LEGAL NOTICES

Notice of Hearing Plan of Readjustment

In the District Court of the United States, District of Oregon.

In the Matter of the Application of Medford Irrigation District, a municipal corporation, for an order authorizing the readjustment and settlement of its debts.

Notice is hereby given that on the 28th day of October, A. D. 1935, the verified petition of Medford Irrigation District was duly filed in the office of the clerk of the United States District Court for the district of Oregon, stating, among other things, that the district is insolvent and unable to meet its debts as they mature; and that it desires to effect a plan of debt readjustment whereby its bonded and other outstanding indebtedness will be reduced and refinanced pursuant to the provisions of Section 80 of Chapter IX, of the National Bankruptcy Act, as amended, and praying that the court take such action under the Act mentioned as is necessary to fully effect such debt readjustment. That the petition of the district and the proceedings for debt readjustment as set forth therein was approved by the court as properly filed under the bankruptcy Act and is now pending therein. That by order of the court duly entered in this cause a hearing will be held before the court in the Federal Building, in the city of Portland, state of Oregon, on December 16th, 1935, at 10 o'clock A. M., or as soon thereafter as same may be held, for the purpose of considering the plan of readjustment as set out or referred to in the petition as well as any changes or modifications thereof which may be proposed or decreed necessary or proper, and for the further purpose of hearing any creditor of the district upon any controvertible matter in connection with the proposed plan of debt readjustment and the advisability of entering an order confirming same.

The plan of debt readjustment materially affects the holders of all outstanding bonds and other indebtedness of the district, as it will, if put into effect require the holders of such indebtedness to receive in exchange therefor serial refunding bonds and cash in the amount of not to exceed 36½ cents for each dollar principal amount thereof (no payments to be made on account of interest), as follows, towit: Said district shall issue its refunding bond to evidence the amounts payable under such readjustment. The first installment of principal of such refunding bonds to mature four years after the date thereof and to bear interest from date at the rate of 4 per cent per annum, interest payable semi-annually. The district will deliver to the respective holders of its old bonds and in exchange therefor such refunding bonds in aggregate principal amounts of 36½ per cent of the face or par of the old bonds, provided, such old bonds when surrendered and cancelled are accompanied by all appurtenant interest coupons maturing on or after January 1, 1932, being coupons number 32 and all subsequent numbered coupons. There shall be deducted from the amount so to be paid 35 per cent of the par value of each appurtenant coupon of the old bonds maturing January 1, 1932, July 1, 1932, January 1, 1933, and July 1, 1933, being coupons numbered 22, 23, 24 and 25 which do not accompany said old bonds when surrendered for cancellation, and there shall be deducted the full amount of all missing coupons maturing subsequent to July 1, 1933. The refunding bonds to be delivered to the holders of its outstanding old bonds are to correspond as to maturities so far as practicable with the maturities of the old bond or bonds surrendered; provided, however, that refunding bonds will only be issued in denominations of $100.00 and multiples thereof, and the district will pay in cash any odd amounts due any of the owners and holders of its old bonds over and above the par value thereof as hereinbefore fixed. All matured interest coupons shall be detached from refunding bonds prior to delivery.

The district further proposes to pay interest at the rate of 4 per cent per annum on the refinancing value of its outstanding bonds from March 27, 1935, up to the date of the delivery of such refunding bonds, and credit shall be entered on the next maturing coupon appurtenant to said refunding bonds, equal to interest accrued, for the current interest period, to the day of delivery, at the rate of 4 per cent per annum to the date of issuance of the refunding bonds. Any payment of interest on account of old bonds subsequent to March 27, 1935, shall be applied upon the interest payments provided for.

Creditors of the district are hereby referred to the petition on file in the above entitled cause and to the exhibits attached thereto and the orders of the court for details and particulars of the proposed plan of debt readjustment and of the proceedings taken and to be taken therein.

The proposed plan of debt readjustment has been approved by the district and duly accepted by the holders of more than two-thirds in amount of each class of the indebtedness of said district affected by such plan, and upon the approval or confirmation of the plan of readjustment by the court, the district is empowered and authorized to take such action as is necessary to carry the same into effect.

Kershaw, constituting the board of directors of Medford Irrigation District, for a judicial examination and judgment of the above named court as to the regularity and legality of the proceedings of the board of directors of said district in adopting a resolution authorizing and directing the issuance and sale of bonds of said district in the sum of $405,000.00 and the terms and maturities thereof for the purpose of refunding present outstanding indebtedness of said district, and for the further purpose of a judicial examination and judgment of said court as to the regularity and legality of the proceedings of said board in authorizing the execution for and on behalf of said district of a contract with Reconstruction Finance Corporation for the sale to said corporation and the purchase by it of all or a part of the aforesaid bonds and a judicial examination and judgment of said court as to the legality of such bonds and said contract aforesaid, and further, for a judicial examination and judgment of said court as to the right and duty of said irrigation district to levy each year until said bonds have been paid in full the necessary assessments provided for by said bond resolution and contract for the purpose of paying the principal and interest of said bonds.

To: Medford Irrigation District of Jackson County, Oregon, and to all freeholders, legal voters and assessment payers within said district:

In the Name of the State of Oregon: You are hereby notified that David H. Rosenberg, Albert Burch and P. M. Kershaw, constituting the board of directors of Medford Irrigation District, a municipal corporation and irrigation district within Jackson County, Oregon, have filed in the above entitled court a special proceeding for the purpose of having a judicial examination and judgment of said court declaring and decreeing that Medford Irrigation District is an irrigation district duly organized, acting and existing under and by virtue of the laws of the State of Oregon.

That David H. Rosenberg, Albert Burch and P. M. Kershaw during all times herein mentioned were all of them duly elected, qualified and acting directors of said district, and that they together constituted the board of directors thereof, and that during all said time David H. Rosenberg has been and is the president of said district, and that Olen Arnapiger is the secretary of said district.

That the contract set forth in Exhibit "A" to said petition is a lawful contract on the part of Medford Irrigation District, and that all matters and things connected therewith and all proceedings of said board of directors and district with relation thereto have been duly and regularly held and had in the manner and as provided by law, and that the execution of said contract on the part of said district has been regularly and legally authorized.

That all of the proceedings of the board of directors of said district authorizing and directing the issuance of refunding bonds of said district in the amount of $405,000.00 for the purpose of refunding the present outstanding indebtedness of said district in the form and as set forth in the resolution Exhibit "C," and said contract set forth in Exhibit "A," and all matters and things connected therewith, and all of the proceedings of the board of directors of said district with relation thereto, have been duly and regularly held and had in the manner and as provided by law, and said bonds with said maturities and in the form and tenor therein set forth are regularly and legally authorized, and when executed and issued by said district and delivered to said Reconstruction Finance Corporation as provided in said contract will be the legal and valid obligations of said Medford Irrigation District without any advertisement or public sale thereof.

That pursuant to said contract and resolution said Medford Irrigation District is possessed of the right and is in duty bound to levy each year the assessments therein provided for, for the purpose of paying principal and interest upon said bonds; that said right and duty continues until said bonds and all accrued interest thereon have been paid in full, and that said contract and said bonds when issued and negotiated, as aforesaid, shall constitute valid and enforceable obligations of said district, and further, that all freeholders, legal voters and assessment payers within said district, and all parties in interest, and said district itself, be forever barred and concluded from disputing, contesting or questioning the validity or legality of any of the foregoing proceedings, or of said bonds and contract and any assessments hereafter levied pursuant thereto, and that the petitioners have a decree for such further relief as may seem equitable to the court.
