mothers, fathers and teachers, it is a non-commercial, non-partisan and non-sectarian, conducted only in the interests of all children and of child welfare in the community," says the drive announcement.

Three reasons are given for membership in a Parent-Teacher organization: First, it is the only purely democratic organization that seeks to further the interests of all children and through which citizens may make themselves better parents, and neighbors to those of teachers and conditions and to make the community a healthier, safer, saner place in which to raise a family. Second, it is an organization of parents, teachers and all good citizens to promote child welfare. Third, its objects are to bring the home and school together in closer co-operation to carry on constructive work for better parenthood, better homes, better schools and better communities.

Any one interested in the objects for which the association is formed may become a member.

The meetings are held at the schools once each month, from September to June. The meetings consist of a program on some phase of child welfare, a short business session, and a social hour, during which parents and teachers may become acquainted.

The annual dues are \$50. This includes membership in local, state and national organizations. Upon payment of dues, members receive the all inclusive membership card.

Present members are looking forward to meeting next week, and hope to have a large membership list to present at the annual convention which will be held here in October.

### FIRE CONTROLLED ON EVANS CREEK

A small brush fire on Evans creek was being held in check this afternoon by eight men of the state forest service. No property was in danger, said Warden Dwight Shipp.

The curtain of smoke overhanging the Rogue valley from the Coos county forest fire had cleared sufficiently today to warrant the U. S. forest service withdrawing the patrols it had established yesterday in this section.

The forest service had 100 additional men standing by today for dispatch to the scene of the fires around Powers but it was considered unlikely that the crew would be needed.

### ALIENS TO PRESENT PAPERS HERE OCT. 14

Persons seeking to become American citizens are requested in an announcement issued today to be present at the Federal court in the post-office building at 10 a. m., October 14, one day before the opening of the regular annual session of the court here.

Thomas G. Griffing, acting divisional director of naturalization and immigration, with headquarters at Portland, will be here October 14 to pass upon all papers that must be submitted by aliens desiring to become citizens.

### REESE CREEK WCTU MEETING THURSDAY

Reese Creek W. C. T. U. will meet Thursday at 7:45 p. m. in the Reese Creek school house. The purpose of holding an evening meeting is to give the men an opportunity of attending, also those who live some distance away who have not been able to attend the regular meetings.

There will be an inspiring devotional service, reports from different members and an election of officers for the new year, 1935-36.

There will also be other important business, so it is urgent for all to attend who possibly can do so.

### The W. C. T. U.

W. C. T. U. members of Jackson and Josephine counties will meet for a bi-county convention in the Methodist church in Ashland Friday, Oct. 4.

Delegates from Grants Pass, Medford, Ashland, Rogue River and Reese Creek are expected. Those who wish transportation or who can furnish cars are asked to call 688-L.

The morning session opens at 10 o'clock. Covered dish lunch at noon and afternoon meeting commencing at 1:30. These sessions are open to all who wish to attend and a cordial invitation is given to all who are interested in the work.

7798 Bales Wool Sold.

LONDON, Oct. 2.—(AP)—There were 9563 bales of wool offered at the auction today of which 7798 were sold. The moderate selection placed on the market met with a good general demand, and withdrawals were few despite firm limits.

### INSURANCE AGENT ADMITS STEALING ACTOR'S DIVIDENDS

NEW YORK, Oct. 2.—(AP)—Charges of forgery and larceny from his stage and movie star clients were read today to John Kemp, 51, insurance broker, accused of defalcations estimated to total \$250,000.

Kemp appeared fidgety and nervous under the glare of police lineup lights.

He said the estimates, which Police Captain Frederick Zwirz told him were placed as high as \$300,000 were wrong. Although he admitted having said yesterday the alleged defalcations might amount to \$100,000, Kemp estimated today they were between \$45,000 and \$60,000.

He said, answering a question by Captain Zwirz, that he had been committing the alleged thefts for eight or nine years.

Kemp said he had received a dividend check of \$1234 on the insurance of Will Rogers but that the comedian's widow, an alleged victim, had not received the payment.

He said he believed the insurance companies, having accepted him in good faith as an agent, would be responsible for losses and that none of the policy holders should lose.

Among other alleged victims were: W. C. Fields, \$2,500; Donald Brain, \$2,500; John Charles Thomas, \$15,000; Vivienne Segal, \$12,000; the former Betsy Compton (now Mrs. James J. Walker) \$400; Willie Howard, \$400; Bugs Baer, \$1,500.

### TRUSTY STROLLS AWAY FROM STATE'S PRISON

SALEM, Oct. 2.—(AP)—The state penitentiary warden's office reported this morning that no trusty had been found of Edward Foster, 29, trusty, who escaped from the penitentiary some time before 8 o'clock last night.

Foster made his getaway while working at the guard's quarters outside the walls. Warden James Lewis reported he was not missed until the 8 o'clock roll call.

The prisoner was sentenced to a seven-year term in May, 1933, in Douglas county, on conviction of larceny in a dwelling.

### STATE GAINS REVENUE FROM WASTEBASKETS

SALEM.—(UP)—The first state to go into the business of selling cancelled postage stamps to collectors, Oregon has found a new profitable source of revenue.

