D. A. R. Notes

The November meeting of Grater Lake chapter Daughters of the American Revolution, was held at the home of Mrs. Charles L. Woods, Saturday.

The regent, Mrs. P. J. Newman announced that the national society had transferred Miss Elizabeth Gillings from the C. A. R. and the chapter was very happy to receive her as a new member.

Many useful and practical gifts were received for the Christmas box which is sent each year to Angel Island in San Francisco bay. Bringing holiday cheer to the lonely and homesick immigrants, detained at Ellis and Angel Island is one of the many activities of the D. A. R.

Two ex-regents of Grater Lake chapter have been endorsed and announced by the chapter as candidates for state office: Mrs. B. G. Harding, first state vice-regent as a candidate for the office of state regent, and Mrs. M. M. Morris for the office of state corresponding secretary.

The election will take place during the state conference which will be held in Portland in March.

A most interesting program followed the business session. Mrs. H. P. W. Spilver gave a paper on "National Defense." The various branches of the service were described and their duties in peace as well as time of war were mentioned. Mrs. Spilver clearly proved that "governments do not persecute themselves." In the foreground: Howard Houglund, McClintic-Marshall engineer, wearing the picturesque "hard hat," a necessary protection on big jobs. "An engineer's life," he says, "calls for physical fitness and energy. When my pep is at low ebb, there's nothing like a Camel, for a Camel chases away all signs of tiredness. I always get a 'lift' with a Camel. I have preferred Camels for years because of their good taste and mildness. They never irritate my throat. That's one way you can tell Camels are made from more expensive tobaccos."

"I'VE WON A COUPLE of world championships in the rodeo game," says Dick Shelton, all-round cowboy. "After a tough event—or any time I'm tired—I get a 'lift' in energy with a Camel. And a mighty pleasing, cozy smoke it is, too!"

GOLDEN JUBILEE FOR VANCOUVER SET NEXT YEAR

VANCOUVER, B. C. (UP)—The greatest celebration ever staged in Western Canada is planned for Vancouver in 1936 to mark the city's Golden Jubilee. In 1886 Vancouver was a mass of ashes; fire had laid waste the little settlement, then known as Gastown. Today it is the third largest city in Canada and holds a major position among seaports on the Pacific coast. To celebrate this spectacular growth, the committee in charge of the celebration is completing arrangements to hold a series of gala events in 1936, lasting for three months, from May 24, Empire Day, until August 15. During that time, competitions in every form of land and aquatic sports will be held. Exhibitions depicting the early history of the town, competitions in music, art, vocal culture, dancing and air pageants are a few of the other events planned. Each week will be devoted to an individual section of the program.

The maritime nations of the world are being asked to send visiting warships and units which will take part in the international events, as well as working in with the national group events, which are being planned on a comprehensive scale.

An "Air Week," the main feature of which will be an air race between Montreal and Vancouver, also is planned.

Sams Valley

SAMS VALLEY, Nov. 18.—(Sp.)—The Grange play "Mamma's Baby Boy" will be given Friday, November 22. The cast of the three-act comedy includes Mrs. Geo. McDonough, Jerome Fitzgerald, Betty Wilson, Dorothy Straus, Mrs. Chas. Duggan, Wesley McDonough, Gerald Fitzgerald, Mrs. E. W. Empey, Helen Bureson and Arthur Kraus. Most of the players are well known in Grange performances and are doing their best to make this entertainment equal to any in the past.

Bill Wilson was taken to Grants Pass last week for medical attention for illness brought on by inhaling fuel oil. Bill was filling a tractor on the Wyback place and while siphoning from a barrel sucked the fuel oil into his lungs. According to Dr. Moser, several patients have been confined to the hospital this year from the same cause, some afflicted with abscesses on the lungs and others pneumonia.

The Ladies club was entertained October 7 at the school building by Mrs. Joe Dusenberry and Mrs. May Payne. Quilt piecing plans concluded the principal business of the meeting. Clever place cards at the table kept the members guessing before finding their names in the names of flowers.

A large delegation of Sams Valley Grangers attended the State Grange 34 years.

Military Hospital On Italian Front Called 'Mae West'

MAKALE, Ethiopia, Nov. 18.—(AP)—It's not on the maps that way but the Italian army's most advanced military hospital post is Mae West. The Italian soldiers in the advance lines speak of the hospital post as "My West," the pronunciation given to the American actress' name by her Italian public. The reason for the nickname is that the post was established at Mae West, which is also spelled Mai West, and in either case is close enough to call for the pun. Mae West now contains four ambulances with 500 beds and 24 ambulances.

PRIESTS ORGANIZATION UNALTERABLY OPPOSED TO NEW DEAL HE SAYS

DETROIT, Nov. 18.—(AP)—The Rev. Father Charles E. Coughlin turned his national union for social justice definitely away from the Roosevelt administration today with an assertion that New Deal practices and principles of his organization "are unalterably opposed." The militant priest, who supported the candidacy of President Roosevelt with the slogan "Roosevelt or Ruin," declared in his regular radio address yesterday that "I cannot conscientiously support the present policies of the New Deal, which to my mind, have degenerated into practices hostile to the sixteen basic principles of social justice."

The administration, he charged, supported a "slave wage" and not a living wage in its relief work programs. Policies of the Agricultural Adjustment administration, he said "only deceive the farmer with the hyperdermis needs of the dole," and he characterized the AAA as "economic hoaxing."
