

WARNEKE BESTS SCHOOLBOY ROWE IN MOUND DUEL

(Continued from page one)

World series games against the St. Louis Cardinals when everyone in the infield booed one, only one, and that by Rowe himself in the first inning was really damaging. It meant one additional run in the Cubs margin, but in no way affected the final outcome.

SHRINERS TO OBSERVE PAST 'POTE' NIGHT AT ASHLAND NEXT FRIDAY

(Continued from page one)

Shriners from all points in southern Oregon will gather at Ashland Friday to observe "Past Potentate Night" and perfect plans for the annual fall ceremonial of Hillah Temple. The meeting, which will be held at the Masonic temple in the Lathia City, will open with a delicious venison banquet, beginning at 5:30 p. m. A cordial invitation to all Shriners to enjoy the unique dinner has been extended by Potentate Floyd Whittle of Hillah Temple.

Old timers who have held the potentates office in Hillah temple in past years, will handle the meeting which has been planned for Friday evening. Upon this special occasion, Past-potentate E. C. "Jerry" McElroy's orchestra offers the musical entertainment at the Elks' dance, will be Mary Short, popular radio singer Miss Short who is now only 18, started her career when only ten years of age, over station KOIN, in Portland, appearing on the program "The Window of the Air".

Another featured member of the orchestra is Louis Hoerber, one of America's finest saxophone soloists, who has just recently become a member of the popular band.

Medford people are enthusiastic over the appearance here of the famous musical entertainers, who are returning to Portland after a summer tour.

OFFICERS ARREST 2 WITHOUT FIGHT ON GRAYS HARBOR

deputy down. His body was found on the lonely, dusty road. A resident of the neighborhood saw two men flee in a sports roadster, peculiarly trimmed in blue and red.

Late yesterday the roadster was found in Fielder's garage. Pursuit of Fielder and Weston followed swiftly. It was learned they had gone northward by bus. This morning they were captured without a struggle in the Grays Harbor fishing community.

The Oregon Journal said today Mrs. Elizabeth Fielder had admitted to police that her son told her he had shot the deputy when it appeared he was about to fire on them. Both youths had criminal records, each having been previously charged with unlawful possession of firearms, and one with banditry.

Arrested in Portland, H. Christofferson, chief deputy sheriff, made the capture with other officers. The two were being rushed to Portland where the murder indictment faces them.

The Journal said Mrs. Fielder told police the two boys, both white-faced and apparently ill, rushed into her house a few minutes after the deputy had been shot to death.

"Well, Ma, we have hurt an officer," the paper said she quoted the Weston youth.

Information received by the sheriff's office here indicated the two had \$1500 in cash with them and had intended to hide in the wilderness of the Quinalt Indian reservation, north of Molalla.

MEDFORD S. AND L. GROWING RAPIDLY

(Continued from page one)

The Medford Federal Savings and Loan association has completed its first year of operation and has grown to more than \$140,000 in assets, J. H. Fletcher, secretary-manager, announced today.

Most of the business session will be devoted to working out the details of the fall ceremonial and selecting the southern Oregon community in which this colorful Shrine affair will be held.

Applications for loans have been brisk, especially on a good class of residential security. Mr. Fletcher said eighty-three new loans have been made totaling over \$112,000, of which \$23,000 consists of new construction and major remodeling loans.

Other than new construction and remodeling, loans were made for the purchase of homes in this community, refinancing of present indebtedness and it is noteworthy that over \$10,000 was used for payment of delinquent and current taxes and assessments.

"The savings and loan movement was born more than 100 years ago," Mr. Fletcher said. "A group of textile workers in Pennsylvania banded together to promote thrift and home ownership. They realized that before one person could build, many must save. Thus, the economic structure

of the country was given a cooperative financing plan of great and noble purpose."
