PHYSICAL EDUCATION CLASSES FOR GIRLS BUSY IN HIGH SCHOOL
By Lois Remington
Girls' physical education classes at high school, under direction of Miss Carin Degermark, have made extensive progress in a number of activities this semester.

Due to rainy weather the past three weeks the girls have been confined to the gym. This time has been spent in learning various marches and steps. All the fundamentals of marching were mastered during the first week and the remaining time has been spent in learning steps which the girls will need and make use of in the future. The first thing taken up was style show parading. Steps which varied according to the costume and music were practiced and mastered in turn. The wedding marches were also taken up. The girls were divided into groups, and each of these groups organized into a wedding party. Several marches, varying in the step and speed were learned and practiced

both on the level floor and on the stairs.
At the beginning of the year the classes were divided into two groups, one taking up dancing and the other group various sports. In the dancing classes all types of dancing were studied and a number of different dances learned. The students in the sports group were offered a choice of three of the following: tennis, tennisquet, badminton, archery, horse-shoes, hiking, golf, and horseback riding.
