RUSSIA JOINS BOYCOTT ON ITALY

News Behind The News
 By Paul Mallon
 (Copyright, 1935, by Paul Mallon)
 WASHINGTON, Oct. 28.—The latest submarine line on Herbert Hoover's intentions has been obtained lately by top Republican persons.
 Their information is that he is bent on building up a balance of power at the next convention for two purposes: (A) To insist that certain principles be included in the platform, and (B) to see that someone like Senator Borah does not get the nomination.
 The big boys seem to feel certain that this is the situation because it fits in with what they know.
 For instance, they have checked around the country on Mr. Hoover's possibilities for their own inflection. They are convinced that he is not a high these days.
 Those who come for southern delegates (who come in the maximum possible strength at his maximum possible strength) are not so sure. It does not enter that expensive market, he will be far weaker.
 In either event, he can be a factor, but not a nominee.
 Some of the delegations to the convention are already as good as pledged, although the convention is eight months away. You may mark off New York for Snell, Illinois preponderantly for Knox, Kansas for London, and (mark you well) Michigan uncommitted.
 This does not mean Senator Vandenberg of Michigan has been eliminated. On the contrary, private indications for his stock have been a bullish one. They figure that, if the convention is held in a scrap between Senator Borah and the rest of the Republican world at large, Mr. Vandenberg will have made no enemies, particularly not in Senator Borah's camp.
 New dealers are toying backstage with a sharp new housing idea. It was put forward in one of those little blue books (third volume) recently prepared by Prof. Moley's friend, Albie Freed. He appears to be backed in this instance by American Rolling Mills, Prestone Tire, Pittsburg Plate Glass, Westinghouse and several others equally important.
 This third blue book volume has been submitted confidentially to leading officials of a privately built, low cost (\$3000) housing program, based on 4 1/2 per cent mortgages, 10 per cent down, with a 90 per cent government guarantee for which only one-quarter of one per cent would be charged.
 It may give the 6 per cent mortgage bankers the jitters to contemplate such a reduction in interest and down payments, but at least

(Continued on Page Five)

COKER COAL MINE MAY BE WPA JOB
 The county court is scheduled to visit the coal mine in the Coker Butte district this week to consider advisability of using the mine as a relief project, under the WPA. The property has not been worked for several years.
 The county court is also endeavoring to work out a plan with the Medford-Talent irrigation districts whereby lateral irrigation ditches, now running along county roads, can be moved back to, or beyond the line fences. This also would be a WPA project.
 There is nothing definite as yet regarding either proposal.

OFFER SOLUTION STATE OFFICES
 SALEM, Oct. 29.—(AP)—A bill authorizing the construction of two additional stories to the present state office building was suggested to the joint public institutions committee by Senator C. K. Spaulding of Marion county. The idea, he said, was proposed by State Treasurer Rufus Holman and C. C. Chapman of Portland.
 "It will take at least six years to complete the construction of the capitol building and in the meanwhile employees of the state are 'suffering Java,'" Senator Spaulding said. "This job could be completed by next July at an estimated cost of \$100,000 and would pay for itself in rentals saved."

KERR ASSIGNED TO ACTIVE POSITION
 PORTLAND, Oct. 28.—(AP)—Assignment of Chancellor Emeritus W. J. Kerr to an active position as director of research in production and marketing for the Oregon system of higher education was announced by Chancellor Frederick M. Hunter and confirmed by the board of higher education at its regular October meeting held here today.
 Board members led by E. C. Sammons described the move as one of extreme importance for the development of outside markets for Oregon's agriculture products, a field they said had been somewhat neglected in the past by the educational institutions here as compared with the exceptional results in production research.

