INTER-CITY MEET OF ROTARY CLUBS SETS PRECEDENT

The inter-city conference of Rotary clubs held yesterday in Grants Pass was such a complete success that Medford Rotarians today asserted that a precedent was set that would be followed out in the future.

It was the first conference of its kind to be held on the west coast and 175 Rotarians from seven cities attended, with Stanley Long of Seattle, district governor, giving the principal address at last night's session.

Mr. Long emphasized the place of Rotary in civic affairs and pointed out that it can play an important role in maintaining good will among the 70 nations in which Rotary International is now represented.

Mr. Long praised the Medford Rotary club for its program of vocational work under the able guidance of W. A. Gates, who organized the sub-district conference as representative of the district goxernor.

The day's convention opened with a morning conference followed with a luncheon at the Hotel del Rogue, at which E. W. Shockley of Medford led the group in three songs.

After the luncheon a forum was held from 2 to 5 o'cock at the Rivoli theater, the speakers being Lee Bishop and Frank Newman of Medford, Neil Allen of Grants Pass, Prof. W. M. Ball of Oregon State college, Charles Nunn of Marshfield and E. B. Hall of Klamath Falls.

A banquet was held at 6 o'clock in the Hotel del Rogue. Amos Voorhies, president of the Grants Pass club, presided and was lauded for his poise and skill in filling the difficult role of toastmaster. Mrs. Esther Bristol of Provolt sang several numbers during the dinner.

Medford Rotarians who attended the conference were A. G. Anderson, A. O. Arnold, Lee Bishop, C. W. Ellis, Charles C. Furnas, W. A. Gates, Geo. Henselman, Roland Hubbard, George Hunt, W. E. Lantis, Walter Leverette, Joe Marshall, Frank Newman, Warren Schenck, E. W. Shockley.

Musical Hit Coming to Craterian

"Broadway Gondolier," which reunites the popular stars of "Gold Diggers of 1933," Dick Powell and Joan Blondell, comes to the Craterian theater Sunday.

There is an all-star cast which also includes Adolphe Menjou and Louise Fazenda.

The story, which is new, concerns a New York taxi driver, played by Dick Powell, who aspires to be a singer and takes lessons from a down and out Italian teacher. The taxi driver gets an audition at a radio station, but, through a series of mix-ups, fails to arrive. The professor sings for him, but his one-time fine voice is gone and Dick loses his chance.

They go to Italy, where the professor sells vegetables on the street and the taxi driver becomes a gondolier, finally singing his way to opera, and back to America to Joan Blondell, the girl he loves.

Adolphe Menjou is the shabby professor, while Miss Fazenda is the sponsor of a program.

Buck Jones in Rialto Thriller

Tense drama, tender romance and thrilling feats of horsemanship come to the screen of the Rialto theater tomorrow when Buck Jones opens an engagement of two days as the star of "Border Brigands," drama of the Far North.

The absorbing story deals with the activities of the Royal Northwest Mounted Police in that part of Canada lying against the Arctic Circle, and pictures a bitter feud between the "Mounties" and a band of outlaws which maintains its headquarters in a lawless town on the American side of the international border. How Buck resigns from the service and worms himself into the confidence of the gang makes a story filled with dangerous situations and hard riding action.

Jones' supporting cast in this unusual picture includes Lona Andre, Fred Kohler, Frank Rice, J. P. McGowan and many others.

FAT GIRLS GET THE GO-BY—SLIM GIRLS WIN MEN

Lose Fat The Easy Way—Without Starvation Diets Harsh, Exhausting Salts or Weakening, Irritating, Habit-Forming Laxatives

There's a reason why so many people find dieting slow and often times futile in reducing. The reason, doctors say, is often because a little gland is not working right.

All the blood in your body goes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one and one-half drops of vital fluid every 24 hours, many people take on ugly fat. This fluid helps Nature to "burn up" excess food and fatty tissue in much the same way as a good "draft" acts in a furnace.

Now, physicians combat this condition by feeding this gland the substance it lacks—and millions of pounds of excess fat has been wiped out this way.

Marmola Prescription Tablets are based on the same scientific method used by doctors. So don't waste your time or money striving to reduce with methods that are hard, futile or depend on harmful, health-racking salts and laxatives for their action. Start the Marmola treatment today that millions have used successfully to get rid of excess fat. The formula is in every box so you know just what you are taking. Don't wait—get Marmola today from druggists.
