Burns and Allen in 'LOVE in BLOOM'

On Rialto Bill

Preserving all the beauty and charm of Gene Stratton Porter's famous novel, "Freckles" comes to the screen of the Rialto theater today and tomorrow with Tom Brown and Carol Stone in the romantic leads, and with 8-year-old Virginia Weilder of "Laddie" fame, in the part of the delightful Laurie Lou.

The screen story is the same as that of the book. The story of an orphan boy who sets out in search of happiness. He comes to the Indiana forest territory, where he is befriended by Laurie Lou, a lovable, sprightly youngster, and Mary Arden, the town schoolmistress. With their help, he secures work as a timber guard.

The famous episode where Freckles saves the life of Laurie Lou by rescuing her from a falling tree is played in the picture with all the sincerity and thrill of the book. In the spine-chilling climax, Freckles grapples with a small but murderous band of forest bandits to save the life of his little friend and to win the love of Miss Stone. Both are accomplished and the picture ends with a perfect match making.

To Rialto High School. JOHN DAY, Ore., Dec. 4.—(P)—Construction will start in about two weeks on a new union high school to be located between John Day and Canyon City, and serving eight former districts, the joint board announced.

THE LADIES OF THE FIRST METHODIST CHURCH will hold a bazaar in the Sparta Building, Friday and Sat., the 6th and 7th of Dec. Many articles suitable for Christmas Gifts will be for sale. Also Rummage Sale of new goods at Rummage Sale prices.

Some reported that toms weighing less than 18 pounds, and hens, were in the greatest demand.
