

RED CROSS SAYS ITALIAN BOMBS STRIKE HOSPITAL

(Continued From Page One.)

dropped 7 1/2 tons of bombs on Desaye and vicinity. The American Red Cross hospital, badly damaged in yesterday's bombing, was again hit and all patients had to be evacuated, the correspondent said.

As in yesterday's bombing, the emperor was warned in ample time to seek a place of safety. He was not in the palace during either raid.

Seven doctors at Desaye, either members of the Red Cross or the American Seventh Day Adventist hospital which was bombed, issued a formal protest against the "atrocious and cruel demonstration."

They declared that three squadrons of four planes each bombed the town for an hour, showering it with incendiary and explosive incendiary bombs and causing many dead and wounded. The declaration said:

"The first bombs all dropped on Red Cross ambulances on which the international emblem was hoisted. We detail:

"Five were aimed at the main building of the Tafari Makonnen hospital (The Adventist hospital), completely destroying the instrument room and two wards.

Declaring that the Red Cross emblem was clearly displayed in considerable numbers around the hospital, the doctors said:

"We protest and stigmatize this inhuman act before the whole civilized world and call attention of all governments, the League of Nations and all religions to this fact that within the Red Cross enclosure, more than 40 bombs were dropped."

Thompson Showing Good Improvement

J. C. Thompson, Oregon Power company, was reported considerably improved yesterday. He has been confined to Community hospital since November 22 when he suffered a stroke. His numerous friends have been glad to hear of his steady improvement.

TOO LATE TO CLASSIFY

FURNITURE repaired, upholstered and finished. Phone 999-R. Thibault.

PHONE Darby Fruit Company for Comice pears, packed in half boxes. An ideal Christmas gift.

REAL SILK for Christmas. Order before Dec. 14. Grace Smith, 999-B, Southern Oregon representative.

TRUCK TIRES—5, 8 1/2, 8-ply. Used heavy duty. No repairs or sidewall breaks. May be purchased on Easy Terms. Lewis Super Service Station, Phone 1300.

INDUSTRY WARNED TO FURNISH JOBS OR PAY IN TAXES

WASHINGTON, Dec. 7.—(AP)—

George L. Berry, federal coordinator of industrial cooperation, warned industry tonight that if it fails to accept government leadership, the country may head toward another depression.

"Any plan of action ignoring the government's natural leadership in the nation's affairs is but a ghastly substance and must certainly fail," the president's aide said.

Berry warned the 3,000 business and labor leaders meeting here on Monday to discuss industrial cooperation that they "must meet squarely the problems of unemployment, taxation and public debt."

If this conference does not, another will, he said.

In an interview Berry said that unless business itself provides employment, taxation and public debt, men it must continue to pay the bill for relief through high taxes and possibly increasing federal deficits.

Business must foot the bill in either case, he said.

PHONE LISTINGS SHOW INCREASE

New telephone directories were distributed in Medford yesterday.

The new book contains 42 pages as compared with 38 in its predecessor issued last December. Medford listings occupy 17 pages as against 15 a year ago, an increase of 13 per cent. Grants Pass listings show an increase from six to seven pages, a gain of 16 per cent, while Ashland remains the same as a year ago with five pages.

YOUTH CHARGED WITH CAR THEFT

Leslie H. Elliston, 22, of Spokane, Wash., was arrested by state police at the California border yesterday afternoon on a charge of stealing an automobile in Roseburg Friday night. He was confined to the county jail here pending prosecution by either the state or the federal government, which may accuse him of transporting a stolen car over a state boundary.

The car was owned by L. E. Scott, Copco employe in Roseburg. It was a new 1935 Plymouth coach.

Elliston abandoned the car after he crossed the California border just before reaching the quarantine station. California police recognized the car as a stolen machine and held him until Oregon state police took him into custody, the police report said.

Elliston admitted stealing the car, according to police, saying he wanted to visit his parents in Dunsuir.

VAN VLACK TRIAL SET FOR JANUARY

TWIN FALLS, Idaho, Dec. 7.—(AP)—Douglas Van Vlack, 32, of Tacoma, Wash., charged with murdering his young former wife and an Idaho state policeman, probably will go on trial for murder in January, it was indicated tonight.

Prosecutor Edward Babcock said he planned filing a new complaint within a few days, charging the man with the two crimes, that of slaying Officer Pontaine Cooper near here and later shooting his ex-wife, Miss Mildred Hood, 22.

Film City Figure Dead HOLLYWOOD, Cal., Dec. 7.—(AP)—William C. Camp, 62, former colorful figure in social circles here and in Chicago, was found dead last night in his apartment. His physician, Dr. Robert H. Griffith, said he had been suffering from heart trouble several years.

Phys Ed Plant Let PORTLAND, Ore., Dec. 7.—(AP)—The Ross B. Hammond Construction company of Portland submitted the low bid today for building a physical education plant at University of Oregon. The structure will cost about \$375,000.

BANWELL OFF ON AIRPORT MISSION

A. H. Banwell, manager of the Jackson County Chamber of Commerce,

left by train last night for Portland, where he is to confer with United States government officials regarding improvements of the Medford municipal airport.

