

Local and Personal

From McKinley—Capt. Glen P. Wallace, commander of Camp McKinley, was a visitor at CCG headquarters Monday.

Back from Eugene—Russ Ashton, Junior high school football coach, and Otto Prohmeyer returned to Medford last night after spending the week-end in Eugene.

White Is Ill—E. J. White, of the Crystal Springs dairy, was reported ill today at the Sacred Heart hospital.

At Sacred Heart—Herbert Atkinson of Klamath Falls was among patients today at the Sacred Heart hospital, having undergone a major operation yesterday.

On Inspection Trip—Capt. William C. Ryan, district welfare officer, and Eugene C. Golden, district educational adviser, left Monday for an inspection trip to the Indian Creek and Oak Knoll CCG camps.

Meet Postponed—The Griffin Creek Radio club, scheduled to meet at the home of Beale Davis Wednesday afternoon, has been indefinitely postponed. It was announced this morning. The next meeting will be announced in the Mail Tribune.

Returns To Mine—Walter Giesley, who has done considerable mining along creeks in the valley, returned to Medford from Washington. He plans to do some placering on Sardinia creek north of Gold Hill this winter.

Scout Meets Off—Boy Scout troop 15 will hold no meetings until the Howard school is re-opened. Irwin Doty, assistant scoutmaster, announced today. The troop meets every Monday evening in the Howard school which was closed today because of infantile paralysis. Meetings, Doty said, would be resumed when the school opens again.

Back From Dedication—Col. E. E. Kelly, his son, Robert, and Ralph O. Stephenson were back in Medford today after attending the dedication of the new armory in Klamath Falls yesterday. Colonel Kelly participated in the celebration as the personal representative of Governor Martin and gave the response address at the dedicatory ceremony.

Return From Klamath—Maj. William H. Ellensburg, Maj. Walter W. Abbey, Capt. Carl Y. Tengvall and Lieut. W. H. Moore, all national guard officers, were back in Medford today after participating in the Armistice day celebration in Klamath Falls yesterday. They were especially interested in the celebration because of the dedication of Klamath's new armory.

STEPS ARE TAKEN TO CURB SPREAD OF POLIO DISEASE

(Continued From Page One.)
nized as one of the greatest authorities on polio myelitis.
The best method of treating the disease, Dr. Inakeep said he was informed, is to prepare a serum from the blood of persons who had had and survived the disease and that is why the health authorities here desire to establish contact with local residents who have had the ailment.
Any child intimately exposed to persons afflicted with the disease should be treated with the serum, the Hooper foundation informed Dr. Inakeep. Those exposed but not intimately should be isolated for ten days, the foundation stated.
"City and county health authorities would like to get in touch with all residents who have had the disease and survived," Dr. Hayes said. "Their blood is the best aid we have in treating polio."
"Health is of greatest importance," said Mayor Porter, "and city officials are prepared to take any steps necessary to safeguard the city's health. There is no cause for any alarm and the public will be kept informed so that they will know there is no need to be panicky. We are merely preparing for an eventuality that may never arise."
Dr. Johnson said that in all cases that are the least bit suspicious the family physician should be consulted without delay.
Frank Newton, principal, advised parents to keep children of the Howard school at home.
Dr. Johnson explained that polio myelitis, commonly known as infantile paralysis, is an acute, infectious and communicable disease that occurs sporadically and epidemically, mainly among children. It is characterized, he said by involvement of the central nervous system.
Cause of the disease, Dr. Johnson related, is attributed to an organism transmitted by direct and indirect contact. The organism enters and emerges from the mucous membranes of the nose and throat, the virus, when dry, being also transmitted by domestic animals or food, he said. Secretions from the inflamed eyes and ears of afflicted persons also transmit the disease, he added.
Dr. Johnson described symptoms of the disease as follows: Fever from 101 to 103 degrees, headache, pain in the back and limbs, drowsiness, restlessness, irritability, twitching, vomiting, diarrhea, abnormal reddening of the throat and tonsils and possibly convulsions.
Dr. Johnson advised that a physician be consulted immediately upon the development of any of the symptoms. The symptoms, he explained, may vary from extreme mildness to alarming severity but the degree of severity has no relation to the extent of the subsequent paralysis or course of the disease.
When any of the symptoms develop, the patient should be isolated immediately and traveling and visiting should be prohibited, Dr. Johnson said.

