CALL LEGISLATURE FOR OCT. 21

By Paul Mallon
(Copyright, 1935, by Paul Mallon.)
SAN DIEGO, Oct. 7.—A confidential report on relief conditions in this state was collected recently by economic investigators for a substantial non-partisan group. This group has been critical of the new deal, but the facts of the report are apparently unopposed. At least, they were not made public and were not intended for propaganda purposes.

The relief problem is viewed by the report with a more realistic eye than it is popular to use in public these days, but the things it sees should be of primary interest to every taxpayer everywhere. The problem in California is little different from other states.

The most amusing conclusion is that the national concept of relief is all wrong. The basic theory of the report is that relief is not an emergency problem, but a permanent one. For instance, if business suddenly should become 100 per cent active all along the line, there probably would be between eight and nine million unemployed left in the country. A permanent policy must therefore be devised.

Such action is also financially desirable because experienced welfare executives told the economist investigators they could meet the California problem with one-half or less of the state and federal funds now being provided.

The first thing to be done, in the opinion of the investigators, is to get the federal government out of the relief business, actually and not theoretically. The permanent program should be undertaken by citizens of each local community who can best weed out their own undeserving cases and know the extent of need among the deserving. These citizens should be outstanding men of practical experience in business.

The report does not decide where the money should come from, but it does conclude that the federal government should handle only the interstate movement of indigent or near-indigent transients. The recommendations were drawn from the following set of facts developed in the investigation: Cost of California relief increased 65 per cent during the last year fiscal, ending June 30. The number on relief increased about the same (peak of 800,000 residents and 75,000 federal transients last March). Current annual expenditure for relief and welfare will total around \$180,000,000 and overloads any other single activity in the state.

The San Diego Pacific exposition has come to increase the business of this helping city 40 per cent above last year. (Business would have increased about 15 per cent or more anyway.) Average daily attendance has been around 39,000, sliding off from a Labor day peak of 74,000 to around 18,000. Two-thirds of the visitors were from California and most of them from the southern half of the state.

MARTIN TO URGE CONFINING WORK TO NEW CAPITOL

Proclamation Issued After Receipt Word That Government Rejects Request For Campus Purchase.

By Clayton V. Bernhard
(SAN DIEGO, Oct. 7.—(AP)—Governor Martin today issued a call for the special session of the Oregon legislature for Monday, October 21. The extraordinary assembly, called specifically for legislation for construction of a new capitol building, will convene at 10 a. m. of that day in the state armory and a portion of the Marion hotel in the downtown Salem district. These quarters have been selected for the temporary capitol. Governor Martin issued his proclamation during the noon hour after he had received official word from A. M. Perhee of the public works administration that the federal government had rejected the request for a grant toward purchase of the Williamsite campus for additional land because there were no funds available. Funds Exhausted The governor declared Perhee made it plain in his letter that the application for a grant toward the \$750,000 purchase price of more land was not disapproved because of lack of funds.

TO ALLOT FUNDS FOR EXPANSION OF AIR STATION

Medford municipal airport is in line for considerable development in the near future, according to a letter received by the Jackson County Chamber of Commerce today from Allan D. Greenwood, inspector of the Oregon state board of aeronautics. In requesting a postponement of the projected meeting of the aeronautics board with city officials here from October 12 to October 19, Mr. Greenwood wrote: "A great deal of money is going to be available this year for airport development and I am sure that Medford should be included."

COMMISSIONER TO BE CHOSEN TODAY

Salem, Oct. 7.—(AP)—Appointment of a new state highway commissioner will be made later today, Governor Martin said, to succeed Carl Washburne of Eugene who resigned recently. The appointment will be made following several conferences scheduled by the executive this afternoon and prior to the meeting of the commission tonight in Portland. The commissioner will be named from the first congressional district, as provided by law. The name of F. L. Tuvelle of Medford has been prominently mentioned as the probable appointee.

UNITED AIR LINES HAS SAFETY RECORD

According to L. C. Devaney, superintendent here for the United Air Lines, the smashup near Cheyenne early today was the first accident of the company in the last 28,000,000 miles of flying, or equivalent to 150,000,000 passenger miles.

Income Shares

Maryland funding, bid \$16.79, asked \$18.15. Quarterly income shares, bid \$1.41, asked \$1.54.