The federal administration has allotted a huge sum of money to bring commercial airports up to government standards and an effort is being made to obtain sufficient funds to modernize the local plant so that pace may be kept with the rapid developments in aviation.

Mr. Banwell expected to be gone until Wednesday. He was reluctant to discuss his mission in detail until his return.

FREE CONSUMERS OF POTATO ACT

WASHINGTON, Dec. 7.—(AP)—

Exemption of consumers who buy their potatoes in regular retail establishments from the penalties for violation of the potato control act was announced by the AAA today.

Previously it had been believed that not only the first purchaser of unstamped potatoes but the consumer to whom they might be resold later would be liable to a fine which might be as high as \$1,000.

The potato law, which became effective December 1, provides for a tax of 1/4 of a cent per pound on all potatoes harvested after that date and sold in excess of a national tax exempt allotment.

BUS DRIVER ACTS IN ROLE OF HERO

SAN FRANCISCO, Dec. 7.—(UPI)—Coolness of a driver prevented a panic today when a Pacific Greyhound bus, bound for the Bay Meadows race track, caught fire on Bayshore highway. Twenty-two passengers escaped uninjured.

A short circuit under the hood caused the gasoline tank to ignite and explode, passengers said. As smoke and flames poured from the engine, the driver, Elmo Novelli, 26, Santa Rosa, swung the vehicle off the road and calmly directed the passengers to safety.

The Newport News Shipbuilding and Drydock company of Newport News, Va., submitted what company officials said was the best of four bids. It offered to build and partially decorate a substantial duplicate of the liner Washington for \$11,600,000.

He contended the bidding apparently was in line with evidence previously developed by the committee of collusion among major shipbuilding companies.

The Newport News Shipbuilding and Drydock company of Newport News, Va., submitted what company officials said was the best of four bids. It offered to build and partially decorate a substantial duplicate of the liner Washington for \$11,600,000.

HAUPTMANN GIVEN SLIM CHANCE TO GET DEATH DELAY

WASHINGTON, Dec. 7.—(AP)—

Competent supreme court observers tonight gave Richard Bruno Hauptmann but one chance in five, at best, of gaining any delay from the high court in his fight against a sentence of death for the kidnaping and murder of Charles A. Lindbergh, Jr.

Estimates of Hauptmann's chances for a supreme court delay ranged from one out of five to one in one hundred.

The estimates were based on observation of previous supreme court rulings in similar criminal case pleas. Except in most extraordinary circumstances the high court has not, in the past, intervened.

In addition to acting on Hauptmann's plea, the court is expected to: 1. Decide the right of the federal government to punish in the federal courts persons who steal cotton from banded warehouses under the cotton warehouse licensing act.

2. Decide the right of building and loan associations with state charters to transfer to a federal charter without state consent.

Both of these issues, involving a conflict of federal and state powers, may prove of great significance as far as the New Deal is concerned.

Immediately after reading opinions the court will hear argument on the validity of the AAA.

CLAIM COLLUSION ON LINER BIDS

WASHINGTON, Dec. 7.—(AP)—A suggestion the senate munitions committee might scrutinize bids for a new liner, opened in New York today by the United States Lines, was made tonight by Senator Bone (D., Wash.).

He contended the bidding apparently was in line with evidence previously developed by the committee of collusion among major shipbuilding companies.

The Newport News Shipbuilding and Drydock company of Newport News, Va., submitted what company officials said was the best of four bids. It offered to build and partially decorate a substantial duplicate of the liner Washington for \$11,600,000.

PAPA OF QUINTS FILES OBJECTION TO MOVIE SCENES

CALLANDER, Ont., Dec. 7.—(AP)—

The Dionne quintuplets overnight today and kept a movie company waiting half an hour to proceed with the filming of the picture, "The Country Doctor."

After the belated start, the five little girls were photographed for seven minutes, in a sequence in which Jean Herzholt, veteran Hollywood actor, pumped with the children in the hospital nursery.

The quintuplets needed no coaxing to play. They scrambled over Herzholt gleefully, pulling at his clothes. It is expected all the Callander scenes will be finished by Wednesday.

The parents of the quintuplets, Mr. and Mrs. Oliva Dionne, protested today against the use of photographic lights in the making of moving pictures and still pictures of their quintuplet daughters.

WHEATMEN FAVOR SALES TAX PLAN

PENDLETON, Ore., Dec. 7.—(AP)—

The proposed sales tax to finance old-age pensions in Oregon had the approval today of the eastern Oregon wheat league, in season here.

The 200 wheatmen also endorsed a program of adjusting agricultural production to demand, and favored a move to ask the legislative interim committee to revamp Oregon's "hodge-podge" of property assessment and collection laws.

Mac Hoke of Pendleton, league president, opened the two-day convention yesterday by telling delegates that conditions were improved throughout the Oregon grain districts. He contended such betterment was proof that the agricultural adjustment act helped the wheat man.

Russia Not Warlike EUGENE, Ore., Dec. 7.—(AP)—
