

SKINNER TO SHOW PONTIAC FOR NEW YEAR TOMORROW

FONTIAC, Mich., Oct. 18.—The new 1936 version of the "Silver Streak" will be shown by Skinner's Garage, Pontiac dealer here, tomorrow (Saturday), H. J. Klingler, president and general manager of the Pontiac Motor Co., announced today.

Two lines of axes and a straight eight again will comprise the Pontiac offerings for the new season, Mr. Klingler said.

The chromium grille, popularly called the "Silver Streak," again will feature the new models, but in changed and refined form, he added. This assures owners of 1935 Pontiacs that their cars will not be obsolete by radical change in design.

Production of the new 1936 models has been going forward in increasing volume since mid-September, Mr. Klingler said, and by announcement day he anticipates field stocks of more than 12,000 units, which will enable every dealer in the United States to have ample cars to show representative models of every line. This is more than three times the number on hand at announcement day last year.

Plans call for production of at least 48,000 of the new cars by the close of this year, which, added to the 128,000 turned out since January 1, will bring the year's total to more than 170,000 cars, as against last year's production of 81,200, Mr. Klingler pointed out.

For next year a minimum quota of 225,000 has been set.

If this goal is achieved it will mark the most successful and highest volume year ever enjoyed by Pontiac.

Start of production on new models, after closing the plant at the end of 1935 model manufacture, was accomplished in the shortest time ever set at Pontiac, yet even this brief period saw dealers run short of cars in a complete clean-up of old model new cars. The insistent demand for the "Silver Streak" during the year has enabled the company to manufacture cars at the capacity of the plant without at any time completely catching up with the retail demand.

To obviate any similar occurrence in the coming season, the capacity of the plant has been doubled, new buildings have been added, the Pontiac foundry reopened after a depression shut-down of four years, and other preparations made for the biggest and most successful year in the company's history during 1936.

Snow Threatens Travel In Park
CRATER LAKE NATIONAL PARK, Ore., Oct. 18.—(Sp.)—Snowfall has resulted in a depth of a foot at Park headquarters and 18 inches at the rim. Travel to the lake, in view of the snow, is discouraged by park authorities at the present time.

The use of chains is necessary in driving through the park, from the south to the west entrance, or vice versa. Snow drifts have effectively closed the North entrance and travel over the East entrance, while possible, is not advisable.

The United Daughters of the Confederacy recently unveiled a marker at the Cherokee Indians reservation in North Carolina in memory of the Cherokees who served as soldiers and scouts in the Confederate army during the Civil War.

BANK CLEARINGS FOR WEEK SHOW INCREASE

NEW YORK, Oct. 18.—(AP)—Another substantial increase in bank clearings the past week over the corresponding periods last year and 1935 was reported today by Dun & Bradstreet.

The total for the twenty-two leading cities in the United States for the week ended October 16, was \$4,968,034,000, against \$4,188,838,000 a year ago. For the preceding week, the advance was 25.0 per cent.

Two In Ohio Admit Crimes In Oregon

NEWARK, Ohio, Oct. 18.—(AP)—Two Detroit men were arrested here today on charges of possession of an automobile stolen in Oregon, and for carrying concealed weapons.

Police Chief Curtis Berry said the men were Robert Smith, 23, and Jay Elliott, 35.

Berry said the suspects admitted robbing 25 filling stations and drug stores in Ohio and Oregon. He said the men were paroled seven months ago from San Quentin prison.

Disfiguring Varicose Veins Can Be Reduced

A Simple Home Treatment
Never mind what people say. If you have varicose or swollen veins and want to reduce them, go to Jarmin Drug store or any live druggist and ask for an original two-ounce bottle of Emerald Oil (full strength). If he hasn't it, he can get it quickly for you.

Apply it to the enlarged veins as directed and improvement should be noticed in a few days. Continue its use as size of swelling diminishes.

Climax

CLIMAX, Oct. 18.—(Sp.)—School closed Friday after an eight months term. Only three children have attended school the past three months.

Mrs. Cecil Day left on Monday for an extended visit with her parents in South Dakota.

Mrs. Alice Stinson is staying with her grandson Everett Grissom, while he does his fall plowing.

M. P. Hanson went to Central Point last Sunday for a short visit. Sam Coy attended Grange at Eagle Point last Tuesday night.

Milroy Charley has been working for Roy Harnish in Eagle Point for the past few weeks.

Mrs. Frank Hurst is expected home from Medford where she has spent a few weeks vacation.

Mrs. L. H. Wertz is spending most of her time in Central Point where her daughters, Roberta and Norma Jean, attend high school.

Mr. and Mrs. S. M. Wertz, of Anderson, Cal., are visiting sons at Ruch.

Phil Wertz carried the mail on Tuesday.

We are very proud of the way in which Climax neighbors donated work for graveling some of our roads. More work is to be done as soon as the weather settles.

United Press Planned Its War Coverage in May

United Press (U.P.) Planned Its War Coverage in May

All sources of United Press information—from the offices on the long corridors of the Quai d'Orsay in Paris—from 10 Downing Street, London, where Britain's imperial policies are made—from Palazzo Venezia in Rome, where Mussolini bent over his war maps and envisioned a new Italian Mediterranean empire—from Berlin—from Moscow—from Geneva—the confirmatory whispers came from diplomats—from statesmen—war in Ethiopia seemed inevitable.

The first line of U. P. news defense was planned.

Edward Beattie was sent from Berlin to Ethiopia—first American Press Association correspondent to reach the Ethiopian capital—H. R. Ekins, in New York, was assigned to reinforce him—Street and Packard were put on the job at Djibouti—Ed L. Keen, United Press Vice President in Europe, went to Rome—Webb Miller, chief of United Press European news organization, flew to Cairo, down the Nile to Khartoum, to Port Sudan, to Asmara, the war front of the Italian troops—everywhere contacting United Press correspondents—assigning men to new positions, everywhere searching out new short cuts to spot news contacts—expanding, reinforcing United Press first line of news defense.

More men were moved into European hot spots—to Geneva, where statesmen talk and may sometimes act—to London—to Paris—where 3,000 miles from Ethiopia a new and even more terrible war front may be created—to Berlin, where Hitler plans his strategy. New channels of communication were opened—new methods devised to reduce delays—to increase speed—to shrink the time—to get the NEWS TO YOU—FIRST.

These preparations enable United Press to be FIRST with—

- 1 Mussolini's dramatic test mobilization of Fascists.
- 2 The Italian advance into Ethiopia.
- 3 Emperor Haile Selassie's call to arms.
- 4 The air raid on Aduwa.
- 5 The capture of Adigrat.
- 6 Ethiopia's demand that League use force against Italy.

Fresh vision, independence, lack of cumbering entanglements, highest standards of service, make the news dispatches of United Press (U. P.) staff men the outstanding reports on the war.
