## ETHIOPIAS BEST BEATEN IN FIGHT

**News Behind The News**  
 By PAUL MALLON.  
 (Copyright, 1935, by Paul Mallon.)  
 WASHINGTON, Nov. 21.—An unnoticed but breathless pause in the breathing spell occurred at 8:40 p. m. last November 14. Agriculture Secretary Wallace spoke at that hour on "matters of grave national importance."  
 His words were mild. His ideas were hinted in the form of academic theories. Consequently, only the schooled technicians in and out of his audience at the academy of political science, Columbia university, may have caught the full force of what he appears to have been driving at.  
 Picking it together with Mr. Wallace's latest depressing book and his other recent speeches, the economic experts have concluded that Mr. Wallace is groping his way toward a more definite program of new planned economy than the left wing new dealers have been generalizing about heretofore. It may be known, for convenience, as the Wallace plan.

### NORTHERN FORCES PUT TO FLIGHT BY ITALIAN INVADERS

**Invaders Pursue Retreating Warriors of Ras Seyoum — II Duce Grants Leave to 100,000 Fascist Troops**  
 By Henry W. Hazley  
 Associated Press Foreign Staff  
 Ethiopia's northern defenders were beaten and put to flight by the fascist invaders in a mountain battle today, the Italian field command reported.  
 Four battalions of infantry and one cavalry squadron were said to be pursuing the retreating warriors of Ras Seyoum, Ethiopian northern commander, after the clash at a mountain pass south of Makale on the route to Amba Alaji.

**Italy Cuts Forces**  
 Premier Mussolini, at the same time, was strengthening Italy's resistance to League of Nations sanctions by granting leave of three months to 100,000 fascist troops. The government announced they would be used to increase Italy's agricultural and industrial production and said the move had no "international significance."  
 As Ethiopian warriors fled before the Italians in the encounter, 7,000 feet above sea level, they carried their dead with them, making a check of casualties impossible, it was stated. The Italians hoped to surround them before they could gather for a new defense and block the way to Amba Alaji, the Italians next northern objective.

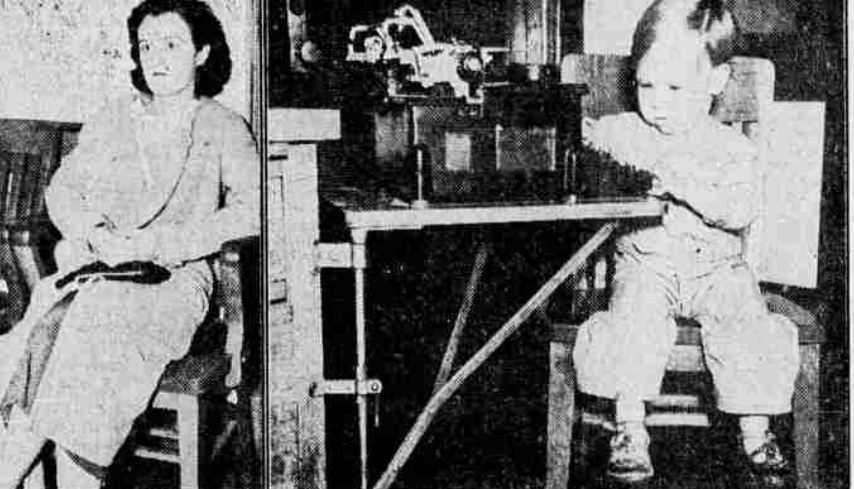

**Concentration Seen**  
 Italian pilots reported Ethiopians were again concentrating in the Mat Mesic valley, below Selicot, in the Makale area, although they had been dispersed there Monday by an air bombardment.  
 As French and British experts reviewed peace talks in Paris, authoritative French quarters said Premier Mussolini would not be interested in any Franco-British peace proposals until the new Italian commander, Marshal Pietro Badoglio, has "had a chance to win a few battles."  
 They declared the renewed negotiations.

**Moderate Temblors Shake Hawaiian Area**  
 Hilo, Hawaii, Nov. 21.—(AP)—An earthquake of moderate intensity occurred in Hilo and elsewhere on Hawaii island at 1:20 a. m. (6:50 a. m. eastern standard time) today.  
 Quakes often originate in volcanoes on this island, but volcanologist Thomas A. Jaggar said today's quake was not due to disturbances within Kilauea, which is often active.  
 Jaggar said the quake centered probably fifteen to thirty miles from Hilo.