Philatelists all over the United States have heard of the state's new venture and have bought stamps at 10 cents per pound. All mail coming directly into Secretary of State Snell's offices salvaged from waste baskets each day and the envelopes put up in packages. If stamp collectors pay the state several hundred dollars a year in just one department, letters from all other state departments may also be sold, Snell said.

The Oklahoma—cent cigarette tax yields and average of 71.5 cents per person annually, compared with a per capita income of 19 cents in Kansas on a 2-cent tax.

### KIWANIS PLEDGE AID FOR OBSERVANCE OF GO TO CHURCH MOVE

At the Ministerial association meeting in the Church of the Nazareth yesterday a communication was read from the Medford Kiwanis club through their secretary, Carl Y. Tengwald, in which was offered their support in the observance of community-wide plans for church attendance. Special attention is drawn to Loyalty Day, Sunday, October 6.

Action was taken by the association in commending the Kiwanis club and other service clubs who will join in support of this move, which is being heartily recommended by President Roosevelt, in an effort to curb the lowering moral tone.

The churches of the city are planning to entertain as guests visiting delegations and members of the various service clubs of Medford.

Gain Robinson appeared before the Ministerial association in the interest of the Community chest, for which financial solicitation will be begun next week. His address was cordially received and the verbal support of the association was accorded him, with pledges to furnish workers to assist in raising the \$15,000 budget for the chest.

### CCC HONOR FLAG TO WIMER CAMP

CAMP WIMER, Oct. 7.—(Epl)—Wimer, home of the Medford CCC district flag during October, according to announcement of Major G. R. Owens, district commander. The flag, awarded for all-around excellence in all departments of company 964 for administration to recreation, was given to Wimer for showing made in September. Today's award marked the fourth time Wimer has won the flag in seven months.

Work on Wimer's new educational plant is almost completed. Through the courtesy of forestry head Paul Thompson, the educational department has taken over a large section of the forestry quarters for instruction purposes. The new plant will have a library, office, conference room, press room, room for assistant adviser and three classrooms. The walls will be stained, floor of the library varnished and curtains will be hung on the windows. The plan is to keep the educational building a quiet zone for the students. The recreational hall on the opposite side of the parade ground will house the library and noisy.

The old school building will be converted into a house for indoor athletics during the rainy season. A punching bag will be set up and a removable ring for boxers.

"Let's have a Hearth Fire!"

so simple with Presto-logs

Don't BE UNCOMFORTABLE these chilly evenings just because the furnace fire is "down"! Don't let your home extend a "cold welcome" to unexpected guests! A "Presto-logs" fire can be started on the hearth in a jiffy! No need to split or carry in messy chunks of wood full of splinters and pitch.

Just keep some "Presto-logs" handy in a nearby closet. It takes only a minute to lay and start a cozy "Presto-logs" fire. And you won't have to wash your hands when the job is done! "Presto-logs" are absolutely clean!

Many an otherwise dull and cheerless evening has been turned into a gala affair by the magic of a "Presto-logs" fire. No other fuel compares in economy, efficiency and convenience for use in heater, range and furnace. Try them!

### STOCKMAN FINED \$250 FOR TAKING CALF OF ANOTHER

(Continued from Page One.)

seems to have made a practice of picking up calves and appropriating them to his own use. This is the first substantial case that has been presented, but it is not an extreme case. It seems to have been a matter between the stockmen.

Attorney William Briggs of Ashland addressed the court on behalf of DeCarlo. He said the defendant served in the World war with distinction, had borne a good reputation in the past and came of highly respected and widely known southern Oregon family.

Mr. DeCarlo is guilty only of a technical violation, for the taking of a calf whose ownership was clouded. His mistake was in not going through the statutory methods to establish his claims.

Attorney Briggs charged that "cautions were being taken from each other," and following the custom of the range. He gave statements he attributed to stockmen, and declared that the "charge is the result of acrimony existing among Dead Indian district cattlemen."

A score of Dead Indian stockmen were in court, expecting to be called as witnesses.

The evidence was collected by the Oregon Livestock Theft Bureau.

### WESTERN AUTO BUYS CITY LAND ON RIVERSIDE

ject was slow in getting under way because of the difficulty in obtaining necessary supplies and equipment but that the work was now proceeding rapidly and smoothly. About 3,000 work hours have been completed, a crew of 25 men now being on the job, the firm reported. The report was approved by Fred W. Scheriff, city superintendent.

South 7th street between Thirteenth and Monroe streets, which has been private property, was dedicated by the council last night as a city thoroughfare. The strip, offered to the city recently by Hutchison, Lumsden and Palm, will be graded and maintained by the engineering department.

The council voted to institute foreclosure proceedings against about 200 pieces of property which are delinquent in improvement assessments. Approval was given to a re-financing operation designed to save the city a considerable sum in interest over a period of years.

City Attorney Frank P. Farrell informed the council that he was preparing the ordinance prescribing a special election on the proposition to build a new water reservoir whereupon the meeting was adjourned to Thursday night when the call for the poll will be issued.