FORMER BOXER HELD IN ERLAND'S POINT SLAYINGS
 Leo Hall (right), 33-year-old former amateur boxer, was charged with first degree murder in Seattle, Wash., in the Erland's Point sextuple slayings in March, 1934. He maintained his innocence during 17 hours of questioning. The charge came after Mrs. Larry Paulos (above) allegedly confessed a part in the killings, implicating Hall. The accused man is shown with Sheriff Rayburn of King County. (Associated Press Photo)

PLEDGE REACHES L. OF N. AS ITALY SPEEDS ADVANCE

Action On Sanctions Throws Cold Water On Hopes for Early Peace—12-Mile Advance Made Near Aduwa

By R. H. HIPPELHEUSER
 Associated Press Staff Writer.
 Communist Russia, foe of fascism, joined with France and Britain today in the economic punishment of fascist Italy for its invasion of Ethiopia.
 The soviet union's pledge reached the League of Nations as Italy's armies, prepared for any counter-attack by the Ethiopian tribesmen, drove deeper into the interior of Haile Selassie's empire.
 Moscow notified Geneva of its readiness to impose an embargo on the exportation of key products to Italy and gave its pledge to abide by the "buy nothing from Italy" boycott.
 France and England had previously notified the league they would impose such a sanctions. Numerous smaller powers had given similar notice.
 Hits Peace Hope.
 The league's sanctions staff of 52 nations meet Thursday to set the date for laying down such penalties. Coupled with the new Italian offensive, the action on sanctions came as a downpour of cold water on the hopes for an early peace in East Africa.
 Makis is the Italian objective on the northern Italian front. The Roman legions, in the Aduwa-Adigrat section, advanced their lines more than 12 miles.
 General Emilio de Bono, commander-in-chief of Il Duce's East African troops, hurried to the front

BLAME ROOSEVELT FOR OPPRESSION IN MEXICO
 NEW YORK, Oct. 28.—(AP)—President Roosevelt is held responsible for "non-action on behalf of bleeding and oppressed Mexico" in a letter to him made public by the supreme board of directors of the Knights of Columbus.
 The letter, signed by Martin H. Carmody, supreme knight, and William J. McGinley, supreme secretary of the order, declares the president promised a committee to voice a protest against the Mexican government's attitude toward the church, and had broken the promise.
MOONEY LOSES AGAIN IN PLEA FOR REVIEW
 WASHINGTON, Oct. 28.—(AP)—Thomas J. Mooney lost again today in his effort to get the United States supreme court to review his conviction of complicity in the 1916 San Francisco preparedness day parade bombing.

ROOSEVELT ACCEPTS ATLANTA INVITATION
 WASHINGTON, Oct. 28.—(AP)—President Roosevelt arranged today to attend a "homecoming" celebration at Atlanta, Ga., on November 29.
 The invitation was extended to the president by Senators George and Russell in behalf of the Georgia congressional delegation.
 They reported Mr. Roosevelt would go to Atlanta from his Warm Springs, Ga. home the day following Thanksgiving.

Find Legless Body By Railroad Track
 NORTH BEVER, Oct. 28.—(AP)—With both legs severed at the thigh, the dead body of Malcolm Olsen, about 27, was found by the railroad tracks here Sunday.
 Olsen, a Cooson district gardener, who had done clerical work in SEHA offices here, supposedly was boarding a night freight train when the accident occurred.

Income Shares
 Quarterly income shares, bid \$1.60, asked \$1.65.

Girl Scout Week Breaks Silence Of Mrs. Hoover

PALO ALTO, Calif., Oct. 28.—(AP)—As Girl Scout week got under way through the country, Mrs. Herbert Hoover, wife of the former president, today broke her rule against interviews and explained some of the ideals of the girls' organization she heads.
 "Neighborhoodness" is one of the most important of the Girl Scout activities," Mrs. Hoover declared. "Being good neighbors has always been one of the emphasized qualities of Scouts—good neighbors individually, good neighbors in the family, good neighbors in the community, and good neighbors among nations," she said.

NEW GRAND JURY DRAWN AS COURT TERM CONVENES
 The October term of the circuit court convened this morning. Circuit Judge H. D. Norton presiding, and a new grand jury was drawn as follows:
 Mrs. Nellie Madden, Ashland, housewife.
 John A. Anderson, Central Point, farmer.
 George L. Treichler, Central Point, farmer.
 Frank Dittsworth, Trill, farmer.
 William Hedrick, Ashland, retired.
 Robert E. Galloway, Gold Hill, farmer.
 John Opp, Jacksonville, miner.
 District Attorney George A. Coddling advised the court the criminal matters before the grand jury were light, and he did not anticipate the session would require more than two days.
 A cattle larceny and a forgery case are the only ones listed.
 Owing to the original jury list of 31 names being depleted by exemptions and sickness, the court directed