**Auto Fatalities Drop In October**  
 SALEM, Nov. 21.—There were only slightly more than half as many deaths due to motor vehicle accidents in Oregon during last month than during October, 1934, the state department reported. Last month's figure was 19 compared to 34 a year ago.  
 The number of deaths so far this year totaled 204 as compared to 259 for the corresponding period in 1934.

**HOOD RIVER, Ore., Nov. 21.—**(AP)—The steamer The Dalles had difficulty pulling upstream through the swift current where the Columbia river is narrowed for Bonneville dam construction, the crew reported here. The boat runs between Portland and The Dalles.

### BABY FOUND IN GYPSY CAMP; GIRL HELD AS KIDNAPER

Mrs. Stella Cutting, 17-year-old Phoenix, Ariz., girl arrested in Oakland, Calif., confessed, police said, that she stole two-and-a-half year old James Fox from his parents in Phoenix about three months ago and traveled to the coast with a band of gypsies after leaving her husband for Pete Jones, also held. She told police she could not hear to leave the baby. She had been employed as nursemaid for the child. (Associated Press Photos)

### VIOLENT OUTBREAKS CLIMAX STRIKE AT OHIO POTTERY PLANT

AKRON, O., Nov. 21.—(AP)—Strike sympathizers climaxed hours of violence at the Ohio insulator plant in Barberton early today by driving 80 guards inside the factory with a barrage of rocks and bottles.  
 Tear gas bombs and streams of water from fire hose were used by the guards before they retreated. Fires illuminated the scene. A factory gate house was demolished by the crowd.  
 A succession of outbreaks yesterday and last night followed an attempt by the company to admit former employees to the plant and resume work. A strike, called by the Pottery Workers' union, has been in progress since September 17.  
 A committee of 25 announced a meeting today with the chamber of commerce to ask that the use of tear gas be halted in order that representatives of the strikers and the company could attempt to reach a settlement.  
 Union officials said they planned to appeal to Governor Martin L. Davey to intercede and stop violence.  
 Two arrests and two casualties were reported in the succession of outbreaks. A woman was treated for the effects of the gas and a boy of 7 was hit by a gas shell.

### CAPITOL COMMISSION NAMING WAITS CONFAB

PORTLAND, Ore., Nov. 21.—(AP)—Senate President Henry L. Corbett and Howard Latourette, speaker of the house, said today they have not yet made their selections to the capitol construction commission.  
 "I probably will see the governor tomorrow and compare my list with his," Latourette said.  
 Corbett said the governor wished to confer with him and Latourette before the appointments are made.

### KYLE PUGH HELD IN PORTLAND ON ASSAULT CHARGE

Kyle Pugh, 40, Josephine county miner under a five-year sentence in state prison on conviction in this county of criminal syndicalism, is under arrest in Portland, for assault with a deadly weapon, according to information received by local authorities. Pugh is at liberty on the criminal syndicalism conviction, on \$2500 bail, pending decision in an appeal to the supreme court.  
 Pugh was arrested near Central point in September, 1934, for the alleged attempted sale of communistic literature.

### FRED WITT FINED FOR GUN PLAY IN DANCE HALL FUSS

Fred Witt, resident of the Evans Valley district, charged with disorderly conduct at a Saturday night dance, during which Deputy Sheriff F. E. Jackson was shot in the fleshy part of his index finger, was found guilty in justice of the Peace, W. R. Coleman's court yesterday afternoon and was fined \$10 and costs. The costs include the fees of a dozen witnesses. Sheriff Syd I. Brown said today that he had revoked Witt's permit to carry a pistol.  
 Deputy Sheriff Jackson was called as a witness, and the wounded forefinger was exhibited. The injury was designated as "a skin wound."  
 Witt was specifically charged with flourishing the pistol in the dance hall, and using profane language.  
 Jake Moore, who pleaded guilty to a charge of disorderly conduct, was fined \$10 and costs. Moore was charged with engaging in a fist fight with Witt.  
 The evidence at the hearing showed that Witt and Moore had been squabbling, and at his height, Witt had gone to his auto and procured the six-shooter. He was alleged to have returned to the dance floor and flourished the weapon in the presence of women and children. Deputy Jackson advanced to Witt with his deputy star showing, and announced Witt was under arrest. Then the tussle occurred, in which the gun was fired and Deputy Jackson shot in the forefinger.

### WOODROW TURPIN OF THIS CITY AND CECIL WISE OF TALENT, CHARGED WITH GASOLINE THEFT, WERE EACH SENTENCED TO 90 DAYS IN THE COUNTY JAIL, BY JUSTICE OF THE PEACE W. R. COLEMAN THIS MORNING.