TIGERS WIN 4-3 IN BATTEST TO CAPTURE TITLE

NAVIN FIELD, Detroit, Oct. 7.—(AP) Detroit's Tigers won their first world baseball championship today, beating the Chicago Cubs, 4 to 3, in the deciding sixth game, a slugging duel with the lead changing half a dozen times before a howling, thrill-soaked crowd of 48,420. The Tigers won the series by four games to two as the veteran Goose Goslin, drove home Mickey Cochrane with the deciding run in the ninth inning.

The tide shifted back and forth, finally settling with the dogged Tigers as Larry French, Chicago southpaw, and Tommy Bridges, curve ball right-hander who had already pitched one victory, locked in the deciding duel under almost perfect weather conditions, and before the greatest crowd in Detroit's baseball history.

PACKERS RETURN TO WINNING FORM

CHICAGO, Oct. 7.—(AP)—Green Bay's Packers, apparently on the upgrade again in national professional football league affairs, will have a chance to square up for their only defeat of the season Sunday in meeting the surprising Chicago Cardinals. The Packers, only team to win three consecutive national league titles, having topped the field in 1929-30-31, took a 7 to 6 beating from the Cards in their opening game. Since then, they have won three straight to move up to second place behind the Cards, the third decision coming yesterday at the expense of the Pittsburgh Pirates, who fell, 27 to 9, at Green Bay.

CHEST WORKERS MEET AT COURT TOMORROW

The Community Chest executive committee will meet with field workers for a short conference at the Jackson county courthouse auditorium at 7:30 tomorrow night. Final plans will be perfected for the solicitation of chest funds Wednesday, Thursday and Friday. The meeting will be in charge of Frank Bull, campaign manager.

Sanctions Invoked on Italy; Hot Fighting on Tigre Front

LEAGUE DECLARES WAR ON ETHIOPIA VIOLATES PLEDGE

GENEVA, Oct. 7.—The League of Nations' council today adopted a report declaring Italy had "resorted to war in disregard of its covenants." The adoption of this report immediately puts into effect Article XVI, which provides the application of sanctions against an aggressor nation—meaning, in this case, Italy. Delegates of both Italy and Ethiopia were heard by the members of the league council in public session before the report was put to a vote. Italy voted "No," but the vote was not counted for a number is not permitted to vote on a subject in which it is interested. Ethiopia voted "yes"—another uncounted vote. Dr. Ruiz-Guinazu of Argentina, president of the council, read the roll of members. One after another, their votes were recorded. Each one, as his turn came, said "yes."

HALLMARK NAMED DOUGLAS CO. D. A.

SALEM, Oct. 7.—(AP)—Maurice L. Hallmark, Roseburg attorney, was appointed by Governor Martin today to succeed Guy Doudas as district attorney of Douglas county. He will take office October 14. Hallmark is a prominent Democrat and was formerly associated in a law office with Circuit Judge Carl Wimberly. The governor said he was highly recommended for the position by both Democrats and Republicans. Gordon resigned from the office last week.

BEENEY AND HAMMOND IN PAT SEMI-FINALS

In the quarter finals of the PAT golf tournament at the Ward Beeneey Links yesterday, Rogn Beeneey defeated C. B. Newhall 3 and 1 to advance into the semi-finals against Bob Hammond, who also won his match yesterday, from John Sulder, 3 and 2. Tod Porter defeated Leland Clark 6 and 5, to place in the finals. A match between Beeneey and Hammond will be shot before Wednesday, with the victor taking on Porter next Sunday for the trophy. In the recent weekly tournament for ladies, Mrs. W. S. Thurlow took the honors.

SNEAK THIEF TAKES CHANGE AND WATCH

R. E. Gould, 322 Mary Street, reported to city police today that a thief had entered his home Saturday, and again Sunday, taking about \$2.50 in silver and a man's wrist watch. Gould told police that he believes he frightened the thief out of his house the second time when he drove up in front. The thief apparently went out the back door at such a lively clip that he didn't have time to unlatch the screen door, but dived through it, tearing it to pieces.

QUINCY, Mass., Oct. 7.—(UP)—Motorist William T. Stillman didn't hold a lighted match over the gas tank. But he held it so close to his face his tortoise-shell eyeglasses caught fire.

