

CONVENTION PLANS ARE DRAFTED FOR BEEKEEPERS' ASSN.

State Meeting Is Scheduled Here November 15 and 16; Association Will Back National Honey Week

A meeting of members of the Southern Oregon Beekeepers' association and Chamber of Commerce officials was held last night for the purpose of outlining plans for the convention of the Oregon State Beekeepers' association, which will be held in Medford on November 15 and 16, it was announced this morning.

The feature of the convention program will be the appearance of Mrs. Malitta F. Jensen, secretary of the American Honey Institute of Madison, Wisconsin, who is coming to Medford for the event.

Letters are being mailed today to various beekeepers throughout Oregon and it is hoped by George W. Nichols, Jr., president of the local organization, that a large attendance will be on hand for the annual meeting.

It is known that many will be here from northern California, where beekeeping is practiced extensively.

National Honey Week

Next week is national honey week throughout the United States, and the local organization will emphasize the use of honey in many ways during the time of the convention.

It is pointed out by local beekeepers that Jackson county compares very favorably with the rest of Oregon in the production of honey and approximately 50 tons a year are sold by Medford beekeepers.

MAYOR ENDORSES FORGET-ME-NOT SALES BY VETS

In behalf of the Forget-Me-Not sale by the Disabled American Veterans of the World War, Mayor George W. Porter of Medford today issued the following proclamation:

"As Mayor of Medford, I hereby endorse this proclamation heartily endorsing the annual Forget-Me-Not drive of the local Jackson county chapter No. 8, Disabled American Veterans of the World War, to be conducted in this city November 8 and 9. The drive is to be known as Armistice Day Flower Sale. This day has been appropriately designated by the Disabled American Veterans of the World War especially to commemorate the 17th anniversary of the cessation of hostilities in the World War and to victory. And more to dedicate this day in commemoration of those that gave their lives in that conflict.

"The disabled survivors of that conflict, associated together in their own congressionally chartered organization, the D. A. V., will conduct their annual Forget-Me-Not sale on above-mentioned dates.

"This appeal to civic-minded citizens will give them an opportunity to renew their generous war-time promises, and by generous contributions in exchange for Forget-Me-Not, to make possible the continued future services and activities of this very worthy organization, which has proven to be of immeasurable value to this community.

"Seventeen years ago, these boys put across an effective barrage of bullets against the enemy, and for us. Let us now respond to their plea, and cheerfully submit to their present barrage of Forget-Me-Not, for by helping the D. A. V. to help the less fortunate war-time disabled veterans, we also thereby help to increase the purchasing power of the community.

"GEO. W. PORTER."

H. F. LANGE SEES 1936 CHRYSLERS

H. F. Lange, of the Lange Motor Co., local Chrysler and Plymouth dealer, returned to Medford Tuesday from a dealers' meeting and pre-showing of the 1936 Chrysler line in the Congress hotel in Portland Monday.

The new 1936 Chrysler 4, 8, DeLuxe 8, Airflow and Airflow Imperial models were on display. Mr. Lange says one of the special features of the new Chrysler is the special radio

aircraft built in the top. The new cars will also have larger and more powerful hydraulic brakes. The most talked about feature is the overdrive on the Chrysler 6 and 8. It was a sensation on the Airflow models last year.

Mr. Lange says they will have the new cars on display in a few days.

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than three pounds of waste matter.

When the passing of water is scanty, with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste matter, your body may take up some of these poisons causing serious trouble. Don't wait! Ask your druggist for DOAN'S PILLS, used successfully by millions for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day.