### BOYS SENTENCED FOR GAS THEFT

A hose for siphoning, and a five gallon can, were found in possession of the youths, both in their early 20's.  
 Turpin was haled into justice court last June on a charge of driving an auto without an operator's license. The fine assessed at that time has not been paid.

### GENERAL MOTORS HEAD HAS FAITH

WASHINGTON, Nov. 21.—(AP)—Securities commission reports disclosed today that Alfred P. Sloan, Jr., president of General Motors corporation, bought 30,000 shares of General Motors common stock August 6. The stock has increased \$500,000 in market value since the purchase date.  
 Sloan reported the transaction in accordance with the securities exchange act, which calls upon corporation officers to notify the commission of their holdings in securities of their corporations.  
 The price Sloan paid was not stated. Sloan made known that at the end of August he held a total of 770,984 shares of General Motors common, which have a current value of about \$43,000,000. But he disclaimed "beneficial interest" in all but 39,495 shares.  
 Sloan reported the transaction in accordance with the securities exchange act, which calls upon corporation officers to notify the commission of their holdings in securities of their corporations.  
 "A vast amount of the Lindbergh ransom money" was found at Hauptmann's home in the Bronx.  
 "In a closet in his home, written on a piece of board, was the address and telephone number of Dr. Condon (Jafise)," (Ransom negotiator).  
 "The floor board in his attic and one of the rails of the kidnap ladder were once the same piece of lumber."  
 "After payment of the \$50,000 ransom money on April 2, 1932, petitioner devoted his time to stock market speculation."

### NO TINKERING SOON IN MONETARY LAWS

WASHINGTON, Nov. 21.—(AP)—Chairman Fletcher D. M. of the long-over-worked banking committee, forecast today that so far as banking and monetary legislation are concerned, President Roosevelt's "breathing spell" will extend at least through the next session of congress.

### JAPANESE LEADERS SPLIT ON PLAN TO GRAB NORTH CHINA

Civil Heads and Military Chieftains at Loggerheads — Britain Seen Back of Abrupt Halting of Move  
 By the Associated Press  
 Possibility of an upheaval in the Japanese government over the north China situation was foreseen by Japanese political experts today due to an abrupt halt in plans for making north China autonomous under protection of the Japanese army.  
 Experts in Tokyo described the near-crisis as a conflict between Japan's civil leaders and her military leaders on the Asiatic continent.  
 Well-informed sources in London said the British government was largely responsible for halting the move through political pressure in Tokyo and support of Generalissimo Chiang Kai-Shek, the Chinese leader, at Nanking.  
 Chinese See Peril  
 Chinese sources in Shanghai expressed fear the delay in making north China autonomous was only temporary.  
 Chinese bankers, in the Peiping-Tientsin area, were ahead with the silver nationalization program, to which the Japanese objected as interfering with trade. They inaugurated a branch of the currency reserve board to protect silver reserves.  
 The Japanese army's high command in Tokyo instructed its subordinates on the Asiatic continent that officers conviving in Chinese separatist movements were exceeding their authority.  
 Japanese military leaders in China were reported to have told Chinese national leaders to undertake their own reforms in north China, introducing into that area a regime and a public attitude more acceptable to the Japanese.  
 Four Independent Action  
 Certain Chinese officials, however, pointed out that the Japanese army on the continent has often exercised

### OPP MINE LEASE CASE IN COURT

The civil suit of John W. Opp, Jacksonville mining man, against the Pacific States Mining Co., of which Robert E. Strahorn, famed "empire builder" of the northwest is an official, is underway in circuit court before Circuit Judge H. D. Norton. Strahorn, in his long career, has been identified with the construction of many railroads in this state and Washington.  
 Cancellation of the lease of the Opp mining property to the defendant company, re-possession of the mining property, and alleged damages for "improvements and unmineral" operation of the mine, is sought by Opp.  
 Opp, a pioneer miner of southern Oregon, was the first witness and was on the stand all day Tuesday, and was expected to be there most of today on direct and cross-examination.  
 It is expected that the case will last four or five days. Opp is represented by Attorneys Newbury and Newbury and the defendants by Attorney Joseph F. Pfliegel.