SADISTIC SLAYER HANGS CHILD TO GARAGE DOOR

SEATTLE, Oct. 7.—(AP)—A sadistic killer who hanged seven-year-old Sally Kelley on a garage door behind her grandmother's apartment home was sought today by police detectives, shotgun squads and volunteers. Investigating officers said the girl, the daughter of Mr. and Mrs. Albert H. Kelley, was criminally attacked before she was slain last night. Coroner Otto H. Mittlestadt and Detective Capt. Ernest Yorls, after an autopsy was performed, attributed the killing to a degenerate. Captain Yorls announced at 3:30 a. m. that the detectives had taken into custody for questioning a 31-year-old man known to police "as a degenerate." Yorls did not disclose any details of the arrest. Detectives had as their main clue a man's large handkerchief which was tightly knotted around Sally's neck and lashed to a metal knob on the garage door when two patrolmen discovered her body. The grandmother, Mrs. Alfred Coolidge, called the police after the child disappeared from a hallway in which she was playing about 7:30 p. m. Mrs. Coolidge also notified the parents. It was not until four hours later Patrolmen Perry Hackler and F. E. Tinsley, investigating a row of garages behind the apartment building, opened one of the doors and the body, knees touching the ground, came into view.

LINK MEDFORDITE IN AUTO SMASHUP

TAHOE CITY, Calif., Oct. 7.—(AP)—A young man identified by papers in his pocket as Lott H. Cowitz of Sacramento was in the Auburn hospital today after being found unconscious beside a wrecked automobile on the Truckee river highway near here late last night. The coupe driven by the accident victim was registered in the name of Arnold Luneman of Pilot Hill, Calif. The machine was wrecked on the rocks beside the highway. Other papers found in the victim's pocket gave the name of Charles A. Williams of Medford, Ore., but investigating officers said they believed the latter man had been picked up by motorists after the accident. No information concerning Charles A. Williams could be found here today.

PIN-BALL MACHINES LOOTED BY PROWLER

Cigarettes and an unknown number of nickels from two pin-ball machines were the loot allegedly taken last night from the Spot, luncheon and beer parlor, at 17 South Riverside. City police, investigating this morning, found that the prowler had entered through a rear window after climbing up on an outside porch roof. After taking about four cartons of cigarettes and looting the pin-ball machines, the thief left by the rear door, which was equipped with a snap lock, police said.

CRAP SHOOTERS LAUGH COSTS 3 DAYS IN JAIL

BROOKLYN, N. Y., Oct. 7.—(UP)—It cost Harold Goldstein three days in jail for one laugh today. He was one of 18 men before Magistrate Elperin on charges of participating in a dice game and snickered when the magistrate said "shooting craps is the lowest form of gambling."

Mosquitoes Annoy Mayor of Seattle At Airport Here Before leaving for home today, Charles L. Smith, the flying mayor of Seattle, said he had one complaint to make and this was it: The mosquitoes at the municipal airport are terrible. "They nearly ate me up last night," the mayor said. When apprised of the complaint, Fred Heath, Jr., chairman of the city council airport committee, said the mosquitoes would be eliminated in the spring. "I did not realize they were so bad until the army bombing squadron practiced at the airport recently," Mr. Heath stated. "We'll get rid of the pests all right."

MOONEY BLASTS OXMAN EVIDENCE

SAN FRANCISCO, Oct. 7.—(AP)—Laying the foundation in its attempt to eliminate Frank C. Oxman, the late Oregon cattleman, as a material witness, attorneys for Thomas J. Mooney at his habeas corpus hearing today grilled F. H. Tharp, Pacific coast head of a detective bureau. Frank C. Walsh of Mooney's counsel, read into the record a series of letters and reports concerning the search for Oxman and his testimony after Mooney had been arrested for the bombing of the 1916 preparedness day parade here.

TO HOLD FORUM FOR GRID TEAM

The annual Jackson County Chamber of Commerce football forum and lunch will be held at the Medford high school Thursday noon. W. A. Gales has been appointed by President B. E. Harder to preside. The forum-lunch is held each year in honor of the high school football team. It serves as a pep rally to inspire the grid squad on the eve of its first major contest. The forum is intended as an expression of faith in the football warriors to serve their school and city to the best of their ability. The meeting this year will also serve as a testimonial to Hill Bowman, new Medford high school coach. His team will line up against the Indians at Roseburg Friday night. The public is invited to the forum, a nominal charge being made for the luncheon. Reservations should be made before Wednesday noon at the chamber of commerce. An entertainment program is being planned.

THEATER CRASHERS ASSESSED \$14 FINE

Bud White, 17, and Gordon Beer, 18, both of Medford, pleaded guilty this morning in justice court to a charge of disorderly conduct lodged against them last night when they were apprehended sneaking into the Craterian theater by way of the fire exit. Both were given a fine of \$10 and costs of \$4.50 by justice of the Peace William Coleman. White has been in trouble with the police before, on a similar charge, according to city police. Chief of Police Clatus McCredie announced today that a vigorous prosecution of all caught attempting to enter theaters without paying will be launched.