ANTI-GAMBLING BILL PRESENTED IN LEGISLATURE
 Repeal of Pari-Mutuel Act Sought—Revised Grange Power Bill Introduced—Social Security Grist Cut
 SALEM, Oct. 28.—(AP)—Introduction of a revised agricultural adjustment act measure to replace the one which the state supreme court recently declared unconstitutional, was announced here today. The proposal correcting the points to which the supreme court objected will be brought into the house as an emergency bill.
 SALEM, Oct. 28.—(AP)—A bill calling for repeal of the pari-mutuel racing act, and another classified as a revised grange power bill, were introduced in the senate and house of the Oregon legislature respectively here today at the initial meeting of the second week of the extraordinary session.
 While both houses met for only a short time during the morning, 14 new bills were introduced. Immediately afterwards the important capitol reconstruction committees and the ways and means committee went into session to continue work on the three capitol and site bills and the several appropriation measures now before the legislature.
 Bill Grist Cut
 Pressure being brought to bear against introduction of unnecessary legislation has resulted in elimination of many of the proposed social reconstruction committees and the ways and means committee went into session to continue work on the three capitol and site bills and the several appropriation measures now before the legislature.
 DUBLIN, Irish Free State, Oct. 28.—(AP)—The draw of the Irish Hospital Sweepstakes was completed today with 43.85 per cent of the total prize money going to ticket holders in the United States.
 When the draw was ended this afternoon, 119 Americans held tickets from the grand total of 2071 stubs drawn during the two days of selections.
 This draw is based on the running of the Cambridgehire race Wednesday at Newmarket, England.
 The United States total comprised 536 "horse" tickets worth at least \$1800 each, four residual prizes worth \$10,792 each, and 573 of the "consolation" prizes of \$401 each.
 At least 20 of the horse ticket holders stand chances of getting much larger sums of money for the holders of tickets on the first three horses in the race will get 30,000 pounds, 15,000 pounds and 10,000 pounds respectively. (The pound today was quoted at \$4.91 7-16).

TURKEY MARKET
 SAN FRANCISCO, Oct. 28.—Net prices paid producers for dressed turkeys delivered San Francisco.
 Young toms, under and over 17 lbs., 25; young hens, 26.

DOUBLE AIR DEATH IS INVESTIGATED
 LOS ANGELES, Oct. 28.—(AP)—Officials began an investigation today into the crash of a monoplane that brought flaming death to two men.
 The victims were Ralph Waggoner, 37, chief engineer of the Marbleite company, piloting the plane, and Jack Kelger, carpenter-contractor, both of Los Angeles.
 Spectators said the tiny ship seemed to develop motor trouble as it flew in from the ocean, and suddenly dived toward the earth and burst into fire.
 At the Marbleite offices it was said that Waggoner frequently made business trips to Portland, Ore., and to Eugene, Ore., home of his father, G. W. Waggoner. Surviving also are the widow, Mrs. Oriana Waggoner, and two children, Harold, 12, and Virginia, 7, who live here.

GIRL VICTIM OF CARELESS HUNTER
 TACOMA, Oct. 28.—(AP)—Anna Rasmussen, 12, western Washington first girl hunting accident victim of the season, was still in a serious condition in a Puyallup hospital today, following the accident in which she was shot Saturday.
 Anna, daughter of Mr. and Mrs. S. Rasmussen of Sumner, had gone hunting with her father in the woods near their home, Donald Glaser, 24, of Puyallup, who was hunting in the same neighborhood, saw a movement of Anna in the bushes and fired. The bullet penetrated the girl's right arm and hip.

1119 AMERICANS CINCH IN SWEEPS
 DUBLIN, Irish Free State, Oct. 28.—(AP)—The draw of the Irish Hospital Sweepstakes was completed today with 43.85 per cent of the total prize money going to ticket holders in the United States.
 When the draw was ended this afternoon, 119 Americans held tickets from the grand total of 2071 stubs drawn during the two days of selections.