### ASK OIL INDUSTRY BAN ITALIAN SALE

WASHINGTON, Nov. 21.—(AP)—Secretary Ickes called on the oil industry today to halt, voluntarily, shipments to Italy.  
 Explaining at a press conference he had no "authority at all" in the matter, Ickes said "I don't think they ought to" sell oil to Italy.  
 "They ought to comply both in letter and spirit with the efforts of the government to prevent furnishing war materials to either of the belligerents."  
 CORN BELT FARMERS WOULD AID AAA CASE

### White House Prospect No Boon to Mrs. Borah

By PRESTON L. GROVER  
 Associated Press Staff Writer  
 WASHINGTON, Nov. 21.—(AP)—Some women may yearn to move into the White House, but not Mrs. William E. Borah, blonde wife of the senior senator from Idaho. She thinks it would be "awful."  
 Senator Borah is being mentioned in the top flight of Republican presidential possibilities, but Mrs. Borah, long socially prominent in the capital, exhibited no excitement today.  
 "I have always said I think it would be awful," she said.  
 As a "most interesting" event in her experience at Washington she recalled the visit years ago of the late King Albert and Queen Marie of Belgium. She was one of the party with the king and queen on the yacht Mayflower during the Wilson administration.  
 As "most dramatic" she recalled when she and a few close friends sat with Herbert Hoover at his home listening to radio reports from the Kansas City convention at which he was nominated in 1928.  
 "Just as the report of his nomination came a huge bat flew through a window. Some thought it was a bad omen, but Mr. Hoover laughed it off," she said.  
 She pointed to photographs of Presidents Hoover and Coolidge, and smiled.  
 "These are my friends—not Billy's."  
 WASHINGTON, Nov. 21.—(AP)—Former Senator Roscoe McCulloch, Ohio Republican, urged Senator Borah today to run for the presidency, but the Idaho senator still was probably non-committal after their meeting.  
 I hope you ditto.

### Thanks Day Feast Will Cost Dollar More On Average

CHICAGO, Nov. 21.—(AP)—That Thanksgiving dinner is going to cost the average family of six nearly a dollar more than it did last year.  
 Poultry wholesalers estimated turkey would retail at 33 to 36 cents a pound, compared with 31 to 32 cents in 1934.  
 Here's an itemized cost, estimated by market observers, compared with last year:  
 1934 1935  
 Ten-pound turkey..... \$3.35 \$3.80  
 stuffing..... .35 .40  
 Shrimp cocktail..... .30 .35  
 Celery and olives..... .27 .30  
 Potatoes..... .22 .25  
 Cranberry jam..... .22 .25  
 Hot rolls and butter..... .31 .35  
 Apple and carrot salad..... .22 .25  
 Pumpkin pie..... .24 .26  
 Cheese and coffee..... .22 .25  
 Totals..... \$5.55 \$6.10

### SHERIFF'S SLAYER CLAIMS HE ACTED IN SELF-DEFENSE

PORTLAND, Ore., Nov. 21.—(AP)—George L. Fiedler, 23, testified today that he fired two shotgun blasts at Deputy Sheriff Ernest C. Loll because he feared the officer would shoot him.  
 The nervous defendant, charged with first degree murder, said he was greatly excited. He didn't intend to shoot, he said, but did when confronted with the officer's sawed-off shotgun. Fiedler had been hunting pheasants out of season.  
 The prosecution contended that pellets striking the officer's gun barrel at right angles proved the gun was not aimed at Fiedler.  
 Squirming uneasily, Fiedler related that he has been uncontrollable in times of excitement since a motorcycle accident in 1933. He said his neck was broken and he received a broken leg, smashed ribs, cut head and other injuries which rendered him unconscious for a week.  
 He denied that he saw Deputy Loll drive up, and that his first sight of him was with the officer aiming his shotgun at him.  
 The prosecution charged that Loll was ambushed and shot from the left.

### 2 WPA PROJECTS ENCOUNTER DELAY

Two WPA projects, slated to start today, have been delayed for various reasons, it was announced today from WPA headquarters.  
 The largest of the two projects, the start of work on the Prescott Memorial Park road, has been delayed because the work slips, sent out from the national re-employment office, have not yet been filled in and returned, according to Lewis Ulrich, manager of that office.  
 Work on the grandstand at the senior high school football field, also scheduled to get under way, will probably be delayed until December because of a difficulty in assembling materials, it was announced.

### Old Mining Camp Swept By Blaze

GREENWOOD, B. C., Nov. 21.—(AP)—Fire swept through this early-day mining camp this morning, destroying an entire business block and causing damage estimated by property owners in excess of \$50,000.  
 The Grand Forks fire department made a spectacular 30-mile dash over mountain roads in response to a call for help, but the flames had been checked when it arrived.

