The visiting officials expressed themselves as "well pleased with the progress made in the starting of operations."

The planning mill department of the plant will start next Monday. At the present time 250 men are employed in the lumber operations, close to a full force.

No orders have yet been taken by the Medford Corporation, due to the necessity of replenishing the stock in the yards which were stripped bare during the lay-off. The sawmill cut is now being used for this purpose.

# KLAMATH JUDGE OUSTS D. A. FROM GAMBLING PROBE

(Continued from Page One.)

Judge Ashurst told the attorney in court this morning that he could not "serve two masters."

Blackmer had been authorized by the county court to issue, together with the sheriff, sixty licenses for slot machines in Klamath county.

The attorney, plainly showing his anger, rose to reply to the judge's charge that he was working with the slot machine operators on one hand and the law on the other.

Sharply rapping his gavel, the judge told Blackmer to leave the court room or place himself subject to arrest for contempt of court.

Passing from the courtroom, Blackmer paused to speak with George Kincaid, manager of KPJI, Klamath radio station.

"Thanks pal," he was heard to say sarcastically.

Kincaid supported the prosecutor at the last elections but has been in opposition to him over the gaming problem.

The judge spoke over KPJI last night, repeating the instructions he had given the grand jury.

The investigation of gambling was demanded about a week ago at a previous session of the grand jury.

# MORE SHOWERS ARE PREDICTED

Another sprinkle of .18 of an inch today brought the rainfall for October up to .34 of an inch as against .62 for the same period a year ago. The forecast was for continued unsettled weather, with occasional showers.

There has not been enough rainfall yet to reduce fire hazards to any extent, the U. S. forest service reported, and today an order was issued by Regional Forester C. J. Buck in Portland, continuing in force certain restrictions which had terminated September 30. Under this order permits must be obtained for camp fires, campers must carry axes, shovels and water containers and smoking in national forest land is prohibited. The order continues in effect until further notice but it will probably be rescinded as soon as the fall rains remove the fire hazard.

# ACTIVE CLUB HEARS CHEST DRIVE AIMS; PLEDGES SUPPORT

Frank Hull, principal speaker before the monthly business meeting of the Active club at the Hotel Medford Tuesday night, outlined for members the plan to be put into effect by the community chest committee this year. In former years, Hull told the Activists, 84 persons donated 50 per cent of the total money taken in, and 1470 persons gave 41 percent, placing an unjust load on the former.

The plan this year is to ask every employed person in the city to give something. If each gave only \$2, the 2200 employed in the city would be giving \$4400, but the proposition is to have each employed person give a day's wages, producing over half of the money required before the drive had started, he explained.

The Activists pledged their support of the plan and also agreed to devote their time to promoting the chest drive.

Glen Fabrick, general chairman of the convention committee, appointed his standing committee chairmen at the meet. They will include: finance, Bruce Bauer; reception, Chet Hubbard; registration, Harold Larsen; entertainment, John Niedermeyer; business, Bill McAllister; housing, Frank Bash; dates, Jack Butler; ladies, Mrs. Dwight Pindley; and annual banquet committee, George Robertson.

An attendance drive was announced, with three teams competing for honors. The teams will be headed by Charles Clay, Monty Roundtree and James Harmon.

# D'CARLOW GIVEN TIME PAY FINE

An order granting Leland Charles DeCarlow of Pinehurst, fined \$250 yesterday upon his plea of guilty to larceny of livestock, a stay of execution for one week was signed yesterday by Circuit Judge H. D. Norton, in which to pay the fine.

The sentence contains the proviso that in default of fine payment DeCarlow serve it in the county jail at the rate of \$2 per day.

DeCarlow, a stockman, and member of a widely-known family, plead guilty to the charge after evidence had been collected by the state livestock theft bureau. He maintained that he took the calves, through no guilty intentions, but was following the custom of the range. He was sentenced under a recent Oregon law forbidding taking of stock belonging to another from the range, whether or not the owner was known. DeCarlow claimed the ownership of the calves he took had never been determined.

DeCarlow, through his attorney, William Briggs of Ashland, also contended that the action was the result of acrimony among stockmen of the Dead Indian district.

Fifteen stockmen of the area were present in court, when sentence was passed.

PIE? YOU, SI? SURE-I USE TUMS NOW!

# STOP SAYING "NO" TO FAVORITE FOODS

IT isn't only pie that disagrees with some people. Many say that even milk gives them a gassy stomach. The very best foods may bring on acid indigestion, sour stomach, gas, heartburn. Millions have found that Tums quickly relieve acid indigestion. Munch 3 or 4 after meals or whenever smoking, fatty eating, late night's party, or some other cause brings on acid indigestion. Tums contain no harsh alkalis, which physicians have said may increase the tendency toward acid indigestion. Instead, an antacid which neutralizes stomach acid, but never over-alkalizes the stomach or blood. You'll like their minty taste. Only 10c.