CRATER RIM ROAD UNIT COMPLETED; BEAUTY RETAINED
 Boulevard Driving Is Afforded Tourists Along Edge of Lake—Six Years Needed to Finish Job
 CRATER LAKE NATIONAL PARK, Oct. 28.—(Sp1)—The arrival of October snows, heralding the approach of mountain winter, has brought to a close road construction activities which had been underway in the park during the past summer. The summer witnessed the entire completion of approximately 30 per cent of the rim road and nearly 50 per cent of the remainder.
 Of particular interest in park road construction is the hard surfacing of the rim road from the lodge to the north entrance ranger station, a distance of six miles, offering summer-time visitors boulevard driving along the edge of Crater lake. The rim area, extending for a quarter of a mile from the lodge to the cafeteria, has been entirely hard surfaced, replacing a dusty and rock road and an unsurfaced park area in front of the cafeteria.
 Log guard rails, which had been in use for several years, were replaced by attractive stone curbing, also used in connection with promenade walks the entire length of the rim area, where considerable landscaping was also completed during the season.
 400 Men Employed
 A review of road construction by John R. Sargent, resident engineer, federal bureau of public roads, revealed that 400 men were employed in the park during the summer by contractors on hard surfacing and grading projects. On the average of \$100,000 per month for three months was expended on construction work.
 The J. C. Compton Contracting company of McMinnville, completed 18 miles of hard surfacing, of which four miles are located on the east entrance road leading to Kerr notch and 14 miles from the rim area to the north boundary of the park. Of the 14 miles, six are a part of the rim road and eight the regular north entrance to Diamond lake and The Dalles-California highway.
 Extending from the north entrance ranger station to "The Wineglass," a

CHILDREN'S "WAR" Making Inroads On Garbage Lids
 TACOMA, Oct. 28.—(AP)—The East African war has repercussions here that have made many housewives irate.
 Garbage can lids equipped with handles so they make fine shields in juvenile battles, have disappeared in considerable numbers. A. D. Fay, city garbage superintendent, investigating complaints of missing lids, discovered that the youngsters have quit playing Tarzan, and now play at war.

Dies Trying To Save Four Caught in Fire

Nellie Young (above) 16-year-old farm girl, who lost her life in an effort to save four small children, trapped in a burning home near Caldwell, Ida. Two of the children were saved, one burned to death and the fourth died from injuries received in the fire. (Associated Press Photo)

FIRE DESTROYS HAY BUILDING; LOSS IS \$800
 Fire last night destroyed the small building at the southwest corner of Fir and 10th streets and its contents of 45 tons of baled hay and straw. Damage was estimated at about \$800.
 The building and 40 tons of the hay and straw were owned by J. J. Oenbrugge of 335 South Riverside avenue. Five tons of straw were owned by the Monarch Seed & Feed company whose warehouse was directly opposite the scene of the fire. The loss was covered by insurance. Mr.

TWIN BOYS BORN TO LADY CAVENDISH DIE
 LONDON, Oct. 28.—(AP)—Twin boys born to Lady Charles Cavendish and her titled husband on Saturday, lived only a short time, it was announced today.
 Lady Cavendish is the former Adele Astaire, sister of Fred Astaire, the dancer. She and Lord Cavendish were married in May, 1933.
 The death of the babies was the second bereavement to visit the Cavendish home in a little more than two years. In October, 1933, their first child, a girl, died when only three hours old.

ARMY GRIDMAN DIES FROM BRAIN INJURY
 HONOLULU, Oct. 28.—(AP)—Corporal Millard Hunter, star end for the 13th Artillery football team of the United States Army, died Sunday from a brain hemorrhage received in a football game Saturday.
 Hunter was taken to the base hospital at Schofield Barracks immediately after being injured in the game in which his team defeated the 11th Field Artillery eleven. He died without regaining consciousness.

HALT LAMSON TRIAL WITH BIAS CHARGE
 SAN JOSE, Cal., Oct. 28.—(AP)—David A. Lamson's third wife murder trial was abruptly halted today when defense attorney Leo R. Friedman filed a petition asking Superior Judge Robert R. Syer to disqualify himself on grounds of bias and prejudice.
 Proceedings were continued to 2:00 p. m. to allow the state to examine the petition.