### DOLE PAYMENTS MAY SLICE FUNDS FOR WORK RELIEF

Direct Relief Coin Exhausted But Roosevelt Has Power to Continue — Future Program Is Not Settled  
 By D. Harold Oliver  
 Associated Press Staff Writer  
 WASHINGTON, Nov. 21.—(AP)—The money congress earmarked for the dole is all gone, but the New Deal has power to continue such relief payments a while longer out of other funds.  
 Official figures disclosed today that out of \$4,880,000,000 appropriated last session for work-and-relief, \$889,000,000 already has been allotted to direct relief (popularly known as the dole). This is \$9,000,000 more than congress set aside for the purpose.  
 However, the Roosevelt administration has wide powers to shift funds from one category to another.  
 Questions Raised  
 With grants still to be made in 22 states before the dole is due to end December 1, the figure raised these questions:  
 Will there be further dipping into the \$4,000,000,000 works fund for direct relief, making that much less for jobs?  
 If so, will the remaining works funds be sufficient to carry out the plan to give 3,500,000 persons jobs by the end of this month at pay conforming to existing work relief wages?  
 Will direct aid be continued after the December 1 deadline if state and

### OREGON, HARVARD WIN ART AWARD

EUGENE, Ore., Nov. 21.—(AP)—Carnegie foundation of New York again selected University of Oregon in the west, and Harvard university in the east, as centers for normal art appreciation training.  
 Dr. C. V. Boyer, University of Oregon president, said this was the seventh year the schools have been designated for the work.  
 The institute will grant University of Oregon \$6000 to provide scholarships for approximately 20 students from schools of the west at the university summer session.

### BRITISH FLAGS DIPPED TO ADMIRAL JELlicoe

LONDON, Nov. 21.—(AP)—The British navy dipped its ensigns today in memory of Earl Jellicoe, commander of the grand fleet in the only major naval battle of the great war, who died yesterday, after a short illness, at the age of 76.  
 The funeral was set for Monday. The British press, forgetting the bitterness with which some of its representatives criticized the Earl after the battle of Jutland, united today in paying tribute to the "great sailor whose name will forever be linked with Nelson's."

**Oh So!**  
 says  
**FRANK WATANABE**  
 ED HOLDEN

Truck drivers are a very rough bunch of guys — some people say. But I doanno please! They're traveling all night in a very slowly monotonous speed. Because big loads of goods. That should make them most cranky men available—but I thinking contrary are true... they are a jolly & decent set of sturdy fellows." They can giving many lesson in road courtesies to them high horse limousine gents. And do you know that truck drivers got secret signals? If truck on behind wish to pass—on light means—Wait! 2 flashes means—OK! Also they can talking a gossip of the road at each other with twittering of tail lights. And I notice if you needing help on a gasoline run out—they are first to aid.  
 I hope you ditto.

### SIDE GLANCES

by  
**TRIBUNE REPORTERS**

At Wheeler, Mrs. L. H. Wilcox and Syd Newton all trying to devise a method of getting Christmas toys from the store room down to the display floor, but dissuading the suggestion that a chute be made of stovepipe sections and the toys slid down.

Ralph Bardwell, an ardent football fan, apparently unable to wait until Saturday to see the Medford team strut their stuff so pulling up for a few minutes spectating at practice last night.

Tony "Yancy Crava" Bulls bawling out this department and demanding an apology for calling his Stute coupe a packard. Admitted, that dazzled by Yancy's own great beauty, the department may have been mistaken about the car.  
 Mrs. Frank Applegate halting one of her brilliant sons, toward bent from across the street last night with a "Don't you ever stay home" and a startled man and girl passing by blurring out a "Not very often," in a surprised sort of way.  
 Harold Larson wandering the streets with a distressed look on his visage, after stuffing himself on roast duck served from the Klamath country by crumies.

### Hauptmann Prosecution Emphasizes Main Links

ROCHESTER, N. Y., Nov. 21.—(AP)—Bruno Richard Hauptmann, fighting for his life at the tribune of final appeal, the United States supreme court, will be given a lie detector test to determine the veracity of testimony at his trial. Dr. William H. Marston said today.  
 A psychologist and discoverer of the test, Dr. Marston said he had been requested to make the experiment on the convicted slayer of the Lindbergh baby by Lloyd Fisher, Hauptmann's counsel. Both Hauptmann and his wife are eager to have it done, the doctor added.  
 WASHINGTON, Nov. 21.—(AP)—Here are the reasons given to the supreme court today by New Jersey prosecutors why Bruno Richard Hauptmann should die in the electric chair.  
 "In the night of March 1, 1932, Charles A. Lindbergh, Jr., an infant was kidnaped and murdered."  
 "The petitioner (Hauptmann) was identified as the recipient of money" (Referring to \$50,000 ransom).