"OH, SO!" Delayed

Because of delay in receipt of the feature "OH, SO!" by Pata-nabe," the Mall Tribune is unable to start publication of these interesting comments by the famous Japanese character today as planned. It is hoped to start the feature Tuesday.

ITALIANS INFLICT HEAVY LOSSES ON BLACK DEFENDERS

LONDON, Oct. 7.—(AP)—The Exchange Telegraph company correspondent in the field reported today that there is fierce fighting in the hills on the eastern Tigre front southeast of Adigrat. The dispatch said the Italian third army had to cope with a stubborn resistance from the Ethiopians before inflicting heavy punishment on them. (By the Associated Press)

WHERE CHEST DOLLARS GO

In order to show the actual application of Community Chest funds in relieving distress, the Jackson County Public Health association has prepared a series of brief case histories for publication prior to the chest drive, November 9-11. For obvious reasons, names are withheld. Fulfilling milk to little children and all other needy persons, who have come in contact with tuberculosis constitutes one of the major projects of the Jackson County Health association, which is seeking partial funds again this year through the Community Chest drive, October 9, 10 and 11. This work, county nurses describe as one of the most satisfactory projects undertaken, "for the results are obvious." Several cases were related by the nurses to illustrate the statement. A little girl in the city, who was a tuberculous contact with definite indications of the disease, was given the quart of milk a day, which is made available to every tuberculous contact unable to buy it. Within two months she had made a gain of nine pounds, the first gain she had made in a year's time. When she had made a sufficient gain to be removed without danger from her home, she was placed in the Preventorium, operated in connection with the state sanitarium, and is rapidly returning to good health. Another child, living in a family of six, south of Medford, following an attack of influenza, was steadily losing weight and bordering on tuberculosis. She was given the quart of milk a day, which her parents were unable to provide, and in six months had gained six pounds. An adult, who had in previous years been a tuberculous patient, became an active case again, when the milk was supplied her immediately before holding his own. Each time he eliminated milk from his diet the disease became active, each time the milk was supplied he returned to his normal condition. In supplying this milk, the county nurses are not only helping the individual afflicted, but protecting the public at large, for every time a case of tuberculosis becomes active all persons contacted are endangered. And the milk, not the price of it, is always supplied, the nurses taking no chances on a substitute being chosen.

TWO ARE HURT IN AUTO CRASH

A head-on collision between cars driven by Benjamin J. Trowbridge of Medford and Jesse A. Willson of Phoenix at Everhady auto park at 7:30 last night, resulted in Mrs. Willson being hospitalized last night but Mrs. Willson was still confined today. It was announced she was resting comfortably. The collision occurred as Trowbridge, driving north toward Medford, turned onto the service station in front of the oncoming southbound Trowbridge machine, police stated. The cars met head-on, demolishing the Trowbridge machine, police reports said. Neither Trowbridge nor his wife, who was riding with him, sustained injuries. State police who investigated the crash stated today that no charges would be filed against either party. Mrs. Willson told police today that a purse containing about \$50, which she had before the crash, has not been found. Police are working on the theory that a bystander, many of whom assembled immediately, may have picked up the purse. They are investigating today.

SKELETON OF PIONEER DUG UP IN BACK YARD

LOS ANGELES, Oct. 7.—(UP)—A skeleton of a woman, who apparently perished due to hardship and exposure while crossing the desert in a "covered wagon," within sight of this city, was dug up in the back yard of J. B. Booth, El Monte rancher, today. A half dozen silver half dollars, with dates ranging from 1851 to 1871, were found in the shallow grave with the skeleton.

EASTBOUND PLANE STRIKES MOUNTAIN IN CHEYENNE AREA

Nine Passengers, Two Pilots And Stewardess Found Dead In Wreckage—Accident Cause Unknown. PORTLAND, Oct. 7.—(AP)—Mrs. Coralya Cathcart of Portland, who was one of 12 persons killed in a plane crash today near Cheyenne, Wyo., was president of the Portland Business and Professional Women's club and the mother of a United Air Lines pilot. Her son, Darrel W. Cathcart, pilot on the Portland-Salt Lake City route, had flown her to the Utah city where she made connections with the eastbound plane for a vacation in New York City. For 11 years Mrs. Cathcart had been in charge of the mailing department of the Portland General Electric company. Pilot's Mother Killed. (By the Associated Press)