Six German Ships Lost In Storms
 BERLIN, Oct. 28.—(AP)—Six German vessels with 51 crew members were lost in week-long storms along the North sea and Baltic coast, it was said in reports arriving here today.
 Considerable property damage was caused in the Baltic region by hail, rain and wind storms still raging. Floods battering the Pomeranian coast have inundated Stettin, harbor city.
 PORTLAND, Ore., Oct. 28.—(AP)—The body of Frank E. Kenyon, about 50, a streetcar operator, was found on top of his car at a suburban station today. The trolley rope had broken and Kenyon apparently had climbed atop the car to make a repair. The coroner was to hold an autopsy to determine whether death was caused by a heart attack or by a charge of electricity.

SNOW PREDICTED IN EARLY FORAY BY KING WINTER

Stockmen Warned of White Blanket in Higher Levels—Freezing Temperatures to Be Accompaniment
 Special warning was received by the local weather bureau today of the approach of a cold air mass, moving in from the northwest, which will bring temperature, below freezing and turning rain to snow. Winds will be southerly, shifting to northwest.
 The warning carries special significance for stockmen with cattle in the higher ranges where snow is predicted.

PORTLAND, Ore., Oct. 28.—(AP)— Snow? Maybe tonight, the weatherman said, after studying his charts and graphs.
 An early visit by winter to this city appeared to be more than probable. Today's rains were expected to turn to snow flurries as comparatively mild morning temperatures seemed destined to vanish before a freezing wind.
 The official weather forecast was "occasional rain, turning to snow tonight; Tuesday, snow flurries followed by clearing."
 Snow was falling in the McKenzie

RESERVOIR MOVE PUT IN FUTURE
 The board of water commissioners today had no definite plans for further immediate consideration of increased water storage for the city following the defeat in Saturday's special election of the \$50,000 bond issue intended to finance an additional reservoir of 10,000,000 gallons capacity.
 Plans to construct an additional reservoir are a dead letter at present, said Robert A. Duff, water board superintendent. Ed M. White, board chairman, stated there was nothing new as there will be no meeting of the board until next Monday night. It was considered likely that the matter would be dropped completely for the present.
 It had been the board's plan to proceed with construction of the reservoir after 1938 when a bond issue of the old Fish Lake line would be retired and it was believed that no further effort would be made to provide additional storage until then.

Garner In Tokyo For Sightseeing
 TOKYO, Oct. 28.—(AP)—Vice-President John N. Garner of the United States arrived by automobile from Yokohama today and took up residence at the American embassy for two days of visiting and sightseeing.
 He is en route to Manila for inauguration of the Philippines' commonwealth government.

Oh So!
 says FRANK WATANABE
 ED HOLDEN
 "They have insulted the Italy flag!" "We want revenge for 1896." "I must subtract slavery from there!" "Other Nations got rich land presents in 1918 we don't get some—so we going take now." "Us Italians needing expansions." "Ethiopia are mobilizing to kill us. So we must protect." Say Mr. Mussolini. "We will poison them Abyssinians with gas—We will blow their head off!—We will take their country! But we doing it for their own good." He utter. School book teaching me that Italy are a very noble Nation for thousand of years. Anyhow each every Italian I meeting are a swell guys alright. And I knowing many. Have Mussolini hypnotize such nice people? But for goodness my sake Uncle Samuel—don't YOU get in it! Hows about it Brother War Veteran?
 Clean Hands to you please.

SIDE GLANCES
 by TRIBUNE REPORTERS
 Anita Bell, biology student under Prof. E. M. Husong at the Senior high school plucking a black widow spider from the collar of the Prof. The spider had escaped from a specimen bottle.
 Bob Nichols starting a small fire alongside the burning hay bales last night to keep warm, he being on duty all night to keep the sparks from spreading.
 Sveede Anderson and Claud Stevens developing a very pretty little cough at the same configuration while throwing burning bales from high up on the pile, completely obscured from the spectators by smoke.
 Observation: Walking along wet sidewalks in crape soled shoes produces the same sizzling effect that roller skating on ice might.
 H. W. Conger being very pleased that he was now returned to Medford after a six weeks' trip into the middle west.
 Jack Wurta, head ducked down and rain splashing off his forehead and soaking into his clothes, high falling in for a handbag strap to get out of the downpour.