TALENT RESIDENT SERIOUSLY KNIFED IN DANCE BRAWL

As the result of a stabbing affray at a dance at the Talent city hall last night, Douglas Montgomery, about 25, is in a more or less serious condition at his Talent home today. According to state police, who are investigating, the man who attacked Montgomery is not yet known.
Police said that Montgomery was at the dance last night. A woman passed by him and he thought he knew her, and playfully reached out to trip her. When she turned, he discovered that she was a stranger to him, he told police, and apologized for his action. She refused to accept the apology, and told her escort of the alleged "insult."
The escort asked Montgomery to "come outside," and Montgomery did so, intending to explain his action. Once outside, however, the assailant gave him no chance to say anything, but police said, attacked him with a knife with a blade about four inches long, inflicting gashes on each side of his chest, one right over the heart, and one under the left arm.
Dr. Charles A. Haines and first aid helper Lawrence Early of the CCG treated the injured man. Dr. Haines pronounced the wounds "painful but not too dangerous unless infection sets in."
State police are working on the case today and it is probable that an arrest will be made shortly.

CASH FOR FALL BILLS AND WINTER NEEDS
Do you have some bills that should be paid—some winter necessities that must be bought this month? If you need some extra cash for these or any other purposes come in and see us. We lend up to several hundred dollars on your car, truck, furniture, livestock, farm implements or other security.

"Peter Grimm"

Noted as a smashing hit on the New York stage more than twenty years ago, "The Return of Peter Grimm" now comes to the talking screen with Lionel Barrymore as the star, and plays tomorrow only, matinee and evening at the Craterian theatre; also tomorrow night only at the Holly.

The profoundly appealing drama deals with a kindly but tyrannical old meddler who almost wrecks the lives of those he loves best by imposing his will upon them, but who is able to return from the dead to retrieve the mistakes he made in life.

The story develops against a pastoral background in northeastern New York where Peter Grimm lives among his flowers and greenhouses like a feudal lord. With death hovering close to him, Peter prepares to set his house in order by arranging a marriage between his foster daughter, Catherine, and his nephew, Frederick. The girl, however, is in love with James, her foster-father's secretary. Devotion to Peter Grimm forces her to bow to his edict and sacrifice her love to the altar of filial duty. Before the marriage takes place, Peter is called by death, and in the Beyond his eyes are opened to the havoc his tyranny has wrought and he returns to earth to correct his mistakes. The heartaches he encounters in his efforts to communicate with his loved ones, and his final triumph through the medium of a dying child, makes a gripping, fascinating story.

"MARK OF THE VAMPIRE" NOW AT THE ROXY
"The Mark of the Vampire" starring Lionel Barrymore with Bela Lugosi, Elizabeth Allen, Lionel Atwill and Jean Harsholt, plays at the Roxy theatre today and Wednesday.

The story is taken from the age old legend of Vampires. The thrills include mysterious murders, blamed on the vampires, the appearance of the vampire horde, the bat that

"Fighting Youth"

Football is in the air. On every lot, every field, the oval pigskin is being kicked, passed and carried to the accompanying thrills of this fascinating American sport.

At the Rialto theatre today and tomorrow, this year's successor to "Spirit of Notre Dame" and "All American" has Charles Farrell as the star in "Fighting Youth." Besides Farrell, the cast includes June Martel, Andy "Gravel Throat" Devine, J. Farrell MacDonald and famous All-America players well known to football fans throughout the country, Larry "Moon" Mullins, Jim Purvis, Paul Schwegler, Dale Van Sickle, Jim Thorpe, Leslie Cooper, Howard "Red" Christie, Nick Lukats and Frank Sully are a few of the more prominent.

A football picture without a football game would be a sad picture indeed. "Fighting Youth" not only has one exciting game, but two, to give the audience all the thrills they can hope for.

PAIN IN YOUR SHOULDER?

Use Tysmol for Relief
Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm.
The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing aching peripheral nerves. The pains usually stop at once, and in a very short time the last trace of soreness should disappear.
Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, whether caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at Strang's Drug Store.
