FAT GIRLS GET THE GO-BY—SLIM GIRLS WIN MEN

Loss Fat The Easy Way—Without Starvation Diet, or Back-Breaking, Reading and Rolling Exercises. There's a reason why so many people find dieting slow and often times futile in reducing. The reason, doctors say, is often because a little gland is not working right. All the blood in your body goes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one and one-half drops of vital fluid every 24 hours, many people take on ugly fat. This fluid helps Nature to "burn up" excess food and fatty tissue in much the same way as a good "diesel" acts in a furnace. Now, physicians combat this condition by feeding this gland the substance it lacks—and millions of pounds of excess fat has been wiped out this way. Marmola Prescription Tablets are based on the same scientific method used by doctors. So why not lose fat the easy way—without starvation diets or back-breaking, bending and rolling exercises? Start the Marmola treatment today that millions have used successfully to get rid of excess fat. The formula is in every box so you know just what you are taking. Don't wait—get Marmola today from druggists.

Rialto's Star

William Boyd, who creates the title role of "Hopalong Cassidy," adapted from the best seller, brings a new "two-gun" man to the screen that, in the opinion of Clarence E. Mulford, the author, personifies in flesh and blood the beloved fiction hero of his many books.

In William Boyd, the author feels he has the prototype of "Hopalong Cassidy," celebrated two-gun fiction character, a product of his own writing who has been a favorite western hero of thousands of readers through some 20 books in which Mulford has carried his colorful cowboy figure. The film comes tomorrow to the Rialto theater.

The story of the first "Hopalong Cassidy" screen western revolves around the adventures of three cowboy comedians, William Boyd, Jimmy Ellison and Frank McGlynn, Jr. Inseparable pals, happy-go-lucky, quick on the trigger, ready to die for each other, they concern themselves mostly with riding the range, looking for danger and generally finding it. Charles Middleton, George Hayes and Willie Fung are in the cast.
